RE: App For Transfer 69381

Dear Mr. Manning;

During our telephone conversation about a month ago, you said that you would try to obtain a written agreement from the previous owner of this water right to stop irrigating $\frac{1}{2}$ acre of their land, and to retain all of their Oakley Canal Co. shares on their remaining land. The agreement still has not been received, however, and the application cannot be approved without it. Without this transfer, the 1" of 1875 water will be re-decreed to the Stringhams in the SRBA; you will not be able to use it on your lawn. If an adequate information is not received in this office by Monday, May 3rd, the Department will issue a preliminary order to reject or deny the application. If more time is needed, it can be granted for sufficient cause upon receipt of a written request.

Regards,

James E. Stanton
Sr. Water Resource Agent
