Re: Picabo Livestock water right transfer application

Dear Allen:

Enclosed are two (2) transfer applications for surface water and groundwater rights owned by Picabo Livestock Company. The sole purpose of the transfers is to modify the boundary of the permissible place of use (PPU) to reflect acreage recently acquired by the applicant. The current PPU is identical for both surface and groundwater rights, and was created by Transfer Nos. 5044 and 5045 approximately two years ago.

Enclosed is the applicant's check for \$2,480.00, representing the application fees for 72.78 cfs of surface water and 16.83 cfs of groundwater, based on the current IDWR fee schedule. As you are aware, we have requested a review of the fee amount by Norm Young.

Sincerely,

Charles G. Brockway, P.E.
