RE: Application for Permit
Teton County, Idaho

Dear Mr. Carlson,

Please find enclosed a copy of the Application for Permit, for the Kirk Property in Teton County, Idaho. The application is complete minus the signature from Mr. Jerry Kirk, who is unavailable to sign at this time. Once we receive a signed copy of the application, we will immediately forward it on to IDWR.

This Application for Permit is being submitted concurrently with the Application for Transfer of a Portion of Water Right #22-00049. These two applications are directly associated with the water use on the Kirk Property.

To re-emphasize our statement in the separate cover letter for the Application for Transfer, we are anxious to gain approval of both the Transfer and of the Permit, as the ability to begin construction in Spring 2004 is contingent upon the receipt of the approvals by IDWR. Understanding that the permit approval process is slow, we greatly appreciate your attention to, and assistance with moving these two applications toward approval.

In addition to the application itself, I have enclosed a check in the amount of \$250.00, to cover the fee for the Permit Application.

Please do not hesitate to contact me, or Karin Freeman, here at Intermountain Aquatics if you have any questions regarding this application. Our phone number is listed below.

Sincerely,

Jeffrey M. Klausmann
Principal, Intermountain Aquatics, Inc.
