

# MEMORANDUM

**Date:** June 22, 2004  
**To:** Transfer 70998  
**From:** kwilson  
**Re:** Evaluation

---

This transfer proposes to add an existing well in the NWSWSW Sec 4, T04N, R26E, as a point of diversion for easier distribution of decreed water right 34-2412C. Only 1.04 cfs of 34-2412C will be diverted from the existing well in the NWSWSW Sec4. Water Right 34-7184 for 0.56 cfs is also diverted from the well in NWSWSW Sec 4, T04N, R26E.

**Authority to File:**

Place of Use for decreed water right 34-2412C, is owned by Larman D. and Ann S. Andersen who are the recorded water right owners and as evidenced by the enclosed warranty deeds.

**Water Right Validity:**

Water right 34-2412C was decreed on September 17, 2001, in the Snake River Adjudication, Civil Case No.39576, Fifth Judicial District. Forfeiture is not an issue.

**Injury to Other Water Rights:**

This transfer proposes to add an existing well as a point of diversion for easier distribution of the water right, and will have no additional affect on other rights. Diversion will be limited to 1.04 cfs for 34-2412C from the existing well in NWSWSW Sec4.

**Enlargement of Use:**

The place of use for water right 34-2412C has been decreed in the SRBA. No additional lands will be irrigated under this proposed transfer.

**Local Public Interest:**

The local public interest will be served by maintaining the irrigation of the place of use as crop ground.

**Beneficial Use Conservation of Water Resources:**

No issues identified.

Review of this application for transfer finds no clear inconsistencies with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.
