RE: Transfer 70865 Rights 31-2322 & 31-11229 Camas National Wildlife Refuge

Dear Mr. Eberle:

On December 11, 2003, a copy (zip file) of the ESPA Model Grid along with the following was e-mailed you:

From: Wilson, Keith
Sent: Thursday, December 11, 2003 12:06 PM
To: 'Michael_Eberle@r1.fws.gov'
Subject: ESPA Model Grid Transfer 70865

Contacts: Michael Eberle
Michael,

I received the new first page and the new place of use. They have been added to the transfer

Attached is the ESPA Model Grid that is used, in ArcView, with Version 1.3 to determine the Row and Column for a point of diversion. Using this grid it appears that the original point of diversion is Row 37 Column 50 and the new P/D is in Row 36 Column 50. This will change the outcome some. It will be necessary to run a new ESPA Model Spreadsheet using these values. When the evaluation is complete send this office a copy to be included in the transfer.

Upon receipt of the new evaluation processing will continue.

Esba Model Grid.zip

Keith

P.S. I hope that I have included all the files you need to check the grid.

As the date of this letter this office has received no response to the e-mail.

A new ESPA Model Spreadsheet and evaluation is necessary using the correct Row and Column designation (From well Row 37 Column 50, To well Row 36 Column 50). When the new ESPA Model Spreadsheet and evaluation has been completed send a copy to this office.

Please forward the new ESPA Model Spreadsheet and evaluation to this office on or before February 19, 2004

The Department will hold further processing of your application for 30 days to allow submittal of the required information. Additional time may be granted by the Department upon receipt of a written request and sufficient justification for an extension. After that time, if adequate information is not received, the Department will issue a preliminary order to reject or deny the application.

Sincerely,

A handwritten signature in cursive script, reading "Keith C. Wilson", written in dark ink.

Keith C. Wilson
Senior Resource Agent
