MEMORANDUM

TO: File 74-00216B

FROM: Pam Skaggs/State Office

SUBJECT: Transfer 5531

DATE: October 13, 1999

Transfer 5531 changes the point of diversion under a portion of Right 74-00216B, splitting the right into Parts D and E. The applicant has sold the majority of the property and retained 3.3 acres. They now want to divert water from a separate point of diversion adjacent to their remaining parcel of land.

No watermaster comment was requested since Water District 74J has been disbanded. Standard diversion volume was identified for the 3.3 acres. Recommended conditions include irrigation overlap and standard transfer conditions.
