To whom it may concern

I Earl Ward remember that a well was drilled on the Winn Nelson farm in the early fifties. I was a young man working for Err. Bergerson, a neighbor. At one time, as they were testing the well it produced a goodly stream of water, the well collapsed and from that time they used it for farm land and water for cattle.

Earl H. Ward

On June 24th Earl H. Ward appeared personally before me and signed this article.

Notary: Myrna Moyle
Franklin County
Expiration Date: 1-28-05
