**Re: Roy R. Woods - Application for Transfer of Water Right
No. 37-12205**

Dear Allen:

Enclosed you will find the original and one copy of an Application for Transfer of Water Right by Mr. Roy R. Woods as the Applicant. The water right in question is water right no. 37-12205, the partial decree for which was issued in the SRBA on January 5, 2001.

We recently filed an Application for Permit for Mr. Woods based upon pre-November, 1997 development. In the course of working on that project we discovered that the legal description for the well for this domestic water right was decreed incorrectly. This transfer will correct that error. In addition, the second well which is the subject of the Application for Permit also irrigates 0.15 acres of the 0.5 acres which may be irrigated under this domestic water right. Therefore, we need to add the second existing well as an additional point of diversion.

I have also enclosed my firm's check payable to the Department for the \$100 filing fee. Please have your secretary receipt date stamp the enclosed copy of the Application and return it to me in the postage prepaid, self-addressed envelope I have included for that purpose. Please call me right away if you or anyone on your staff has any questions or concerns about this Application.

Thank you.

Sincerely yours,
