

MEMORANDUM

Date: March 29, 2004
To: Transfer 70598
From: Shelley Keen *(SK)*
Re: Adjustments on Approval

The applicant for Transfer 70598 applied for a permissible place of use of 2209.9 acres and an annual volume of 8839.9 af. Because of prior adjustments to Transfer 70575 -- which also included rights 43-13301, 43-13303, and 43-13305 -- the total available under the transferred rights is 2210 acres and 8840 af. To facilitate the adjustment to the overall place of use, I added 0.1 acres to the SWSE of Section 10. T11S, R27E.
