RE: OWNERSHIP CHANGE-51-2217A

Dean Isaac called our office last week regarding any potential domestic water rights that he may have. After some research and with information he provided, I found that 51-2217A should be listed in his name.

It appears that when the ownership change was submitted for Cecil Meyers, who was purchasing from Farm Credit Bank, 51-2217A was listed on the form and was described in the legal description, but was inadvertently not changed. Therefore, this number was not listed on Dean Isaac's ownership change request, but is covered in the legal description.

I am providing copies of both deeds along with a new ownership change request signed by Dean Isaac to cover 51-2217A. No fee should be applicable, as this ownership change would have been done before fees were required.

Also, please note that Dean Isaac is providing his new address for our records.
