6. General Information:

a. Description of diversion system Well and pump to sprinklers

b. Are the lands from which you propose to transfer the water right subject to any liens, deeds of trust, mortgages, or contracts? _____ Yes No No. If yes, provide a notarized statement from the holder of the lien, deed of trust, mortgage or contract agreeing to the proposed changes.

c. Describe the affect on the land now irrigated if the place of use is changed pursuant to this transfer:
It will make more water available to the main branch, because it will cut down on our ditch losses as we have been losing around 40% on the north branch.

d. Remarks:
All the farmers on the canal suffered last year because of insuffieient water. We just could not deliver enough water in a timely manner. These wells will not solve the problem completly, but it will help until we get some recharge to the aquafer by mother nature.
