Darwin Neibaur Farms Partnership
%1105 North 500 West
Paul, Idaho 83347

To Whom It May Concern:

The agreement contained herein is between Darwin Neibaur Farms Partnership, Darwin Neibaur, June Neibaur and Steve Neibaur Farms, Inc..

The purposes of this agreement is the transfer of approximately 40 acres of water rights in order to water the same number of acres which are currently dry; also to agree on a mainline sharing plan. To elaborate: the approximately dry 40 acres currently is owned by Darwin Neibaur Farms Partnership and Darwin Neibaur, with ownership retained by same until there is a legal change of ownership. The transfer of water rights will be totally confined within the entities of Darwin Neibaur Farms Partnership and Darwin Neibaur. Ownership of the water rights for the dry 40 acres will never pass to Steve Neibaur Farms, Inc., unless there is a change in ownership of the land, which at that time will require an additional transfer approval.

It is also agreed upon and understood that at such time that the parcels of land from which the water rights were transferred from should change ownership or operators and it is deemed necessary that the water rights revert back to the original parcels of land; application will be made to do so.

Concerning the well sharing agreement, there are 4 "Points of Diversion" to be connected with mainline (Please see exhibits). Three of the "Points of Diversion" are owned by Darwin Neibaur Farms Partnership and the fourth is owned by Steve Neibaur Farms, Inc.. The purpose of the well sharing plan are: (1) better water utilization, (2) the economics of running the pumping stations at maximum efficiency, and (3) being prepared for a possible mechanical problem with any of said pumping stations.
