Boise Water Corporation,
Box 1809,
Boise, Idaho.

~~Dear~~ Gentlemen:

We enclose Permit No. G 30501 in which we direct your attention to the limitations and conditions as given on the fourth page under approval of the State Reclamation Engineer.

We also enclose Departmental Receipt No. G-6982 which was issued covering payment in the amount of \$ 5.75 for the filing fee of the above mentioned permit ~~now handed to you.~~

Well logs are an important part of your recorded water right and State Statutes require that well drillers' supply logs on all wells, whether irrigation, domestic, drain or stock wells, to be filed in the Department of Reclamation. In view of the rapidly increasing demand for ground water, the lowering of the ground water level, and the creation of critical ground water areas, it is important that you, as owner, make sure a log on your well is filed in this office.

Very truly yours,

Re: Permit No. 0-30501

Mr. Walter H. Smith, Vice-President,
Boise Water Corporation,
500 Idaho Street,
Boise, Idaho.

Dear Mr. Smith:

We acknowledge receipt of the depositions of holder and two witnesses, also affidavit of publication in the Meridian News-Times Meridian, Idaho, all submitted in proof of completion of works and beneficial use on Permit No.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

GEO. N. CARTER
