

MEMORANDUM

Date: April 12, 2004
To: Transfer 71168
From: dcarlson
Re: transfer evaluation

This transfer proposes to change the existing place of use to provide irrigation from the existing well to a 39 lot subdivision. The existing POU is part of the subdivision. The subdivision will cover 200+ acres. Each lot gets 3 acres of irrigation. Plus an entrance way green belt. Lienholders contract is for the entire land list, water rights dont move from the land under contract.

Authority to File:

Applicant provided deeds that they bought the property from the SRBA decree owner of record, Watt.

Water Right Validity:

This water right was decree in the SRBA in 2004, last month. Forfeiture is not an issue.

Injury to Other Water Rights:

Inside the ESPA area. Not in a Groundwater measurement district, not in Water District 120. No POD change.
Transfer will be advertised to determine any protests.

Enlargement of Use:

There is no evidence of enlargement of use.

Local Public Interest:

No issues identified.

Beneficial Use / Conservation of Water Resources:

No issue identified.

Review of the application finds there is not clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.
