Re: Transfer 70750

Dear Corey:

Thank you for extending the time on this transfer. The reason that we need to extend the time is apparently there was some confusion as to what Chuck Brockway was doing and who he was reporting to. I assume that things were happening by people that were more on the scene involved than I was. However, I believe we had a communication problem and thus the delay.

I will be talking to Chuck Brockway tomorrow or the next day when he returns and we will get this transfer in motion so we don't hold you up any longer.

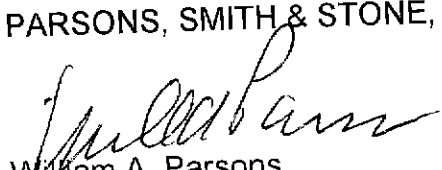

I would think we could get the matter accomplished in the next thirty days unless Chuck finds some additional need to have more time.

As I understand the issue, the applicant needs to demonstrate that there will not be any adverse effect on other users in the cold water.

Thank you for your courtesies and we will be back in touch.

Very truly yours,

PARSONS, SMITH & STONE, LLP
