Re: Transfer Sufficiency

Authority to File:

Numerous documents and agreements are included to authorize applicant to file transfer.

Water Right Validity:

All rights have been partially decreed.

Injury to Other Water Rights:

Combining existing wells and moving acres around within existing farm, I see no issues. All PODs are within the same ESPA model cell.

Enlargement of Use:

No apparent increase in use proposed.

Local Public Interest:

No apparent issues.

Beneficial Use/Conservation of Water Resources:

Does not appear to be contrary to conservation practices.

Review of the application finds there is no clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.
