CONDITIONS OF APPROVAL

1. The right holder shall comply with all fish screening requirements of the Idaho Department of Fish and Game.
2. The quantity of water decreed for this water right for stockwater use is not a determination of historical beneficial use and shall not exceed 13,000 gallons per day.
3. This right, when considered with all other rights common to the same grazing allotment, is limited to the quantity of water beneficially used by the number of stock within the allotment.
4. The right holder shall accomplish the change authorized by this transfer within one (1) year of the date of this approval.
5. Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.
6. Pursuant to Section 42-1412(6), Idaho Code, this water right is subject to such general provisions necessary for the definition of the rights or for the efficient administration of water rights as may be determined by the Snake River Basin Adjudication court at a point in time no later than the entry of the final unified decree.

This water right is subject to all prior water rights and shall be administered in accordance with Idaho law and applicable rules of the Department of Water Resources.
