Re: Application for Partial Transfer of Water Right
No. 63-00125G

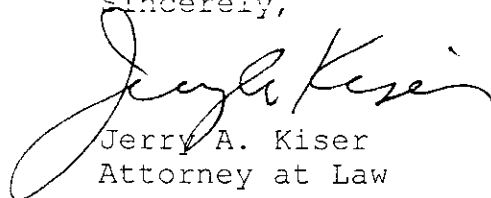

Dear Department Representative:

Enclosed is an Application for Transfer of Water Right, together with Application fee. This Application is to transfer a portion of a water right held by the Middleton Mill Ditch Company for irrigation use to groundwater recharge. This Application is submitted in conjunction with ERO Resources Corp, engineer for Pinewoods Lakes, LLC to accomplish mitigation for evaporative loss of water from ponds in Pinewood Lakes Subdivision. It is my understanding Pinnacle Engineers, Inc. is also submitting an Application on behalf of Pinewood Lakes Subdivision for a groundwater permit in conjunction with this Transfer Application.

Any correspondence or questions regarding the Application should be directed to myself, as well as Steve Hannula representing Pinewood Lakes Subdivision and its developer, Pinewood Lakes, LLC.

Your cooperation in this matter is appreciated.

Sincerely,

Jerry A. Kiser
Attorney at Law
