Kari Lynn:

The U.S. Forest Service is very anxious to get started on some it's ditch work. They have asked me if we could go ahead and complete the change of ownership paperwork for the water rights that The Nature Conservancy can clearly show ownership of. Those rights are numbers 32-2066, 32-10146, 32-2113B, 32-10119A, and 32-10120.

The remaining two rights, 32-11240 and 32-11127, are on ground that The Nature Conservancy holds active grazing leases over. Attached is a copy of The Nature Conservancy's grazing lease with the State of Idaho. This lease covers all of the land in ~~BLM~~. I am trying to find a copy of the BLM lease that shows the legal description of the ground we lease. Once I track that document down, I will forward it right over to you.

For now, please process the change of ownership for the rights that you can, and I will continue to look for the documentation that shows a legal descriptions for the remaining two. Call if you have any questions. Thank you!
