RE: Wendell Tew Water Right Transfer

Mr. Sayer;

The three applications proposed for groundwater transfer are being held until our Boise office can evaluate the proposal. The presence of several primary surface rights on the same original place of use is a cause for concern.

When I receive instructions from our state office I may have to re-write the transfer application.

Sincerely,

A handwritten signature in black ink that reads "H. W. Jones". The signature is written in a cursive, flowing style.
