STATE OF IDAHO,
COUNTY OF TWIN FALLS } ss.

NOTICE OF APPLICATION FOR WATER PERMIT

Notice is hereby given that Glen Dale Farms, Inc., Boise, Idaho, has on Aug. 2, 1978, submitted Application No. 45-7352 for a permit to appropriate 1.54 cubic feet per second of water from waste discharge, City of Burley, by means of canals, pumps, pipelines, ditches and sprinkler systems within the NE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 17, Twp 10S, Rge 23E. B.M. Cassia County (point of diversion & injection into Snake River) and SE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 29 Twp 10S Rge 21E. B.M. Twin Falls County (point of redirection from Snake River) to be used from April 1 to October 31 for irrigation purposes for 2030 acres within the S $\frac{1}{2}$ NW $\frac{1}{4}$, S $\frac{1}{2}$ Sec. 13; S $\frac{1}{2}$ NE $\frac{1}{4}$, S $\frac{1}{2}$ Sec. 14; Sec. 23, Sec. 24, Twp 11S, Rge 20E.

If issued, this permit will be subject to all prior water rights. Protests against the granting of the permit must be filed with the Idaho Department of Water Resources, 1041 Blue Lakes Blvd., North, Twin Falls, Idaho, 83301 on or before Sept. 1, 1978.

C. STEPHEN ALLRED
Director
PUBLISH: Aug. 10 and 17, 1978.

I, John D. Stoughlin being first duly sworn upon oath, depose and say that I am Principal Clerk of the TIMES-NEWS published daily, except Saturday, at Twin Falls, Idaho, and do solemnly swear that a copy of the notice of advertisement, as per clipping attached, was published in the regular and entire issue of said newspaper, and not in any supplement thereof, for two consecutive Thursdays, commencing with the issue dated August 10, 1978, and ending with the issue dated August 17, 1978.

And I do further certify that said newspaper is a consolidation, effective February 16, 1942, of the Idaho Evening Times, published theretofore daily except Sunday, and the Twin Falls News, published theretofore daily except Monday, both of which newspapers prior to consolidation had been published under said names in said city and county continuously and uninterruptedly during a period of more than twelve consecutive months, and said TIMES-NEWS, since such consolidation, has been published as a daily newspaper except Saturday, under said name in said city and county continuously and uninterruptedly.

And I further certify that pursuant to Section 60-108 Idaho Code, Thursday of each week has been designated as the day on which legal notice by law or by order of any court of competent jurisdiction within the state of Idaho, to be published weekly, will be published; and that at the head of the editorial column of said combined newspapers, and in each issue thereof Thursday is announced as the day on which said legal notices will be published.

NOTICE OF APPLICATION FOR
WATER PERMIT

NOTICE IS HEREBY GIVEN that
Glen Dale Farms, Inc., Boise, Idaho
has on August 2, 1978, submitted
Application No. 45-7352 for a per-
mit to appropriate 1.54 cubic feet
per second of water from waste
discharge, City of Burley, by means
of canals, pumps, pipelines, ditches
and sprinkler systems within the
NE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 17, Twp. 10 S.,
Rge. 23 E., B.M., Cassia County,
(point of diversion and injection into
Snake River) and SE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 29,
Twp. 10 S., Rge. 21 E., B.M., Twin
Falls County (point of redirection
from Snake River) to be used from
April 1 to October 31 for irrigation
purposes for 2030 acres within the
S $\frac{1}{2}$ NW $\frac{1}{4}$, S $\frac{1}{2}$ Sec. 13; S $\frac{1}{2}$ NE $\frac{1}{4}$,
S $\frac{1}{2}$ Sec. 14; Sec. 23, Sec. 24, Twp.
11 S., Rge. 20 E., B.M.

If issued, this permit will be sub-
ject to all prior water rights.
Protests against the granting of the
permit must be filed with the Idaho
Department of Water Resources,
1041 Blue Lakes Blvd. North, Twin
Falls, Idaho, 83301 on or before
Sept. 1, 1978.

MICROFILMED

BEFORE THE DIRECTOR OF THE DEPARTMENT OF WATER RESOURCES
OF THE
STATE OF IDAHO

IN THE MATTER OF APPLICATION FOR	)	
PERMIT NO. 01-7072 IN THE NAME OF	)	MEMORANDUM DECISION
GLEN DALE FARMS, INC.	)	AND ORDER
	)	

Application 01-7072 (Old number 45-7352) was filed by Glen Dale Farms, Inc. on August 2, 1978, seeking a permit to appropriate 1.54 cfs of water from the waste discharge of the City of Burley, which is tributary to the Snake River in the NE1/4SE1/4, Section 17, Twp. 10S, Rge. 32E., B.M., Cassia County.

The waste water discharged by the City's water treatment and sewage disposal plant will continue to be discharged by the City into the Snake River. The application then proposes to claim credit for this water by diverting the same quantity of water from the Snake River at Milner Dam and via the Milner Low-Lift Irrigation District's pumping plant located in the SE1/4SE1/4, Section 29, Twp. 10S, Rge. 21E, B.M., Twin Falls County. The water would then be conveyed through the Milner Low-Lift Irrigation District's canals to a pumping station located in the SE1/4 of Section 14, Twp. 11S, Rge. 20E, B.M., Twin Falls County, where it would then be distributed on the applicant's farm lands for irrigation.

The applicant has no control over the amount of water discharged from the City's treatment plant and would only have possession and control of the water at Milner Dam. The applicant proposes no significant change in the past deliveries and use of this water but only has applied to claim credit for the waste discharge from the City of Burley's treatment plants. An analysis of this matter indicates that the waste discharge has flowed into the Snake River since 1962 and therefore must be considered Snake River water.

IT IS, THEREFORE ORDERED and Application for Permit No. 01-7072 is hereby approved with the following conditions:

1. The source of the water shall be the Snake River and the point of diversion shall be at Milner Dam described as within the SE1/4SE1/4, Section 29, Twp. 10S, Rge. 21E, B.M., Twin Falls County.
2. The diversion and use of water under this permit shall be subject to all prior water rights on the Snake River and tributaries.

MICROFILMED

3. The use of water under this permit is subject to control by the watermaster of State Water District No. 01, Upper Snake River.

4. Prior to diversion of water under this permit the permit holder must obtain adequate supplemental water for the portion of the irrigation season that natural flow is not available.

5. The issuance of this permit in no way grants any right-of-way or easement across the land of another.

6. Water shall not be diverted under this permit until a written agreement with the Milner Low-Lift Irrigation District is obtained by the applicant and filed with the Department and with the watermaster of Water District 01. Such agreement shall substantially describe how the water shall be diverted and delivered to the applicants pumping station located in Section 14, Twp. 11S, Rge. 20E, B.M.

7. A measuring device and lockable controlling works of a type acceptable to the Department and the watermaster shall be permanently installed as part of the diverting works and at the redirection pumping station.

8. Permit holder shall commence the excavation or construction of the diverting works within one year of the date this permit is issued and shall proceed diligently until the project is complete.

9. Proof of construction of works and application of water to beneficial use be submitted on or before May 1, 1987.

Dated this 17 day of May, 1982.

EXAMINATION FEE NOTICE

Dear Permit Holder:

Department records show that proof of beneficial use has been submitted for the above-referenced permit, but that a field examination has not yet been conducted to determine the extent of beneficial use of the water for licensing purposes.

House Bill 671 (effective April 4, 1986) enacted by the 1986 Idaho Legislature requires the payment of a fee before this department can conduct the field examination needed to issue a license confirming use of water under the permit. This letter is notification that the license examination fee is due within sixty (60) days of the date of this letter. The examination fee information sheet (enclosed) must be returned with the fee.

As an alternative to submitting the fee, the department will accept a field examination report completed by a certified water right examiner from the private sector. If you choose to have the examination done by a certified water right examiner, you need not submit the license examination fee to the department, but you must within sixty (60) days of the date of this letter return to the department, the examination fee information sheet showing appropriate information together with a statement from the certified examiner to verify that you have retained a certified examiner to conduct the field examination. If you choose this alternative, a completed field examination report must be submitted within one year of the date of this letter. You cannot later change your decision to use this alternative and submit the fee needed for the department to conduct the field examination, but you may change to another certified examiner.

Examination Fee Notice
Page 2

Certified water right examiners are licensed engineers or geologists certified by the department to conduct water right examinations. The procedure for certifying examiners results from the recently enacted HB 671 and is being developed at this time. A listing of certified water right examiners will be available from this department when examiners have been certified.

If your permitted use, in fact, has already been examined by the department and you have not asked to have the examination repeated, the fee requirement is not applicable to your permit. If you believe this is the case, please contact the department.

The license examination fee is to be based on the amount of water you indicate you have developed, as listed in item 6 on the examination fee information sheet. The amount of water on which the examination fee is based can be less than the permitted amount, if less water has been diverted and beneficially used. The licensed amount of water, however, will not exceed the amount you claim on the examination fee information sheet. The enclosed license examination fee schedule shows a listing of applicable fees.

FAILURE TO SUBMIT WITHIN THE SIXTY (60) DAY PERIOD, THE FEE OR THE STATEMENT THAT A CERTIFIED EXAMINER HAS BEEN RETAINED TO MAKE THE FIELD EXAMINATION, WILL BE CAUSE TO ADVANCE THE PRIORITY OF THE PERMIT ONE DAY FOR EACH DAY THAT THE FEE SUBMITTAL IS LATE.

FAILURE TO SUBMIT THE FEE OR THE COMPLETED FIELD EXAMINATION REPORT WITHIN A YEAR WILL BE CAUSE TO CONSIDER THE PROOF OF BENEFICIAL USE TO BE INCOMPLETE AND TO LAPSE THE PERMIT.

The attached examination fee information sheet and the fee may be submitted to the following department office.

Re: Permit No. 01-7072

Gentlemen: ,

We acknowledge receipt of the affidavit submitted as proof of beneficial use for the above referenced permit.

Before a license can be issued, a field examination must be made by a representative of this Department. We cannot tell just when this examination will be made, but our examiner will try to contact you at the time he makes the examination so that you may show him the system.

Field examinations must be done while the system is in operation. For this reason we concentrate on irrigation permits during the summer months and do examinations on permits for other uses during the non-irrigating months.

If you have any questions regarding the field examination, please contact our office.

Sincerely,

Gary L. Funderburg
Sr. Water Resource Agent

FROM Dave T
TO Bob

I don't feel they would be willing to amend the application.
Bob

SUBJECT

I agree with Jim, that a stronger resolution of this application would be for the applicant to amend the source prior to our approval. However, the solution presented by Allen Merritt is quicker and more expedient. In this case I favor Allen's approach.

FROM: Jim

RE: Application 45-7352

THE ATTACHED MEMORANDUM DECISION PROPOSES TO CHANGE THE SOURCE OF THE APPLICATION AND THEN APPROVE IT WITH CERTAIN CONDITIONS.

AS AN ALTERNATIVE TO THE ABOVE ACTION PERHAPS WE SHOULD ALLOW THE APPLICANT AN OPPORTUNITY TO AMEND THE SOURCE TO THE SNAKE RIVER. IF HE DECLINES TO DO SO THEN THE DEPARTMENT WOULD BE IN A BETTER POSITION TO DENY THE APPLICATION ON THE BASIS THAT ^{IT IS} NOT MADE IN GOOD FAITH - AS IT APPEARS THAT HE IS ~~TRYING~~ TRYING TO APPROPRIATE A SOURCE NOT SUBJECT TO PRIOR SNAKE RIVER RIGHTS.

KMG

- (w) 1) correct item 2:3 as shown
- (w) 2) Type condition 26 on Memorandum Decision
- (w) 3) Have Bent assign an OI- Basin Number to this permit application

RECOMMENDATION OF WATERMASTER

I, Ronald D. Carlson, watermaster of Snake River,
of Water District No. 01, County of Bonneville, State of Idaho,
whose address is 1515 Lincoln Rd. Idaho Falls, Idaho
have read the attached copy of the application for permit for 45-7352
(name), and to the best of my knowledge believe the
application to be true.

A. I hereby endorse the above numbered Application for Permit and re-
commend that the Director of the Department of Water Resources approve the
Application subject to the following reasons: _____

OR

B. I do not endorse approval of the above numbered Application for
Permit as requested for the following reasons: The waste discharge from
the City of Burley has been tributary to the Snake river for some time.
I can not see how this application is any different from an application for
water from the Snake at Milner.

Dated at Idaho Falls, Idaho, this 8th day of August, 1978.

PRE-PERMIT SURFACE-WATER EXAMINATION DATA SHEET

Date 8-9-78 Examiner Allen Merritt Application No. 45-7352

Applicant(s) Interviewed None

Upstream Users Interviewed None

&/or Upstream Diversions Inspected None

Downstream Users Interviewed None

&/or Downstream Diversions Inspected None

Legal Description Verified By Map (or give proper description) Appears to be in proper location however NESE is Gov't Lot 1 of Sec. 17

Water Flow: Visual Estimate 1-2 cfs Channel Width 2 1/2' Average Depth 6"

Water Velocity 1-2 ft/sec Channel Slope Varies

Do Additional Inflows Enter Downstream From This Diversion?

Does This Water Enter Canal-Company Waterways? Canal Co. Approval?

Source Of Waste Water: Legal Description Waste water comes from city sewage ponds in Sec. 17 & 16.

Proportion Of Water Flow Arising On Applicant's Land

Does There Appear To Be Sufficient Water To Fulfill This Application Without Harming Downstream Users? Yes ☒ No ☐

Do Other Aspects Of The Application Appear To Be As Stated? Yes ☒ No ☐

Notes At time of examination one of the ponds was dry and water was flowing only from the pond in Sec. 16. The wastewater from these ponds flows into a collector ditch which then flows directly into the Snake River.

Re: Application for Permit #45-7352

Gentlemen:

Enclosed you will find a legal notice which we wish to have published once a week for two consecutive weekly issues of your newspaper. We have inserted the publication dates allowing ample time for you to submit us a galley proof for review before publication.

After sending us a galley proof, proceed with the publication on the dates we have inserted, assuming the notice is correct. If we have any corrections, we will notify you before the first publication. If you cannot publish the notice on the proposed dates, please contact us immediately.

In order to receive payment, an affidavit of publication must be submitted to the Department along with the publication bill.

Sincerely,

Loren O. Holmes
