Tie 5 existing wells together in a common system. This will be done as soon as possible, but this could take some time due to economic constraints; therefore, 5 years development time is requested. The transfer also clarifies where the wells are actually located, which is different than how the Sec. 18 wells were described in the SRBA decrees. Also to clarify that there is only 1 well in the S 1/2 Sec. 7. This transfer deals only with the Sec. 18 land that is not being moved to another farm in a companion transfer.
