CONDITIONS OF APPROVAL

1. Proof of application of water to beneficial use shall be submitted on or before **July 01, 2007**.
2. Subject to all prior water rights.
3. Project construction shall commence within one year from the date of permit issuance and shall proceed diligently to completion unless it can be shown to the satisfaction of the Director of the Department of Water Resources that delays were due to circumstances over which the permit holder had no control.
4. The total combined surface area of the ponds established under this right are limited to 1.48 acres.
5. The diversion and use of water authorized under this right shall not exceed 13,000 gallons per day.
6. Stockwater storage use is for 1038 range cattle.

State of Idaho

Permit to Appropriate Water

NO. 37-20550

7. Water stored under this right is subject to fluctuations of the water table caused by changes in the flow of local streams and by diversions under prior ground water rights. This right does not guarantee the maintenance of any particular ground water level.

This permit is issued pursuant to the provisions of Section 42-204, Idaho Code. Witness the signature of the Director, affixed at Boise, this 24th day of July, 2004.

FOR KARL J DREHER, Director
