BEFORE THE DEPARTMENT OF WATER RESOURCES
OF THE
STATE OF IDAHO

IN THE MATTER OF EXTENDING THE PROOF DUE
DATE IN CONNECTION WITH PERMIT NO. 63-9219
IN THE NAME OF BOISE WATER CORPORATION

ORDER

WHEREAS, on March 20, 1979, Boise Water Corporation applied to the Department of Water Resources for a permit to appropriate 4.50 cubic feet per second of water from a groundwater source to be diverted within the SW $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 24, Twp. 3N, Rge. 2E B.M., Ada County, to be used for domestic purposes; and,

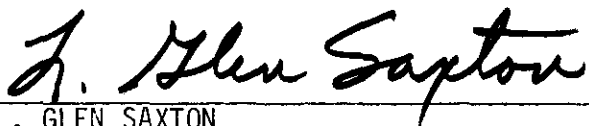

WHEREAS, on April 23, 1979, the Department approved said application and issued Permit No. 63-9219 with the condition that proof of construction of works and application of water to beneficial use be submitted on or before May 1, 1980; and,

WHEREAS, on April 17, 1980, the permit holder submitted a request for an extension of time; and,

WHEREAS, it appears that under the circumstances, the permit holder has been proceeding with reasonable diligence and has given good cause for delay;

IT IS, THEREFORE, HEREBY ORDERED that the time within which to submit proof of beneficial use of water under Permit No. 63-9219 be extended to May 1, 1981.

Dated this 24th day of April, 1980.

RE: Permit #63-9219 - Logger Well

Gentlemen:

Boise Water Corporation is unable to submit the required proof of beneficial use of the above-mentioned permit. To date, drilling and development of the well, installation of pumping and discharge equipment, a 12" water main intertie to the existing water facilities, and construction of a pumphouse have been completed. However, the necessary 3-phase power is not available in the immediate vicinity of this well. The developers of the adjacent South Shore Village Subdivision have postponed completion of their project. Until installation of power facilities is completed in South Shore Village Subdivision, Boise Water Corporation will be unable to put Logger Well into production.

Therefore, we are requesting a one-year ~~extension~~ of this permit.

If you require any additional information concerning this request, please contact us.

Sincerely yours,

Gentlemen:

Enclosed is a copy of your approved Application for Permit. We direct your attention to the conditions of approval on the fourth page.

Be sure to note the special condition requiring you to install an access port or other device to provide for the installation of measuring equipment by the Department. Enclosed are specifications for the installation of the access port, as well as a list of measuring device options.

The exercise of this permit may also be affected by the court's determination of water rights in the case of Idaho Power Company v. State of Idaho, et al., Civil No. 62237, currently pending before the District Court of Ada County.

Idaho Power officials tell us that because of Case No. U-1006-124 filed before the Idaho Public Utilities Commission, Idaho Power Company is asking the District Court of Ada County to determine whether the Power Company's water rights on the Snake River are protected against subsequent upstream appropriations in the waters of the Snake River and surface and subterranean tributaries between Milner Dam and Hells Canyon.

Since the use of water under your permit may affect the flows in this reach of the Snake River, the final decision in Idaho Power Company v. State of Idaho, et al. (Ada County Civil No. 62237) may determine to what extent the exercise of your permit may be subject to the water rights of Idaho Power.

While the Ada County court is examining this question, Idaho Power Company has not filed a specific protest to your permit. However, the Department of Water Resources has been advised that the Power Company is not waiving any of its rights to contest or limit the exercise of your permit or a subsequent license or water right.

If you have any questions, please let us know.

Sincerely,

David R. Tuthill, Jr.
