RE: APPLICATION FOR TRANSFER 69274 filed in the name of Gary Blick Family Limited Partnership

Dear Mr. Abshire:

Your protest against the approval of the above referenced application has been and a copy has been sent to the applicant with the suggestion that he contact you directly to determine the exact nature of the protest and, if possible, to resolve the matter without action by the Department. In our experience, informal discussion between the parties prior to initiation of formal proceedings often leads to resolution of the protest.

Please note that the application is considered a contested case and subject to the Rules of Procedure adopted by the Department.

If you need a copy of these rules, please contact this office. The Rules of Procedure are also available on the Internet by using the IDWR Homepage at the following electronic address:

<http://www.idwr.state.id.us/apa/idapa37/0101.htm>

The attachment to this letter describes the issues which the Department must consider in taking action on an application. It also gives a brief description of the conference and hearing procedure followed by the Department in resolving protested applications.

If the protest cannot be resolved informally, the matter will be scheduled for conference and/or hearing. The following are criteria the Department must consider in either approving or denying the application (Section 42-222, Idaho Code).

1. Will other water rights be injured by the proposed transfer?
2. Will the proposed change constitute an enlargement in the use of the original Right(s)?
3. Will the proposed change conflict with the local public interest?
4. Will the proposed change be contrary to the conservation of water resources within the State of Idaho?

If you have any questions or if this office can be of further assistance, please feel free to contact us.

Very truly yours,

Allen D. Merritt, P.E.

RE: APPLICATION FOR TRANSFER 69274 filed in the name of Gary Blick Family Limited Partnership

Dear Dr. Overturf:

Your protest against the approval of the above referenced application has been and a copy has been sent to the applicant with the suggestion that he contact you directly to determine the exact nature of the protest and, if possible, to resolve the matter without action by the Department. In our experience, informal discussion between the parties prior to initiation of formal proceedings often leads to resolution of the protest.

Please note that the application is considered a contested case and subject to the Rules of Procedure adopted by the Department.

If you need a copy of these rules, please contact this office. The Rules of Procedure are also available on the Internet by using the IDWR Homepage at the following electronic address:

<http://www.idwr.state.id.us/apa/idapa37/0101.htm>

The attachment to this letter describes the issues which the Department must consider in taking action on an application. It also gives a brief description of the conference and hearing procedure followed by the Department in resolving protested applications.

If the protest cannot be resolved informally, the matter will be scheduled for conference and/or hearing. The following are criteria the Department must consider in either approving or denying the application (Section 42-222, Idaho Code).

1. Will other water rights be injured by the proposed transfer?
2. Will the proposed change constitute an enlargement in the use of the original Right(s)?
3. Will the proposed change conflict with the local public interest?
4. Will the proposed change be contrary to the conservation of water resources within the State of Idaho?

If you have any questions or if this office can be of further assistance, please feel free to contact us.

Very truly yours,

Allen D. Merritt, P.E.
