Attn: Mr. George E. Tucker

Dear Mr. Tucker:

In making a re-check of the proof submitted for completion of works under Permit No. 20270, we find that the proof was made on Form 6 which is only applicable to small amounts which do not require publication.

This permit is for 10 second feet of water from Black Springs and the proof should be made by the holder and two witnesses on Forms 15 and 14 enclosed herewith.

Since the published notice stated that both these proofs would be made on the 5th of May and Form 6 was executed on that date, we are also returning Form 6 which may be of help to you in completing these proofs.
