Messrs. St. Clair & St. Clair

Idaho Falls, Idaho

ATT: Mr. Gilbert C. St. Clair

Dear Mr. St. Clair:

We acknowledge receipt of your letter of September 10, 1953, enclosing duplicate deposition of Rollo Dutson in proof of completion of works on Permit No. 21092.

If you will refer to office letter addressed you April 28, 1953, you will note that in order to reinstate this permit it will be necessary to furnish depositions of Mr. Dutson and two witnesses stating definitely that the works were completed prior to the due date which was June 4, 1952, on Permit No. 21092.

We return Mr. Dutson's deposition in order that it may be so completed and returned with corroborating depositions of two witnesses on the forms enclosed.

In regard to Permit No. 21104, our records show that this permit is for 5 second feet of water from Roberts Slough for use on the NW¹/₄ NE¹/₄, SE¹/₄ Section 4, and the E¹/₂ NW¹/₄ Section 3, Township 4 North, Range 34 East, B.M., whereas Permit No. 21092 is for only 2 second feet of water for use on the E¹/₂ of Section 4.

We also note that Question 3 of Mr. Dutson's deposition gives a different point of diversion than that described in the permit. The permit gives the point of diversion in the SW¹/₄ SE¹/₄ Section 33, Township 5 North, Range 37 East, B.M., instead of the NW¹/₄ NE¹/₄ Section 4, Township 4 North, Range 37 East, B.M. If there has been a change in the point of diversion, the permit should be amended by submitting the form enclosed.
