Department of the Interior

TO: Bob Fleenor

FROM: Ron Carlson

DATE: April 14, 1975

RE: Siddoway Application for Transfer and Application for Exchange

James Siddoway filed these applications January 30, 1975. When he first came into the office, he had blank transfer forms signed by R. R. Siddoway, President of Siddoway Sheep Co., Inc. We helped Mr. Siddoway complete the forms, but from the information he gave the correct ownership of this right appeared to be in question. Mr. Siddoway agreed to submit proof of ownership, but failed to do so within a reasonable time. On March 12, 1975, we sent him a letter again requesting this information.

We also contacted Fremont-Madison Irrigation District and they told us that the Siddoway Canal Co. had been dissolved and the rights were to be sold to the highest bidder and James Siddoway has no authority to initiate the transfer.

I recommend that, since Mr. Siddoway has not provided any of the requested information and in view of the comments made by Fremont-Madison Irrigation District, we proceed to void our records of these application. I do not recommend that the Department refund the filing fee.
