IN THE MATTER OF PERMIT NO. 32797)

ORDER MODIFYING REQUIREMENTS
FOR COMPLETION OF PERMIT TO
APPROPRIATE WATER

WHEREAS, the 39th Idaho Legislature made certain amendments to the Idaho Water Law; and,

WHEREAS, these changes raised questions as to the procedures to be followed by holders of permits issued prior to the effective date of the amendments, May 31, 1967; and,

WHEREAS, on August 1, 1968, the Department of Reclamation adopted Rules of Practice and Procedures for the processing of such permits issued prior to May 31, 1967; and,

WHEREAS, Permit No. 32797 was issued previous to that date;

NOW THEREFORE, the requirements for completion of the above-numbered permit are hereby modified to conform to the adopted Rules of Practice and Procedures as follows:

1. The above-numbered permit will be completed under the terms of Title 42, Chapter 2, Idaho Code, amended by the 39th Idaho Legislature.
2. The conditions of the above-numbered permit are modified as follows:
 - a. Notice of the issuance of the permit will be published at the permit holders expense for two weekly issues in the official newspaper of the county in which the point of diversion lies.
 - b. The permittee will not be required to submit proof of completion of works as originally specified, but will be required to submit proof to the Department of Reclamation of the application of the water to beneficial use on or before March 28, 1977. The permit holder should be aware that failure to complete one-fifth (1/5) of the works within one-half (1/2) of the time originally set for Completion of Works may be grounds for cancellation at the instance of the Department.

Re: Permit No. 32797

Orville W. McLean
Route 4, Box 101
Jerome, Idaho

Dear Mr. McLean:

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a person to make proof and relieve the permit holder from making separate proofs of completion of works and beneficial use of water.

The enclosed order modifies your permit to comply with these rules and regulations. As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a paper as prescribed by the Department, stating that you have been issued a permit and are now submitting proof of beneficial use. Previously, a permit holder had to publish a notice for four weeks when he submitted proof under his permit.

If you will complete the enclosed forms, we will cause the notice to be published. Should you require additional forms or information, we will be glad to supply it upon request at any time.

Very truly yours,

RE: Permit 32797

Dear Mr. Allen:

As requested by your letter of September 26, the above permit is in the name of Orville L. McLean. The other permit, 3-27183, was cancelled April 30, 1963.

In order to get the permit in Orville W. McLean's name we would have to have a copy of the probate court's determination stating the property belongs to Orville W. or he was the administrator of the estate. Either of these two documents will serve as an assignment.

Very truly yours,

M. RUSSELL BOSCH

Dear Sir:

Have the above water permits been transferred from the Orvill L. McLean estate to Orvill W. McLean and have the licenses been issued?

If these things have not been accomplished, what further steps are necessary for their completion?
