RE: App For Transfer 71089

Dear Peter,

I have started reviewing your transfer, and have found a couple of issues that need to be addressed. The real estate purchase agreement that you provided is not sufficient for us to change the ownership of the Hutchison water rights. A warranty deed, title policy or other document is needed, as the purchase agreement has no notarized signatures and no registration with the county court.

Since the transfer does not cover the Raft River rights on the Hutchison property, I have prepared a Change of Water Right Ownership form for these rights. The cost to change ownership on the 12 rights is \$300. The same warranty deed or other document required for the transfer is needed for this form also.

Please submit the required proof of ownership by August 9 so that processing of your transfer can continue. More time can be granted upon receipt of a written request with sufficient justification. After that time, if adequate information is not received, the Department will issue a preliminary order to reject or deny the application.

Regards,

James E. Stanton
Sr. Water Resource Agent
