Dear Mr. & Mrs. Gimp,

RE: Permit No. 05-7005

Enclosed is a copy of the Water Right License issued on the above referenced Permit.

Please be advised that one of the conditions of your permit was that a measuring device be installed as part of your diversion works. That requirement has been waived with issuance of the enclosed license. However, in the event that water supply shortages become a problem installation of measuring devices may be required.

Sincerely,

JIM JOHNSON

Dear Mr. & Mrs. Gimp,

A representative of this Department has made an examination of the works covered by your Permit No. 65-7065, and has found the following:

Amount of water that can be recognized as beneficially used under
Idaho law: 1.12 cfs Source: Squaw Creek

The maximum quantity diverted shall not exceed 248.9 acre feet per year.

Point(s) of diversion: NW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 10, Twp. 7N, Rge. 1E, B.M.

Beneficial use: Irrigation of 55 acres and stockwater use within the NW $\frac{1}{4}$,
Sec. 15, Twp. 7N, Rge. 1E.

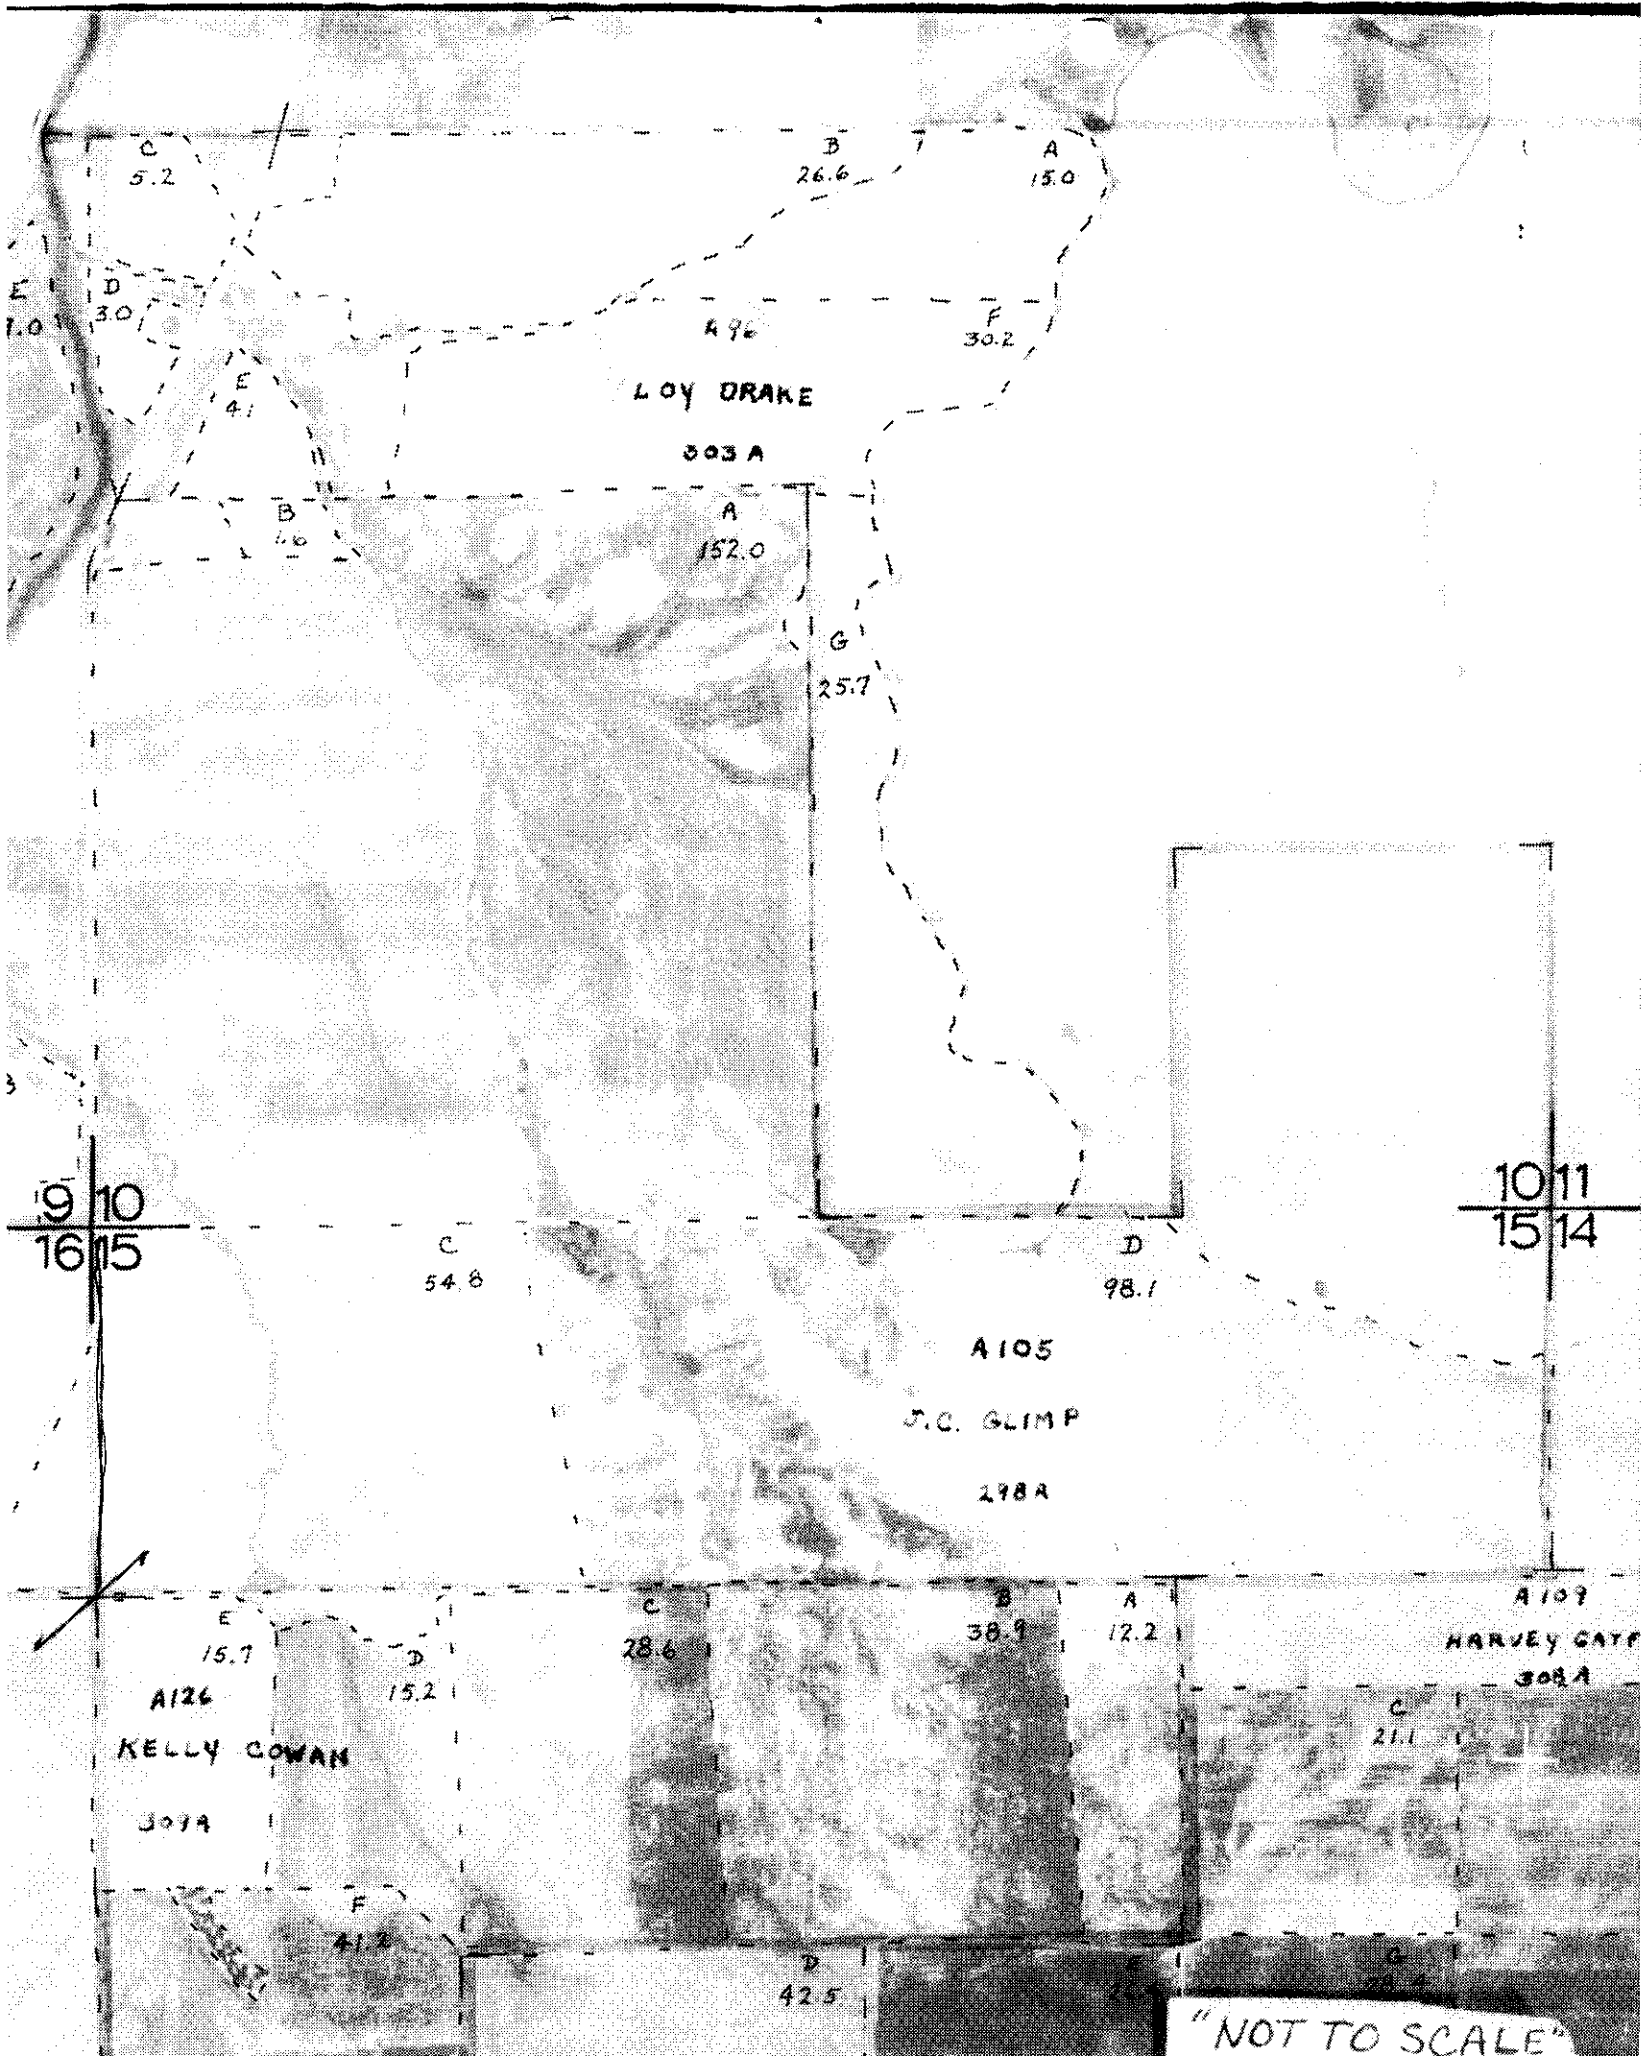

Priority date established: February 14, 1969

Conditions (if any): Use of water under this license is subject to control by the
watermaster of State Water District No. 65-A, Payette River.

If you do not concur with these findings please contact us within 10 days, otherwise a water license will be issued as set forth above.

Sincerely,

JIM JOHNSON
Water Distribution Supervisor.

Dear Mr. & Mrs. Glimp:

One of the conditions of approval of your water Permit No. 65-7065 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before August 1, 1977. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Gentlemen:

Please find enclosed two correction notices which we wish to have published at your expense since the Department failed to receive galley proofs prior to the first date of publication. We have enclosed a copy of each notice which the Department forwarded to your newspaper and a copy of the affidavit which we received from your office.

Please publish the notices once each week for two consecutive issues of your newspaper. We have inserted the publication dates allowing ample time for you to submit us a galley proof for review before publication.

After sending us a galley proof, proceed with the publication on the dates we have inserted assuming the notice is correct. If we have any corrections, we will notify you before the first publication date. If you cannot publish the notice on the proposed dates, please contact us immediately.

Please submit an affidavit of publication to the Department after the notice has been run.

Very truly yours,

Donald W. McEldowney
Appropriation Examiner

Re: Application for Permit Nos. 65-7063, 65-7065, and 65-7062

Gentlemen:

In the matter of application for permit nos. 65-7063, 65-7065, and 65-7062 and the advertising authorization mailed to you on February 21, 1969 for the above referenced. This matter still remains open in our records. We require a certified bill and an affidavit of publication in order to continue processing these applications.

As you may be aware in order for the public to obtain a water permit, the Idaho Statutes now require publication of a legal notice prior to the final action of the Department. Processing time normally requires the applicant to wait a period of six to eight (6 to 8) weeks for normal processing requirements. At certain times, this may cause a great burden on the water users of the state and every additional delay can mean extra hardship for the water users. We are, therefore, requesting your continued prompt attention to this matter.

Very truly yours,

Donald W. McEldowney
Appropriation Examiner
