NOTICE FOR PUBLICATION.

Notice is hereby given that on the 27th day of June 1905, at St. Anthony, County of Fremont, State of Idaho, proof will be submitted of the completion of works for the diversion of 4 4-5 cubic feet per second of the waters of a lake in accordance with the terms and conditions of a certain permit heretofore issued by the State Engineer of the State of Idaho:

1. The names of the persons holding said permit are Hans C. Bonneru, Barnard Andrasen and Jerry S. Green.

2. The post office address of such persons is Vernon, County of Fremont, State of Idaho.

3. The number of such permit is 689, and the date set for the completion of such work is June 27th, 1905.

4. Said water is to be used for irrigation purposes.

5. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conducting to the place of intended use, in accordance with the plans accompanying the application for such permit, is 4 4-5 cubic feet per second.

6. The amount of lands for which said water is available is 240 acres, particularly described as follows: Lots 3, 4, and 5, of Sec. 28, and part of NW $\frac{1}{4}$ of NE $\frac{1}{4}$ of Sec. 33, E $\frac{1}{2}$ of SW $\frac{1}{4}$ of Sec. 33, Tp. 9 N., R. 42, E., B. M., and lots 3 and 4 of Sec. 4, Tp. 8 N., R. 42 E., B. M.

Water License No. 689-21-2004 Priority April 21, 1906 Amount 2.62 c.f.s.
(late proof)

THIS IS TO CERTIFY, that Hans C. Bonneru, Barnard Andrasen, Jerry S. Green
of Vernon, Idaho, made application for a permit to appropriate the public waters of
the State of Idaho, dated June 23, 1904; that Permit 689/21-2004 was issued pursuant
to said application; that the proposed works were completed on or about 1905,
with a storage/or carrying capacity of 2.62 c.f.s., said works consisting of
pump and ditches; and that on April 25, 1908,
proof was made to the satisfaction of the State Reclamation Engineer, of the beneficial use of 393
acre feet per season, with a maximum rate of diversion of 2.62 cubic feet per second of the waters
of a lake, tributary of _____,
for the purpose of irrigation from April 1 to October 31;
and for _____ from _____ to _____; and for
_____ from _____ to _____; and that the use
of said waters has been made in accordance with the laws of Idaho, and is hereby confirmed by the State Recla-
mation Engineer and entered in the records of the Idaho Department of Reclamation: the point of diversion is
located in NE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 27, T. 9 N., R. 42 E., B.M., and
other additional points _____, in the County of
Fremont; and that the amount of water to which such right is
entitled and which is hereby confirmed, for the purposes aforesaid, is limited to an amount actually beneficially
used for said purposes and shall not exceed 393 acre feet per year.

Description and location of place of use:

Mr. James R. Nedrow
Ashton, Idaho

Dear Mr. Nedrow:

The Department of Reclamation has recently conducted a field examination of the property and works covered by the above referenced permit. We have found that your property is the only land presently irrigated by the unnamed lake that is the source of water for Permit No. 689-21-2004.

We are enclosing a copy of a letter to the permit holders of record informing them that in order to receive the final right to 2.62 c.f.s. or 393 acre feet per season of water from an unnamed lake, fees of \$15.00 must be paid.

If you are interested in perfecting this water right, you may remit fees of \$15.00. Then the water right will be vested in the land you now own and land presently owned by John Davidson of Ashton, Idaho.

If you have any questions, please contact us.

Very truly yours,

Dean R. Reynolds
Field Examiner

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO
REPORT OF EXAMINER

Permit No. 689/21-2004

This proof is for Completion of Works and Beneficial Use In Water District No.

1. Name of applicant. Hans C. Bonneru, Barnard Andrasen, Jerry S. Green, Vernon, Idaho

2. Source of water supply: a lake

3. Location of point of diversion: Is in the NE¹/₄SE¹/₄ of Section 27

T. 9 N R. 42 E County of Fremont

4. Describe works as they exist, giving dimensions and capacities of same: Water flows from Lake in natural drain. Old headgate in evidence but No longer in ditch. Water taken from drain into private ditch. Then emptied into farmers own Canal and taken to NW¹/₄NE¹/₄-33, -9N-42E. The other Land is irrigated by pumping water from lake outlet in the NE¹/₄SW¹/₄-33, -9N-42E.

5. Water is used for: Irrigation and domestic (NO DOMESTIC)

6. State whether or not water has been turned into works of diversion: YES

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

Lots 3, 4, and 5, Sec. 28, part of NW¹/₄NE¹/₄, Sec. 33, E¹/₂SW¹/₄, Sec. 33,

T. 9 N, R. 42 E, B.M., Lots 3 and 4 Sec. 4, T. 8 N, R. 42 E, B.M.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? Snake River

Remarks: Lots 3, 4 & 5 - 28, -9N-42E Owned by John Davidson but Not irrigated from this Source. Balance of Property Now owned by Mr. James R. Nedrow, Ashton, Idaho

This examination was made on the 26th day of September, 1968

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

Re report & map
Permit 689.

Louis J. Maurer,
Ashton, Idaho.

Sir:

Your report on proof of beneficial use under above permit duly received. In regard to the map would say that we have your map for proof of completion of works but not for proof of beneficial use of water. Kindly furnish us a map under this final proof. I enclose you herewith plat. I also return you the report in case you desire to use it in making the map.

Very truly yours,

State Engineer.

Boise, Idaho, May 13, 1908

~~Louis J. Maurer, Surveyor~~~~Chester, Idaho~~

DEAR SIR:

The holder of Permit No. ~~689~~, ~~Barnard Andrasen, et al~~, residing at ~~Ashton, Idaho~~, which permit authorizes the diversion of ~~4.8~~ second-feet of the waters of ~~Lake~~ at _____, desire to make proof of the completion of works of diversion, at _____, on ~~April 25, 1908~~.

Will you therefore please arrange with the holder of said permit for an examination of the works of diversion, ascertain whether or not they comply fully with the terms of said permit, and render me a report on the condition of such works before the date fixed for said proof of completion, in accordance with the provisions of Sections 4 and 5 of House Bill No. 146, passed by the Seventh Session of the Legislature, approved March 11, 1903.

Your report should be of sufficient detail to enable me to determine the amount of water the works are capable of diverting and conveying to the place of use; giving also the description of the location of point of diversion, and, in case of irrigation, the legal description of the land to be irrigated.

Will you also make a map on the enclosed plat, giving all the essential features of the works, such as point of diversion, route of ditch, place of use, etc. ~~also give the number of acres in each footy to which water has been beneficially applied.~~
 You should also arrange with the holder of said permit for the payment of your fee for this service and such proper expenses as you will incur in making this examination and report.

Please advise me promptly of your receipt of this communication, and whether or not you will be able to make the examination and report requested.

Yours, truly,

Blanks were mailed you April 13, 1908,
 but have probably been lost in the mails.

Permit No. 689

Proof of Application of Water to Beneficial Use.

DEPOSITION OF HOLDER.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Barnard Andersen, 36 years,
3 miles West of Ashton - Farmer - Ashton Idaho

Ques. 2. If acting in behalf of a corporation, state its name, principal place of business (if a foreign corporation, give name and postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Acting for Hans Q Bonnem Jerry S. Green
and myself

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. No. 689 - Feb. 14 - 1906 Priority April 21 - 1906

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. A lake in the County of Fremont Idaho Diversion at a
point in NE 1/4 Sec 27 - T9N. R42E B1M

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Head Gate 3 ft wide x 3 ft high Ditch 6 ft wide x 12 in deep Carry
1 1/2 second feet - No special name given to Ditch - sometimes
referred to as the "Green & Bonnem Ditch"

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have ACTUALLY been irrigated with said water.)

Ans. Irrigation. Used on lots 3^{1/2} - 4^{1/2} - 5^{1/2} Sec 28
67 PM⁴ = 40 acres Sec 33, T9N R42E B1M
Sec 4 - T8N R42E B1M. total 119 acres

Ques. 7. If for other than irrigation purposes, state how applied, amount of horse power generated, etc.

Ans. _____

Ques. 8. What is the minimum amount of water required for the use specified above?

Ans. 1 1/2 second feet

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. _____

Permit No. 689

Proof of Application of Water to
Beneficial Use.

7. ~~x~~ 8. The date of the priority which said user is prepared to establish is--~~April 21, 1906.~~-----

689

Jas. Stephenson, Jr.
State Engineer

Sent to Holmby

Boise, March 18, 1908.

Permit 689.

Mr. F. X. Dolenty,
Ashton, Idaho.

Sir:

I enclose you herewith deposition blanks and instructions to be used at the time of making proof. You will note that I have set the date for making proof on April 25, 1908. This will allow ample time for the notice of proof to be published the required four weeks before proof is made.

As this proof was not made on or before the date set in the permit, June 27, 1906, the date of priority will be brought down a length of time equal to the ~~difference~~ of time between the date when proof should have been made and the date when proof is actually made. This would bring the date of priority down to April 21, 1906.

The notice for publication will be sent immediately to the Ashton Enterprise and if you send us the name of some one whom you desire to examine the works we will authorize him to do so.

Hopin this will be satisfactory to you, I am

Very truly yours,

State Engineer.

JAS. STEPHENSON, JR.,
ENGINEER

INSTRUCTIONS.

Proof of Beneficial Use.

Boise, Idaho, March 18, 1908

Hans C. Bonneru, Barnard Andrasen,
Jerry S. Green, Vernon, Idaho

Dear Sirs:

I enclose herewith the following forms to be used in connection with proof of application of water to beneficial use under your permit No. 689.

Deposition of Permit Holder,

Depositions of Two Witnesses.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of your rights:

1. On April 23, 1908, the date set for the proof of application of water to beneficial use, the enclosed deposition forms (one for permit holder and two each for two witnesses) should be filled out and sworn to, at Ashton, Idaho, before F. E. Dolenty, N.P.

2. To complete the proof, it is also necessary that an examination be made of the works as constructed, which examination must be under the authority of the State Engineer. It is the desire to make this expense as light as possible to the permit holder. Will you therefore give me the name of a competent engineer, or surveyor, in your neighborhood who could do this work with as little expense as possible to you. Upon receipt of name of such engineer or surveyor I will authorize him to do the work. The examination should be made on or before the date set for the proof.

3. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice and fee of \$2.00 for each 40-acre tract, or fraction, to which water has been applied. When these have been received, together with report of examining engineer, if everything is properly executed, License will issue.

Yours truly,

JAS. STEPHENSON, Jr.,

State Engineer.

PERMIT No. 689

Notice of Proof of Application of Water to Beneficial Use.

(This blank must be filled out by holder of permit and forwarded to the State Engineer at least 60 days before the time set for application of water.)

(Date) March 16-1908

To the State Engineer of the State of Idaho, Boise, Idaho:

Dear Sir—Notice is hereby given that at 2 P. M. on the 23rd day of April 1908, at Ashton County of Fremont State of Idaho,

before F. X. DOLENTY, Notary Public proof will be submitted of the application to beneficial use

of 4 4/5 cubic feet per second of the waters of a lake in NE 1/4 of

S. E. 1/4 Sec. 27-2p 9 N. R. 42 E. B. M. in accordance with the terms and conditions of Permit No. 689

heretofore issued by the State Engineer of the State of Idaho.

1. The name and post-office address of the person or corporation holding said permit are

Heane C. Bonnum, Barnard Andrasen, Jerry S. Green
Vernon, Fremont Co

2. The use to which said water has been applied is irrigation and domestic

purposes

3. The amount applied to beneficial use is 4 4/5 second feet of water

4. The place where said water is used is (if for irrigation, give full and accurate description of the lands irrigated) Lots 3-4 & 5- Sec 28. part of NW 1/4 NE 1/4 Sec. 33- E 1/2 NW 1/4

Sec 33 2p 9 N. R. 42 E. B. M., Lots 3 & 4 Sec 4-2p 8 N. R. 42 E. B. M.

5. The name of the canal or ditch or other works by which said water is conducted to such place of use is No special name

6. The right to take the water from such works is based upon Permit No. 689

7. The source of supply from which such water is diverted is a lake in Sec 27-2p 9 N. R. 42 E. B. M.

8. The date of the priority which said user is prepared to establish is June 23-1904

I desire that the above notice be published, according to law, in the

Ashton Enterprise of Ashton, Idaho, published in the county in which said water is to be used;

the expense of which publication will be borne by me.

Ashton State Bank, Ltd.

Ashton, Idaho, March 16, 1908.

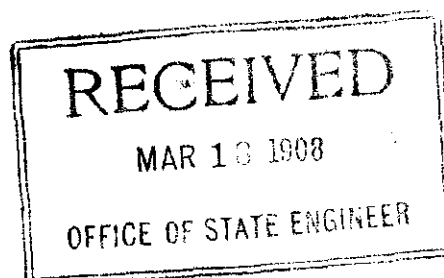

James Stephenson, Jr.,
State Engineer, Boise, Idaho.

Dear sir,---

I enclose herewith "Notice of Proof of Application of Water to Beneficial Use" in permit No. 682, Barnard Andrasen et alia. With it you will find some other papers and correspondence on the same subject. Be good enough to return to me all papers not required, also the notice for publication in "Ashton Enterprise," obliging,

Respectfully yours,

Cashier.

Boise, Idaho, April 21, 1906.

Permit No. 689

Mr. Louis J. Maurer,
Chester, Idaho.

Dear sir:-

I return herewith blank notice of proof of application of water to beneficial use under permit No. 689. It is true that proof of completion of works has been submitted and certificate issued, but this is not the end. The law requires that another proof be submitted before License is granted for the perpetual use of the water. This last proof is proof of application of water to beneficial use, at which time the permit holder is required to show that he is using the water for a beneficial purpose, and License is granted for an amount of water not to exceed that which is being put to a beneficial use. In case of irrigation the License is based upon not to exceed one inch per acre for the land that has been placed under cultivation.

Yours truly,

State Engineer.

INSTRUCTIONS.

PROOF OF COMPLETION OF WORKS.

Hans C. Bonarow et al.
Vernon Idaho

13 case Idaho April 2, 1906

DEAR SIR:

I enclose herewith the following forms to be used in connection with Proof of Completion of Works under your Permit No. 689

NOTICE OF PROOF OF COMPLETION OF WORKS.

DEPOSITION OF PERMIT HOLDER.

DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out; since failure to do so may result in the loss of your rights.

1. Fill out the Notice of Proof of Completion of Works and mail to the State Engineer's office at least sixty days before the date upon which you wish to submit proof, which proof must be on or before _____ Upon receipt of this form, notice for publication will be sent to the paper direct from this office.

2. On _____, the date set for the proof of completion of works, the enclosed deposition forms (one for permit holder and one each for two witnesses) should be filled out and sworn to, at _____, before someone authorized to administer oaths. (The proof may be at a place most convenient to permit holder and witnesses.)

3. To complete the proof, it is also necessary that an examination be made of the works as constructed, which examination must be under the authority of the State Engineer. It is the desire to make this expense as light as possible to the permit holder. Will you therefore give me the name of a competent engineer, or surveyor, in your neighborhood who could do this work with as little expense as possible to you. Upon receipt of such a name I will authorize him to do the work. The examination should be made on or before the date set for the proof.

4. When the depositions have been taken, they should be mailed to this office, together with affidavit of publication of notice and fee of \$ _____. When these have been received, together with report of examining engineer, if everything is properly executed, Certificate of Completion of Works will issue.

Yours truly,

JAS. STEPHENSON, JR.,

State Engineer.

Boise, Idaho, February 14, 1906.

Permit No. 689.

Mr. Hans C. Bonneru,

Vernon, Fremont County, Idaho.

Dear Sir:-

I enclose herewith certificate of completion of works
issued under your permit No. 689.

Yours truly,

State Engineer.

Permit No. 689

Certificate of Completion of Works.

To All Whom It May Concern:

This is to certify that Hans. O. Bonnerus, Barnard andersen, Jerry S. Green
 of Vernon, County of Fremont, and State of Idaho,
 the holder of Permit No. 689, issued upon Application
 No. 987, bearing date of priority of June 23, 1904, authorizing the diversion of
four and four-fifths second-feet of the waters of a lake
 County of Fremont, State of Idaho, at a point on NE 1/4 of Sec 28
1/4 of Sec 27 Twp 9 N R 42 E B 2m, for Irrigation and Domestic

purposes, has fully complied with the provisions of the laws of the State of Idaho relating to the proof
 of completion of the works of diversion set out and described in said Permit; that said works are adequate
 for diverting and conveying to the place of intended use 4 1/2

second-feet of water; and that the lands proposed to be irrigated by the use of said water are described as fol-

lows, to-wit: Lots 3, 4 and 5 of Sec 28 and part of NW 1/4 NE 1/4
of Sec 33, the E 1/2 SW 1/4 of Sec 33 Twp 9 N R 42 E and Lots 3 and 4
of Sec 4 Twp 8 N R 42 E B 2m

Witness my hand this 12 day of February A. D. 1906

Dear Sir:-

I return herewith map which you sent me in the matter of examination of works constructed under permit No. 689, Hans C. Bonneru, H. Bonneru, and J. S. Green. On account of some of the papers not being received the enclosed map was not critically examined until this time, and I find that the land as shown on the map does not agree with the description given in the permit. I have written on the map the description of the land as given in the permit. I wish you would kindly straighten this matter out and advise me which is correct. This report was received from you on August 28th last.

689

Boise, Idaho, July 24, 1905

~~Mr. J. J. Maurer~~

~~Vernon, Fremont County, Idaho~~

Dear Sir:—

The holder of Permit No. 689, Hans C. Bonneru, residing at
Vernon, which permit authorizes the diversion of
second-feet of the waters of a lake at
desire to make proof of the completion of works of di-
version, at _____, on _____

Will you therefore please arrange with the holder of said permit for an examination of the works of diversion, ascertain whether or not they comply fully with the terms of said permit, and render me a report on the condition of such works before the date fixed for said proof of completion, in accordance with the provisions of Sections 4 and 5 of House Bill No. 146, passed by the Seventh Session of the Legislature, approved March 11, 1903.

You should also arrange with the holder of said permit for the payment of your fee for this service and such proper expenses as you will incur in making this examination and report.

Please advise me promptly of your receipt of this communication, and whether or not you will be able to make the examination and report requested. Yours truly,

State Engineer.

P. S. This proof is also past due. The instructions in regard to permit #685 will apply in this case.

Permit No. 689.

Boise, Idaho, July 14, 1905.

Mr. Hans C. Bonneru,
Vernon, Idaho.

Dear Sir:

I find that it will be impossible for Commissioner Turner to make the examination of works under your permit No. 689. This examination should have been made on or before June 27, 1905 and the matter should be attended to as soon as possible. In order to make the expense as light as possible for you, would suggest that you give me the name of a competent surveyor in your neighborhood who could make the examination and report to the office of State Engineer. On receipt of such name, will authorize him to do the work.

Yours truly,

State Engineer.

The deposition of two witnesses, in this form, taken separately, requires two cases.

PERMIT NO. 689

Proof of Completion of Works

DEPOSITION OF HOLDER

Received and filed June 29, 1905

Boise, Idaho, May 23, 1905.

Mr. Hans C. Bonneru,

Vernon, Fremont County, Idaho.

Dear Sir:-

I enclose herewith deposition blanks (one for yourself or one of the other holders of permit, and one each for two witnesses) to be used in connection with proof of completion of works under your permit #689.

These blanks should be filled out and sworn to before someone authorized to administer oaths, at St. Anthony on June 27th, the place and date set for the proof. When this has been done kindly forward the depositions to this office, together with affidavit of publication of notice which you will procure from the Teton Peak Chronicle, and fee of \$5.00.

Yours truly,

State Engineer.

Boise, Idaho, May 9, 1905.

Mr. Hans C. Bonnera,

Vernon, Fremont County, Idaho.

Dear Sir:-

I am today mailing the Teton Peak Chronicle of St. Anthony, notice for publication in the matter of proof of completion of works under your permit #689. I will mail you deposition blanks in a few days to be used in connection with this proof.

I am also advising Commissioner Turner of your division to make the examination of your works and report to this office.

Yours truly,

State Engineer.

Boise, Idaho. May 9, 1905.

The Teton Peak Chronicle

St. Anthony, Idaho.

Dear Sirs:—

Enclosed find Notice of Publication of Proof of Completion of Works under Permit No. 689 which please publish once a week for four consecutive weeks in your paper, in accordance with provisions of Section 4, House Bill No. 146, laws of the Seventh Session of the Legislature. The expense of this publication will be paid by permit holders named in notice, to whom you will please furnish proof of publication of this notice on or before June 27, 1905.

Please promptly acknowledge receipt of this notice, and kindly mail me your first issue containing its publication that I may compare it with my records. Yours truly,

Geo. Stephenson Jr.
State Engineer. *Ch.*

(Place) St. Anthony, Idaho

(Date) May 11, 05.

State Engineer,

Boise, Idaho.

Dear Sir:—

I have your letter of May 9, 1905, enclosing Notice of Completion of Works under Permit No. 689, which will be published as you request, beginning with our issue of today

The Teton Peak Chronicle.

Boise, Idaho, May 9, 1905.

Mr. E J. Turner,

Coe, Idaho.

Dear Sir:-

I enclose herewith copy of notice of publication in the matter of proof of completion of works under permit #689, Hans C. Bonneru, Barnard Andrasen, and Jerry S. Green. I will mail the applicants the deposition blanks to be used in connection with this proof.

I trust you will be able to make the examination of the works and report to this office.

Yours truly,

State Engineer.

Correct

Notice of Proof of Completion of Works.

(This blank must be filled out by holder of permit and forwarded by registered mail to the State Engineer at least 60 days before the time set for completion of works.)

(P. O.)

Vernon

(Date)

April 18

1905

To the State Engineer of the State of Idaho, Boise, Idaho.

Dear Sir:

Notice is hereby given that on the 27 day of June 1905, at St Anthony, County of Fremont, State of Idaho, proof will be submitted of the completion of works for the diversion of 4 4/5 cubic feet per second of the waters of Lake, in accordance with the terms and conditions of a certain permit heretofore issued by the State Engineer of the State of Idaho:

1. The name of the person or corporation holding said permit is Hans C. Bonness, Barnard Andersen, and Jerry S. Green
2. The post office address of such person or the place of business of such corporation is Vernon, County of Fremont State of Idaho.
3. The number of such permit is 689, and the date set for the completion of such work is June 27, 1905
4. Said water is to be used for Irrigation purposes.
5. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conducting to the place of intended use, in accordance with the plans accompanying the application for such permit, is 4 4/5 cubic feet per second.
6. The amount of lands for which said water is available is 240 acres, particularly described as follows:
Lots 3, 4 & 5 of Sec. 28 and part of N.W. 1/4 of N.E. 1/4 of Sec. 33, E 1/2 of S.W. 1/4 of Sec. 33, Twp. 9 N., R. 42 E. and the lots 3 & 4 of Sec. 4 Twp. 8 N., R. 42 E. B.M.

(In case of all canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well known and competent engineer.)

I hereby certify that the facts set forth in the above notice are true.

Louis J. Mauer
Engineer.

We desire that the above notice be published, according to law, in the The Idaho State Chronicle of St Anthony, published in the county in which said works are situated; the expense of which publication will be borne by us

(Signature)

Hans C. Bonness,
Barnard Andersen
Jerry S. Green

House Bill No. 146, Seventh Session of the Legislature.

Sec. 4. On or before the date set for the completion of works for the diversion and application of water under any permit the holder of such permit, or his assign shall be prepared to submit proof of the completion of such works to the State Engineer.

Such holder of such permit shall first notify the State Engineer that he is prepared to submit such proof of completion of such works. Such notice to the State Engineer shall be given by registered mail and at least sixty days before the date set for the completion of such works, and shall be on a form furnished by such Engineer, and shall state (1) the name of the person or corporation holding the permit under which such works are constructed, (2) the postoffice address of such person or the place of business of such corporation, (3) the number of such permit, and the date set for the completion of such works under the same, (4) the use for which said water is intended, (5) whether or not such works will be fully completed on the date set for such completion, and the amount of water which such works are capable of conducting to the place of intended use in accordance with the plans of the same accompanying the application for such permit, (6) if for irrigation, the amount of, and the description of the lands for which said water is available according to such plans. In case of all canals or other works designed to divert and carry more than 50 cubic feet per second of water, the facts set forth in such notice to the State Engineer shall be certified to by a well known and competent irrigation engineer.

Upon receipt of such notice by the State Engineer, such engineer shall immediately order its publication for a period of four weeks in some newspaper designated by the person sending such notice and published in the county in which such works are situated. Such published notice shall also state the date when such proof of completion shall be submitted to such engineer, and the place where the same shall be submitted and such publication shall be at the expense of the person making such proof.

Such person or persons establishing such proof of completion may offer the affidavits of competent engineers in relation to the grades, dimensions and capacity of such works, and the amount and location of land to which water can be delivered for irrigation. And the State Engineer may, in the case of canals designed to divert fifty cubic feet per second or more, demand that profiles and cross-sections showing the grade of and the finished condition of such works to be filed with him in support of the claims which may be made in relation to the finished condition of such works by the person or persons holding such permit. And in the case of works capable of diverting, on the date set for such completion, the full amount of water for which such works were intended, such State Engineer shall have authority to order the water turned into such works for the purpose of measuring the same.
