The above captioned water rights were claimed by the United States of America, through the United States Department of Agriculture, Forest Service (United States) as an implied federal reserved water right for a Forest Service administrative site within the boundaries of a national forest. The claims were included in the *Director's Report for Federal Reserved Rights* filed on July 11, 2003.

As required by I.C. 42-1411A(14), a hearing was held on April 20, 2004, for the purpose of allowing the United States to demonstrate a *prima facie* case regarding the existence of the above-captioned water rights established under federal law. At the close of the hearing the Court ruled the United States had met the burden establishing the existence and elements of implied federal reserved water rights for the above-captioned water right claims.

Therefore, IT IS ORDERED, that the above captioned water rights are hereby decreed as set forth in the attached *Partial Decree Pursuant to I.R.C.P. 54 (b)*.
