10. Remarks:

Firstfruits Foundation is a non-profit organization under federal law. The camp serves various denominations as a conference center and retreat.
The well will serve our home and the conference center for culinary uses only, and daily use will be less than 10,000 gallons (it is up to 5,000 gallons now). The use should therefore be exempt from the filing requirements under Sec. 42-111(1)(a) of the Idaho Code, but we would like to obtain a recorded water right anyway.

NOTE: The proposed commercial use has been removed so that this application can be processed under the wilderness moratorium.

11. Map of proposed point of diversion and place of use attached? ☐

BE IT KNOWN that the undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

P/D

An aerial photograph of a coastal area. A yellow, semi-transparent, wavy-shaded region highlights a portion of the land in the upper right quadrant. The land is light brown/tan, and the water is dark green. A small white dot is located on the yellow-shaded area. The label 'P/D' is printed on the left side of the image, next to a small white dot. Two punch holes are visible at the top edge of the photograph.
