John A. Young
Notary Public for Idaho, Residing at Boise, Idaho

**NOTICE OF
EXISTING WATER PERMIT**
Notice is hereby given that Boise
Water Corporation, P.O. Box 1809,
Boise, Idaho, has received an ap-
proved permit No. G-31946 issued by
the Idaho State Reclamation De-
partment authorizing the diversion
of 1.5 cubic feet per second of water
from a groundwater source subject
to all prior rights. The priority to
be established under this permit is
June 17, 1964 and the permit was
approved June 19, 1964. Water is to
be diverted by well, pump, motor
and distribution system from a
point within the SW 1/4 NW 1/4, Sec. 32,
T. 4 N., R. 2 E., B.M., Ada County to
be used for municipal water supply
in the vicinity of the city of Boise.
Proof of the application of the water
to beneficial use is to be submitted
to the Department on or before June
13, 1969. Any protests against the is-
surance of license for the above ref-
erenced permit should be filed with
the Department of Reclamation
within ten (10) days of the last date
of publication of this notice or prior
to the licensing of the permit. Li-
censing may commence prior to the
date beneficial use proof is due
without further notice.
R. KEITH HIGGINSON
State Reclamation Engineer

April 23, 1973

Boise Water Corporation
Box 7488
Boise, Idaho 83707

Gentlemen:

A representative of this Department has made an examination of the works covered by your Permit No. 31946/63-3411 and has found the following:

Quantity of water diverted: 1.5 cfs

Amount of water that can be recognized as beneficially used under Idaho law: 1.5 cfs

The maximum quantity diverted shall not exceed 178 acre feet per year.

Beneficial use: Municipal purposes for the City of Boise and
Vicinity.

Point of diversion: SW $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 32, Twp. 4N, Rge. 2E, B.M.

Priority date established: June 17, 1964

If you do not concur with these findings, please advise us within 10 days; otherwise, a license will be issued as set forth in this letter.

Sincerely,

BOBBY D. FLEENOR
Assistant Director

Attn: Mr. Dennis Timoskevich, Water Rights Administrator

Re: Permit #31946 - Known as Boise Water Corporation Willow
Lane Well #2.

Gentlemen:

As per your letter of October 28, 1969 requesting information on the above named permit, I submit the following information.

Several questions are asked in your letter and I will try to answer them in the order you have them listed in your second and third paragraphs.

Question No. 1 - You ask in your second paragraph the volume of water used annually by the Boise Water Corporation from the above named well. Enclosed is a listing of the amount of water produced from this well from the time of 1964 thru 1969.

Some of this information is compiled from a report entitled "Water System Requirements for the Boise Metropolitan Area" completed in February 1968 by Cornell, Howland, Hayes & Merryfield. In this report they set forth consumptions in gallons per day per capita for the Boise Water Corporation's system which is 100% metered. Peak hour rate is 702 gallons; peak day rate is 425 gallons; average annual day is 208 gallons.

Also in the Boise area is a water system known as Capital Securities Water Company which is unmetered and is 95% residential customers. Peak hour rate on this system is 1220 gallons; peak day rate is 740 gallons; average annual day is 233 gallons per day per capita.

Thirty known water service organizations serve about 78,000 people in the area. Boise Water Corporation serves 88% of these and an additional 11,000 to 16,000 are served by individual wells.

63 3411

Present rates of water consumption for the entire metropolitan area are as follows: peak hour use rate 83.5 mgd; total use peak day 44.7 mgd; average daily use for the year 22.1 mgd; total annual use excluding large private 8,050 mg; total annual ground water withdrawal 30,000 acre feet; sales production for Boise Water Corporation for 1969 4,477,835,000 gallons. By the year 2,000 population is expected to increase somewhere between $1\frac{1}{2}$ to $2\frac{1}{2}$ times present population and water use is expected to be 2 to 3 times the present use. Potable water is supplied at present by 157 major wells and many smaller ones. All the water supplies from the major sources of the Boise Water Corporation are generally satisfactory, and at present Boise Water has 36 deep well sources.

There are presently 23,000 customers of the Boise Water Corporation.

Question No. 2 - Also, would you please provide a listing of water used by any large water users?

Answer - I have enclosed a listing of several large users in the Boise system.

Question No. 3 - The amount used for irrigation of parks and public lands?

Answer - The amount of water used for parks and public lands supplied by the Boise Water Corporation is small in numbers. We supply the City of Boise, Julia Davis Park and a small amount to Ann Morrison Park. These consumptions are listed on the attached sheet and only represent a portion of the water that is supplied on the grounds of these two parks, the remainder of the water being pumped by the municipality either from the river itself or from a ground water source well next to the river, and we do not have the production from these units since they belong to the Boise City and not the Boise Water Corporation.

Trusting this answers your questions regarding water usage. If you have any further questions feel free to call.

Very truly yours,

BOISE WATER CORPORATION

Keith E. Stokes, Division Manager
Boise Water Corporation
500 Idaho Street, Box 7488
Boise, Idaho 83707

Dear Mr. Stokes:

In reviewing the Report of the Field Examiner, I find that some additional information is required before a Water License may be issued.

I need to determine the volume of water used annually by the city, both from the wells specified in the above referenced permits and all other wells used by the city. Please inform me as to the number of water users and the total number of people served. Also, would you please provide a listing of water used by any large water users, stating the annual use and the months used (a monthly breakdown if there is much variation). We must, also, have the amount used for irrigation of parks and public lands.

If recorded data is not available, estimates of the volume of water used each month will suffice. If estimates are submitted, please state your method of arriving at these estimates. Also, provide any facts and figures that would help to substantiate these estimates.

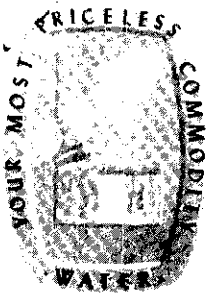

If you will provide this information, we shall continue to process your permit. If we can be of any assistance, please advise.

Very truly yours,

Dennis Timoskevich
Water Rights Administrator

Re: Permit No. G-31946

Gentlemen:

With regard to Boise Water Corporation's Willow Lane Well #2, we submit the following information.

This well is located on Willow Lane south and west of State Street next to the Boise River. In 1967 and 1968 this well produced approximately 50 million gallons each year and was used for the period of May through September. The well produces approximately 1% of the total water used of the Boise Water Corporation system. The water from this well is consumed by the residents in the area of northwest Boise which can generally be described as west of 28th Street between State Street and Hill Road and as far west as Sycamore Drive.

If further information is necessary we would be very happy to provide same.

Very truly yours,

BOISE WATER CORPORATION

Gentlemen:

We acknowledge receipt of the affidavit of publication submitted in connection with the above referenced permit.

Before a license can be issued, a field examination must be made by a representative from this Department.

We cannot tell just when this examination will be made, but our examiner will try to contact you at the time he makes the examination. If someone other than yourself should be contacted, please advise.

Very truly yours,

Gary L. Page

Gentlemen:

As of this date, we have not yet received the affidavit ~~for~~^{Per} 31946 publication to be submitted in connection with permit No. You should be aware that many newspapers do not keep copies of these advertisements for their files. We, therefore, recommend ~~the Idaho Daily Statesman file it; Idaho~~ as possible from the and submit it promptly to the Department. Please be advised that a license will not be issued until we are in receipt of this affidavit.

Very truly yours,

Gary L. Page

Re: Permit No. G-31946

Boise Water Corporation
P.O. Box 7488
Boise, Idaho 83707

Gentlemen:

We acknowledge receipt of your affidavit submitted as proof of beneficial use for permit G-31946.

Before a license can be issued you must submit an affidavit of publication to this department. The affidavit of publication may be obtained from the Idaho Daily Statesman, Boise, Idaho, after May 1, 1969 upon payment of the bill of publication.

Prior to the issuance of the license a field examination must also be made by a representative of this department. We cannot tell just when this examination will be made, but our examiner will try to contact you at the time he makes the examination so that you may show him the system. If someone other than yourself should be contacted by the examiner, please advise.

Very truly yours,

Re: Permit No. G-31946
Boise Water Corporation

Idaho Daily Statesman
Boise,
Idaho

Gentlemen:

Enclosed is a legal notice which we wish to have published for two consecutive weekly issues of your newspaper. We have inserted the publication dates allowing ample time for you to submit us a galley proof for our review before publication.

After sending us a galley proof, proceed with the publication on the dates we have inserted assuming the notice is correct. If we have any corrections, we will notify you before the first publication date. If you can not publish the notice on the proposed dates, please contact the Department of Reclamation immediately.

The expense of the publication is to be paid by _____

Boise Water Corporation, P.O. Box 1809, Boise, Idaho,
to whom you should furnish an affidavit of publication.

Very truly yours,

Donald W. McEldowney
Appropriation Examiner

Department of Reclamation

NOTICE OF EXISTING WATER PERMIT

Notice is hereby given that Boise Water Corporation, P. O. Box 1809,
Boise, Idaho has received an approved permit No.
G-31946 issued by the Idaho State Reclamation Department authorizing the
diversion ~~surface~~ of 1.5 cubic feet per second ~~at the feet per second~~
of water from a groundwater source,
subject to all prior rights. The priority to be established under this permit is
June 17, 1964 and the permit was approved June 19, 1964.
Water is to be diverted by well, pump, motor and distribution system
from a point within the SW/4NW/4, Sec. 32, T. 4 N, R. 2 E, B. M., Ada County
to be used for ████ municipal water supply
in the vicinity of the city of Boise

Proof of the application of the water to beneficial use is to be submitted to the
Department on or before June 19, 1969. Any protests against
the issuance of a license for the above referenced permit should be filed with the
Department of Reclamation within ten (10) days of the last date of publication of
this notice or prior to the licensing of the permit. Licensing may commence prior
to the date beneficial use proof is due without further notice.

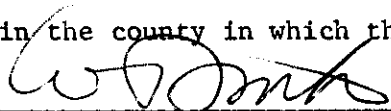

R. KEITH HIGGINSON
State Reclamation Engineer

BEFORE THE STATE RECLAMATION ENGINEER

OF THE

STATE OF IDAHO

IN THE MATTER OF PERMIT NO. G-31946)
in the name of Boise Water Corporation)
P. O. Box 1809, Boise, Idaho)

ORDER MODIFYING REQUIREMENTS
FOR COMPLETION OF PERMIT TO
APPROPRIATE WATER

WHEREAS, the 39th Idaho Legislature made certain amendments to the Idaho Water Law; and,

WHEREAS, these changes raised questions as to the procedures to be followed by holders of permits issued prior to the effective date of the amendments, May 31, 1967; and,

WHEREAS, on August 1, 1968, the Department of Reclamation adopted Rules of Practice and Procedures for the processing of such permits issued prior to May 31, 1967; and,

WHEREAS, Permit No. G-31946 was issued previous to that date;

NOW THEREFORE, the requirements for completion of the above-numbered permit are hereby modified to conform to the adopted Rules of Practice and Procedures as follows:

1. The above-numbered permit will be completed under the terms of Title 42, Chapter 2, Idaho Code, as amended by the 39th Idaho Legislature.
2. The conditions of the above-numbered permit are modified as follows:
 - a. Notice of the issuance of the permit will be published at the permit holders expense for two weekly issues in the official newspaper of the county in which the point of diversion lies.

Dated this 7th day of APRIL, 19 69.

Re: Permit No. G-31946

Boise Water Corporation
P. O. Box 1809
Boise, Idaho

Gentlemen:

One of the conditions of the approval of your permit
G-31946 was that proof of application of the water to
beneficial use be submitted to this office on or before _____
June 19, 1969.

Enclosed is an affidavit form which must be used to submit
this proof. You may request an extension of time provided the
delay is for reasonable cause as indicated in Section 42-204, ICA.

Either the proof or a request for extension must be received
by this department on or before the above mentioned date, otherwise
the permit will lapse and be of no further force or effect.

State Reclamation Engineer

Enclosure: Proof form

April 1, 1969

Re: Permit No. G-31946

Boise Water Corporation
P. O. Box 1809
Boise, Idaho

Gentlemen:

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a person to make proof and relieve the permit holder from making separate proofs of completion of works and beneficial use of water.

The enclosed order modifies your permit to comply with these rules and regulations. As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a paper as prescribed by the Department, stating that you have been issued a permit and are now submitting proof of beneficial use. Previously, a permit holder had to publish a notice for four weeks when he submitted proof under his permit.

If you will complete the enclosed forms, we will cause the notice to be published. Should you require additional forms or information, we will be glad to supply it upon request at any time.

Very truly yours,

Donald W. McEldowney
Appropriation Examiner
