

MEMORANDUM

Date: June 29, 2004
To: Transfer 71318
From: dcarlson
Re: transfer evaluation

This transfer proposes to drill a new well for irrigation of the POU . The old well went dry as far as irrigation use, but will be used for stockwater uses. The new well will be moved to a different QQ. A neighbors irrigation well, that was drilled later than this, is interfering with this well.

Authority to File:

Applicant provided deeds for the change of ownership in 1/12/2004.
The ownership change was processed and the info is in the vault in Boise.

Water Right Validity:

This water right was decree in the SRBA in 2002. Forfeiture is not an issue.

Injury to Other Water Rights:

Inside the ESPA area and in North Groundwater measurement district.
No cell change for the well, within the POU.
Transfer will be advertised to determine any protests.

Enlargement of Use:

There is no evidence of enlargement of use.

Local Public Interest:

No issues identified.

Beneficial Use / Conservation of Water Resources:

No issue identified.

Review of the application finds there is not clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.
