NOTICE OF PROPOSED CHANGE TO WATER RIGHTS

Notice is hereby given that an Application for Transfer has been filed with the Idaho Department of Water Resources for changes to water rights within Custer County: GEORGE B. & PAMELLA L. FORESTIER, PO BOX 924, CHALLIS, ID 83226 filed Application No. 70989 on 12/22/2003. Transfer proposes changing a water right from irrigation use to mining uses associated with the operation of a rock quarry located near the confluence of the East Fork of the Salmon River and the Salmon River. The rock quarry is located, south and east of Highway 75, approximately 5.5 miles downstream of Clayton. Water is proposed to continue to be diverted from the Salmon River via the existing irrigation diversion located approximately 7.5 miles downstream of Clayton and then trucked to the quarry location. At the site of the diversion, 4.0 acres will be dried up in order to divert 0.11 cfs and 10 acre-feet of water per year for the proposed mining uses. For specific details regarding the application(s), please contact IDWR Southern Regional Office at 208-736-3033 or visit www.idwr.state.id.us with detail provided under "New Water Right Applications." Protests may be submitted based on the criteria of Sec. 42-222, Idaho Code. Protests against approval must be filed with IDWR, Southern Region, 1341 Fillmore St., Suite 200, Twin Falls, ID 83301 with a protest fee of \$25 for each application on or before February 2, 2004. The protestant must also send a copy of the protest to the applicant.
