RE: Water right transfers for right nos. 61-07195A and 61-07424
Our File: 4463-9

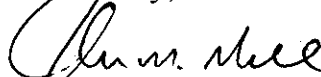

Dear Steve:

In a letter to Mr. Creamer dated September 25, 2000, you requested that the parties involved in two transfer applications involving water right nos. 61-07195A and 61-07424 provide information about how they wish to proceed with these transfers. One of the options you mentioned in your letter is a request for additional time to submit necessary information.

By this letter, I request that IDWR give the parties additional time to provide you with information. I understand that we can have up to a year to provide the information since the transfers have not been published.

I understand that you need the LDS church to identify new acres that will be irrigated after the transfers are completed and information about the location of wells. The LDS Church knows that it needs to forward this information to you. We anticipate that they will contact you soon.

Sincerely,

John M. Marshall
