

MEMORANDUM

Date: December 17, 2003
To: Transfer 70682
From: dcarlson
Re: transfer evaluation

This transfer proposes to add a pump in the Teton River below the canal heading so a shareholder can use his woodmansee johnson water in this pump rather than buy storage. It is an existing pump. Acre limitations on some of the water rights come from the water rights database. This transfer includes all Woodmansees Teton River water rights. POU land list based on Adjudication Claims and a review of the Napp photos with russell wilding, president of the canal.

Authority to File:
Applicant is the owner of record as far as SRBA claims and Rexburg Decree.

Water Right Validity:
Water master records show delievery of these water rights when available. Forfeiture is not an issue.

Injury to Other Water Rights:
Watermaster gave his ok to this transfer
Transfer will be advertised to determine any protests.

Enlargement of Use:
There is no evidence of enlargement of use.

Local Public Interest:
No issues identified.

Beneficial Use / Conservation of Water Resources:
No issue identified.

Review of the application finds there is not clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.
