RE Changing South Elmore Irrigation Company Place of Use Boundary

Dear Ms. Bridge Clark

Mr. Sid Wing is entitled to the irrigation of 1064 acres from water supplied by South Elmore Irrigation Company (SEIC) as evidence by the SEIC shares he holds. Mr. Wing has used the water on lands he owns under the water right held by SEIC.

The SEIC has as recently as 1996 met the definition of §42-219(6), Idaho Code, for an irrigation project and now seeks to have the lands irrigated under the SEIC described with a general description as provided in that section. At the same time, SEIC seeks to change its generally described place of use to include lands owned and irrigated by Mr. Wing under SEIC's water right(s). SEIC represents that this change will not:

- Increase the diversion rate under any of its water rights.
- Increase the number of irrigated acres.
- Cause injury to other water users.

Attached is a map showing the historical location of the lands irrigated under the SEIC water right and a boundary delineating the generally described place of use. We are seeking to have the map recognized as the general description of the SEIC place of use as provided in §42-219(7), Idaho Code.

Please call Steven Hannula at 373-7983 if you have any questions regarding this application.

Regards.
