Dear Sir or Madam:

We were notified recently that you now own the property listed below. However, according to the Idaho Department of Water Resources (IDWR) database the water right is still in the name of the previous owner.

All claimants and owners of water rights are required to notify the IDWR of any change in ownership of all or part of a water right. The Bingham Ground Water District performs the annual assessment billing and water use measurement only; we cannot file a change of ownership with the IDWR. For your convenience we have included the IDWR form and instructions for filing a change in water right ownership with this letter. Please visit the IDWR web site at <http://www.idwr.state.id.us/> for additional water right information. Ownership listings and all water rights currently on file with the IDWR may be found by clicking on the link "Adjudication and Water Rights Search (text-based)".

Please contact Lewis Rounds, (208) 525-7161, at the IDWR office in Idaho Falls if you have any questions about your water rights or need assistance with filling out the ownership change form.

Thank you for your assistance in updating these records.

Regards,
Bingham Ground Water District
