To Whom it may concern:

We currently own a water Right (57-7100) out of Shoofly Creek that we are in the process of transferring this portion of the right to this location. The reason for this is we are installing a pivot irrigation system and would like to make it work in a full circle.

The Transfer process will take longer then when I would like to start irrigating this property, therefore we would like to rent water if possible.

Please contact me if you have any questions concerning this request.

Sincerely

Ted Cantrell

Call PH 599-0838

Cynthia - As we discussed we can rent the portion of water right 57-7200 to the bank if needed.

Yes
