Subject: Application for Transfer – John and Melody Witte

Dear Steve:

On behalf of John Witte and Melody Witte, I am pleased to submit the enclosed Application for Transfer of Water Right. A check for the \$100 application fee is enclosed.

The application for transfer proposes changing the point of diversion and place of use for a 5-acre portion of water right number 63-31494 (63-31758). The new place of use will be 5 acres within the Witte's nominal 10.27-acre parcel located at 4850 North Curlew Lane, northwest of Eagle.

Also enclosed is a copy of the water right purchase agreement between Carl and Laura Post and the Wittes. The agreement provides for the Mr. and Mrs. Witte to purchase a 5-acre portion of water right 63-31494. The purchase will be finalized following approval of the transfer application. The 5-acres proposed for purchase are outlined on the enclosed map.

Subsequent to preparation of the water right 63-31494 purchase agreement and transfer application, the water right was split. The resulting water right number was 63-31758. Therefore, although the documents refer to water right 63-31494, we understand that the water right has recently been renumbered as 63-31758.

Please contact me with any questions.

Sincerely,

Terry M. Scanlan, P.E.
