Subject: Application for Transfer – Michael and Joan Boren

Dear Steve:

On behalf of Michael Boren and Joan Boren, I am pleased to submit the enclosed Application for Transfer of Water Right. A check for the \$100 application fee is enclosed.

The application for transfer proposes changing the point of diversion and place of use for a 3-acre portion of water right license number 63-9972. The new place of use will be 3 acres within the Borens' nominal 25.7-acre parcel located at 1050 North Briar Lane in northeast Boise. Water will be diverted from an existing cold water well that is 500 feet deep. The well was drilled by Coonse Well Drilling in 1999 (Permit 733525, Tag 0009994). A future well is also contemplated by the transfer as a second point of diversion.

Also enclosed is a copy of the water right purchase agreement between Renata Ham and the Borens. The agreement provides for the Borens to purchase a 3-acre portion of water right 63-9972. The purchase will be finalized following approval of the transfer application. Use of water under water right 63-9972 and ownership of the water right is documented by the enclosed

* Affidavit of Renata Ham.

Please contact me with any questions.

Sincerely,

Terry M. Scanlan, P.E.

Cc: Mike Boren
Jeff Fereday
