INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

**NOTICE FOR PUBLICATION
NOTICE OF PROOF OF APPLICATION
OF WATER TO BENEFICIAL USE**

Notice is hereby given that at 10:00 A. M. on the 26th day of April, 1954, at Burley, County of Cassia, State of Idaho, before George Booth Jr., a Notary Public, proof will be submitted of the application to beneficial use of 1.1 cubic feet per second of the waters of Snake River in accordance with the terms and conditions of Permit No. 22022 heretofore issued by the State Reclamation Engineer of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Jesse Vaughn Hobson, Route 2, Burley, Idaho.

The use to which said water has been applied is irrigation.

The amount applied to beneficial use is 1.1 cubic feet per second.

The place where said water is used Lot 2 of SE 1/4 of Section 19, Township 10 South, Range 22 E.B.M. (15.12 acres); Lot 4 of SW 1/4 of Section 19, Township 10 South, Range 22 E.B.M. (5.62 acres); Tax 89 of NE 1/4 of Section 30, Township 10 South, Range 22 E.B.M. (13.0 acres); Tax 90 of NE 1/4 of Section 30, Township 10 South, Range 22 E.B.M. (19.75 acres), being a total of 53.49 acres in all.

The name of the canal or ditch or other works by which said water is conducted to such place of use is none; water is pumped directly from river to the lands described above.

The right to take water from such works is based upon Permit No. 22022.

The source of supply from which such water is diverted is Snake River.

The date of priority which said user is prepared to establish is March 22, 1951.

MARK R. KULP,

State Reclamation Engineer.

State of Idaho
License and Certificate of Water Right

Water License No. 22022 Amount 1.06 second feet
Water District No. Priority March 22, 1951

THIS IS TO CERTIFY that JESSE VAUGHN HOBSON
of Burley, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated March 22, 19 51 ; that Permit No. 22022
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
1.1 second feet, was issued thereunder on May 1, 19 52, showing that said works
were completed on the 10th day of April, 19 52 ; and that on the 26th
day of April, 19 54 ,

JESSE VAUGHN HOBSON
of Burley, State of Idaho, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of Snake River
, a tributary of Columbia River, for the purpose of irrigation
, under Use Permit No. 22022 of the Department of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
9 of Licenses at page 5309, on the 5th day of August, 19 54 ;
The right hereby confirmed dates from March 22, 19 51 ;

The Point of Diversion is located in Lot 3,
in the 1/4 Sec. 19, Tp. 10 S., R. 22 E., B. M. Cassia County

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
not exceed 1.06 cubic feet per second.

Description and location of use:

APPLICATION FOR PERMIT
To Appropriate the Public Waters of the State of Idaho

APPLICATION No. 29745
PERMIT No. 22022
DISTRICT No.

1. Name of Applicant: JESSE VAUGHN HOBSON
Postoffice address: Route 2, Burley County: Cassia State: Idaho
I. If applicant is a corporation, give:
(a) Date and place of incorporation:
(b) Amount of capital stock:
(c) Amount paid in:
(d) Names and addresses of directors:
II. The financial resources of the applicant are:
(a) Cash on hand:
(b) Treasury stock:
(c) Bonds to be issued:
(d) Other resources: Farming and cattle
2. Quantity of water claimed: 1.1 cubic feet per second.
3. Source of water supply: Snake River (Would like to / pump water from the river 4 miles above the Milner Dam, for irrigation which is a tributary of
4. Location of point of diversion: 1820 feet distant from the SW $\frac{1}{4}$ SW $\frac{1}{4}$ corner of Section 19, T. 10 S., R. 22 E., B. M., and is in ~~the~~ Lot 3 of Section 19, T. 10 S., R. 22 E., B. M., County of Cassia
5. Water is to be used for Irrigation
6. If for mining, milling, power or manufacturing purposes, give:
(a) Point of use of water: feet distant from corner of Section T., R., B. M., in the of Section, T., R., B. M.
(b) Amount of power generated: H.P., under feet head.
(c) Water is to be returned to at a point feet distant from the corner of Section, T., R., B. M., in the of Section, T., R., B. M.
7. Estimated cost of works: \$3,500.00
8. Kind of works: I will irrigate with a sprinkling system- pump and aluminum pipes
9. Height of dam feet; length of dam at top feet; length of dam at bottom feet; material used in dam:
10. Size of headgate: Width feet; height feet.
11. Ditch: Width at bottom feet; width at water line feet; depth of water feet; dimensions of flume:
Diameter of pipe 4 inches; length of conduit 1/2 mile of main lines (estimated) miles
Average grade per mile 8 to 10 estimated feet.
12. The time required for the completion of such work is I could irrigate ~~over~~ most of it this year- 1951
13. The time required for the complete application of the water to the proposed use is 1 - 2 additional years.
14. The land to be irrigated is described in the following tabulation: See remarks.
15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: None

16. (a) Is reservoir to be used? If so, fill in (b) and (c) below:
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho as herein set forth.

By LEN JORDAN

Governor.

By IRA H. MASTERS

Secretary of State.

REMARKS: I wish to pump water from the Snake River to irrigate 53.49 acres of my land between the railroad and the river. I have water rights for my land above the railroad tracks. I plan to put it into grain and possibly some beans. The land is good and should irrigate pretty good in most places. I may not be able to get water on some of it, though- that is, this year, or until I can get some levelling done.

RE: Permit No. 22022

Mr. Jesse Vaughn Hobson
Burley
Idaho

Dear Mr. Hobson:

We enclose License and Certificate of Water Right issued under Permit No. 22022 confirming your right to the use of 1.06 second feet of water from Snake River with point of diversion in Lot 3, Section 19, Township 10 South, Range 22 East B.M. for irrigation of land in Lots 3 and 4 Section 19, Township 10 South, Range 22 East B.M., and Tax Nos. 89 and 90 Section 30, same Township and Range, with priority of March 22, 1951.

We also enclose departmental receipt No. 26812 for the \$8.00 fee paid in connection with beneficial use proof.

Very truly yours,

MARK R. KULP
State Reclamation Engineer
By

July 30, 1954

RE: Permit No. 22022

Mr. Jesse Vaughn Hobson
Burley
Idaho

Dear Mr. Hobson:

Milner Lake Beaching Slopes.

I have your letter of July 27, enclosing check for fees in connection with license matters on Permit No. 22022 and asking advice and comments on erosion along the shore of Milner Lake.

The 1 to 10 beaching slope was one adopted by the U. S. Bureau of Reclamation in connection with purchase of right of way for wave erosion on American Falls Reservoir.

Beaching slopes depend on water elevation, wind fetch which affects wave height, duration of these and the type of soil and I would not venture a guess as to whether the 1 to 10 would apply either to Milner Lake or American Falls Reservoir

I have been told that the Twin Falls Canal Co., who is the principal owner of Milner Dam, tries to make fair settlements, but I do not have enough information to make a proper appraisal.

At any rate it would not be proper for a state agency to advise one citizen what steps to take against another citizen in case of a difference of opinion.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

K:br

22022

RE: permit No. 22022

Curley, Idaho
July 27, 1954

State of Idaho
Department of Reclamation
Boise,

RECEIVED
JUL 29 1954
Department of Reclamation

Dear Mr. Kulp:

I am enclosing an \$8.00
fee a license to use ~~the water~~ 1.06 second
feet of water for irrigation from the Snake River.
I want to thank you for your help and
interest in obtaining me a water permit. I
am going to have a crane farm down here.

I have another problem, that you may
help me with. We are located on what
is called Milner Lake or reservoir and when
the wind blows it crashes our land away
every fast. I have had it surveyed recently
and there is near ten acres in the river
now. We have talked with the Twin Falls Canal
Co and they want to make a settlement ^{from} 1 to 10 ~~thousand~~
basis. Saying that it will break itself.

(over)

22022

We have lived here for 13 years now and it
is washing just as bad now as it ever did, and
I personally don't think it will ever beach it self.
~~and~~ I think it will have to be rip rapped.
They say they can't afford to rip rap and
they will only pay on the land taken in the last
five years and what they figure it will take another
1 to 10 beach bases and they want me to sign a
statement to free them of any further obligation
even though it wastes ~~the~~ for years their two
beach points.

I don't want to settle like that because, if
it hasn't stopped washing any place along our shore
line since the Dam was put in in 1919 then
I certainly can't see it stopping in from 1 foot
to 30 feet further in according to the ~~height~~ height
of the ground at the water edge. The shore
line has moved in an average of nearly 4 feet
each year.

What would you advise ~~me~~ to do?
Maybe you could comment on this 1 to 10 beach-
bases, it was supposedly set by the government years ago.
Very truly yours,
Jesse Vaughn Hobson

July 24, 1954

RE: Permit No. 22022

Mr. Jesse Vaughn Hobson
Route 2
Burley, Idaho

Dear Mr. Hobson:

The report of our field engineer on examination for beneficial use on Permit No. 22022 shows that you have irrigated 53 acres in Lots 3 and 4 of Section 19 and Tax Nos. 89 and 90 Section 30, Township 10 South, Range 22 East B.M.

A License can, therefore, be issued for 53 inches or 1.06 second feet of water from Snake River upon receipt of the statutory fee of \$8.00.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO
REPORT OF ENGINEER

Permit No. 22022This proof is for Beneficial Use In Water District No. _____1. Name of applicant Jesse Vaughn Hobson, Route 2, Burley, Idaho2. Source of water supply: Snake River3. Location of point of diversion: Is in the Lot 3 of Section 19T. 10 S. R. 22 E. County of Cassia

4. Describe works as they exist, giving dimensions and capacities of same: This system is part sprinkler and part gravity. Both pump from the same point of diversion. Sprinkler System has a 10 HP. Smithway Motor and Peerless 2 1/2" to 2" centrifugal pump. There is 1300' of 4" aluminum main and a little over a quarter of a mile of 3" aluminum lateral. There are 35 rain bird sprinklers No. 40, size 1/8 by 3/16. The other system uses a 3 hp G. E. Motor No. TK 15984 and a size 4 Parma Water Lifter Pump no. 508. There is an 8" concrete pipe line to the high point in the SW. Approximately 31 acres irrigated by gravity and 22 acres by sprinkler system. There is a ditch approximately 300' long by 3' to 4' wide that permits the Snake River water to reach these pumps.

5. Water is used for: Irrigation.6. State whether or not water has been turned into works of diversion: Yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

Lots 3 and 4 Section 19;Tax Nos. 89 and 90, Section 30;Twp. 10 South, Range 22 East, B. M.See the Map.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? _____

Remarks: _____

Explanation for 2nd system. Mr. Hobson found his sprinkler system to limited in capacity - crops were burning - so he installed a gravity system to irrigate approx. one half of the land supposed to be covered by the sprinklers.

This examination was made on the 13 day of July, 1954(Signed) E. H. Humphrey Examiner.

Westinghouse & [D] switches
& controls

Irrigate only N. of R.R.
also N. of Highway.

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

RE: Permit No. 22022

Mr. Jesse Vaughn Hobson
Route 2
Burley, Idaho

Dear Mr. Hobson:

We acknowledge receipt of the depositions of yourself and two witnesses, also Affidavit of Publication in the Burley Herald all in proof of Beneficial Use on Permit No. 22022.

This completes your proofs, but before final action is taken the law requires that a field examination be made by an engineer from this Department.

We cannot say just when this examination will be made, but our field engineer will contact you at the time he makes the examination in order that you may arrange to show him over the ground.

Very truly yours,

MARK R. KULP
State Reclamation Engineer
By

STATE OF IDAHO }
COUNTY OF CASSIA } ss.

Junior W. Ross

...first being duly sworn, deposes and says: That he is the printer of The Burley Herald and/or The Burley Bulletin, a weekly newspaper published at Burley, in the County of Cassia, State of Idaho; that the said newspaper has a general circulation in said county, and that the said newspaper is published weekly and has been continuously and uninterruptedly published in said county, not less frequently than once a week, during a period of seventy-eight consecutive weeks immediately prior to the first publication of the printed notice herein referred to:

That said newspaper at all times herein mentioned, has been a newspaper of general circulation, made up of at least four pages of at least five columns each, printed from typed matter or stereotyped forms of at least seventeen and three-fourths inches depth, and during the whole of said time has had at least two hundred bona-fide subscribers living within said County of Cassia.

Affiant further states that the printed notice attached hereto was duly published according to law, in the regular weekly editions of the said newspaper and not in any supplement thereof, for four consecutive weeks, commencing with the issue dated Mar. 30, 1954, and ending with the issue dated Apr. 20, 1954.

Subscribed and sworn to before me this 20th day of April 1954

Notary Public in and for the State of Idaho,
Residing at Burley, Idaho.

My Commission Expires June 4, 1955

The said dam, project will be
 for the appropriation to bene-
 fit of 11 cubic feet per sec-
 onds of waters of Snake River in
 accordance with the terms and con-
 ditions of Permit No. 22022 hereto-
 fore issued by the State Reclama-
 tion Engineer of the State of Idaho.
 The name and postoffice address
 of the person or corporation holding
 said permit are Jesse Vaughn Hob-
 son, Route 2, Burley, Idaho.
 The use to which said water has
 been applied is irrigation.
 The amount applied to beneficial
 use is 1.1 cubic feet per second.
 The place where said water is
 diverted is at SW 1/4 of Section 13
 Township 10 South, Range 22 E.B.M.
 (13.0 acres); Lot 4 of SW 1/4 of Sec-
 tion 15, Township 10 South, Range
 22 E.B.M. (13.0 acres); and Sec. 39 of
 Township 10 South, Range 22 E.B.M.
 (36.0 acres); of Section 30, Town-
 ship 10 South, Range 22 E.B.M.
 (36.0 acres), being a total of 53.49
 acres.
 The name of the canal or ditch or
 works by which said water is
 diverted to such place or use is
 said water is pumped directly
 to the lands described
 above to take water from
 Snake River. The project is based upon Permit
 No. 22022 under which
 water is diverted is Snake
 River.
 The date of priority, which said
 project is proposed to establish is
 May 1, 1906.

Permit No. 22022

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Jesse Vaughn Hobson, residing at Route 2, Burley, Idaho. My occupation is
farming and my postoffice address is Route 2, Burley, Idaho

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. _____

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit Number 22022, approved April 7, 1951. Date of priority, MARCH 22, 1951

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Snake River. Water is diverted at a point 1,820 feet from the southwest
corner of Sec. 19, Twp. 10 S., Rge. 22 EBM. Lot 3

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined.

Ans. Water is pumped directly from the river and conveyed by pipe to a sprinkling
system. The pump, I am informed by an engineer of the concern which installed
it, is rated at 300 gallons per minute or .67 second feet.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. The water is used in the irrigation of Lot 3 and Lot 4 of the SW $\frac{1}{4}$ of Sec. 19,
Twp 10 S., Rge 22 EBM and to Tax 89 and Tax 90 of Sec. 30, Twp. 10 S., Rge 22
EBM, being 53.49 acres in all. Beans, grain and pasture have been grown on
these lands through the application of the diverted water.

22022

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. _____

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. I need, I believe, approximately 55 inches for full utilization of the land

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. _____

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. I have irrigated the lands described above for the years of 1951, 1952, and 1953 and, by rotation of the water, produced crops of beans, grain and pasture

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None

(Sign) _____

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Burley, County of Cassia, State of Idaho, on this 26th day of April, A. D. 1954,

My commission expires January 22, 1956

22022

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

PERMIT NO. 22022

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Joseph H. Stokes, age 63, Route 2, Burley, Idaho. Occupation: Farming.

Postoffice Address: Route 2, Burley, Idaho

Ques. 2. Are you acquainted with Jesse Vaughn Hobson, the holder of Permit No. 22022? How long have you known him and where does he reside?

Ans. Yes. I have known him for approximately ten years. He resides at Route 2, Burley, Idaho

Ques. 3. Have you read or heard read said Permit No. 22022, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. The Snake River is the source of the water diverted by Mr. Hobson. The water is pumped from the River at a point 1,820 feet from the southwest corner of Sec. 19, Twp 10 S., Rge 22 EBM., and is conveyed by pipe to the sprinkling system through which the water is applied to the lands under cultivation.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

I estimate the capacity of the system, aside from the pump, at .75 second feet.
Ans. I understand the pump capacity to be .67 second feet and I would estimate that I have seen the works conveying that amount.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. The water has been applied to the irrigation of Lots 3 and 4 of SW $\frac{1}{4}$ of Sec. 19, Twp 10 S., Rge 22 EBM and to Tax 89 and Tax 90 of Sec. 30, Twp. 10 S., Rge 22 EBM, comprising in all 53.49 acres. Beans, grain, and some pasture have been grown.

22022

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The land reclaimed is of excellent quality, but its full and proper utilization require more water than Mr. Hobson is currently diverting. I estimate his minimum water requirements at 55 inches; he is apparently diverting about 33 inches.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. None

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. At frequent intervals since and including the year 1951 I have witnessed the irrigation of the lands described above and have seen the production of beans, grain, and pasture as a result of the application of the waters diverted.

(Signed) Joseph H. Litskie

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Burley,

County of Cassia, State of Idaho, on this 26th day of April,
A. D. 19 54.

Geo. L. L. L.

Notary Public.

My commission expires January 22, 1956.

22022

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

PERMIT NO. 22022

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Lawrence W. Hanks, age 33, residing at Route 2, Burley, Idaho. My
occupation is farming and I receive my mail at Route 2, Burley, Idaho

Ques. 2. Are you acquainted with Jesse Vaughn Hobson, the holder of Permit No. 22022? How long have you known him and where does he reside?

Ans. I have known Jesse Vaughn Hobson for ten years. He resides at Route 2,
Burley, Idaho

Ques. 3. Have you read or heard read said Permit No. 22022, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. The Snake River is the source of the water. The water is diverted by pump at
a point 1,820 feet from the southwest corner of Sec. 19, Twp 10 S., Rge 22 EBM
and conveyed thence by pipe to a sprinkling system

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. I have never measured the water being delivered. I have been given to understand
that the pump capacity is .67 second feet and I estimate that I have seen that
quantity of water being delivered.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. The water has been applied in the irrigation of Lots 3 and 4 of the SW $\frac{1}{4}$ of Sec.
19, Twp 10 S., Rge 22 EBM and to Tax 89 and Tax 90 of Sec. 30, Twp. 10 S., Rge
22 EBM, a total of 53.49 acres. Grain, beans, and pasture have been grown.

22022

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The land is good. Its proper cultivation requires, I would estimate, approximately one inch per acre, or approximately 55 inches in all

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. None

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have been a frequent witness of Mr. Hobson's developments and have seen the irrigation of the above lands on several occasions since 1951. Grain, beans, and pasture have been produced

(Signed) Lawrence H. Hanks

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Burley, Idaho, County of Cassia, State of Idaho, on this 26th day of April, A. D. 19 54.

RE: Permit No. 22022

Mr. Jess Vaughn Hobson
Route 2
Burley, Idaho

Dear Mr. Hobson:

In accordance with your letter of March 22nd, we have sent to the Burley Herald-Bulletin notice of Beneficial Use proof to be made on your Permit No. 22022 April 26, 1954, with instructions to publish it once a week for four weeks prior to that date and to send you the affidavit of publication together with statement of costs.

At the time set you should appear before Mr. George Booth, Jr., Notary Public, together with two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder for the purpose of executing the enclosed depositions.

These depositions are to be returned to this Department when completed together with the affidavit of publication. That is all that will be required of you and after a field examination has been made by an engineer from this Department, a license can be issued which is your permanent water right so long as the water is Beneficially Used.

NOTICE FOR PUBLICATION
**NOTICE OF PROOF APPLICATION OF WATER
 TO BENEFICIAL USE**

Notice is hereby given that at 10:00 A. M. on the 26th day of APRIL, 1954,
 at BURLEY, County of CASSIA, State of Idaho, before
GEORGE BOOTH, JR., A NOTARY PUBLIC, proof will be submitted of the
 application to beneficial use of 1.1 cubic feet per second of the waters of SNAKE RIVER
 in accordance with the terms and conditions of Permit No. 22022
 heretofore issued by the STATE RECLAMATION ENGINEER of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are _____

JESSE VAUGHN HOBSON, ROUTE 2, BURLEY, IDAHO

The use to which said water has been applied is IRRIGATION

The amount applied to beneficial use is 1.1 CUBIC FEET PER SECOND

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated) 7

LOT 3 OF SE $\frac{1}{4}$ OF SECTION 19, TOWNSHIP 10 SOUTH, RANGE 22 E. B. M. 15.12 ACRES);

LOT 4 OF SW $\frac{1}{4}$ OF SECTION 19, TOWNSHIP 10 SOUTH, RANGE 22 E. B. M. (5.62 ACRES);

TAX 89 OF NE $\frac{1}{4}$ OF SECTION 30, TOWNSHIP 10 SOUTH, RANGE 22 E. B. M. (13.0 ACRES)

TAX 90 OF NE $\frac{1}{4}$ OF SECTION 30, TOWNSHIP 10 SOUTH, RANGE 22 E. B. M. (19.75 ACRES),

BEING A TOTAL OF 53.49 ACRES IN ALL

The name of the canal or ditch or other works by which said water is conducted to such place of use is _____

NONE; WATER IS PUMPED DIRECTLY FROM RIVER TO THE LANDS DESCRIBED ABOVE

The right to take water from such works is based upon Permit No. 22022

The source of supply from which such water is diverted is SNAKE RIVER

The date of priority which said user is prepared to establish is APRIL 7, 1954 ~~March 22, 1951~~

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Jesse Vaughn Hobson
Route 2
Burley, Idaho

Boise, Idaho **February 1, 1952**

Dear Sir:-

Under the terms of your Permit No. 22022.....you are required to complete your diversion works on or before April 7, 1952..... I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK R. KULP

State Reclamation Engineer

Re: Permit No. 22022

Mr. J. Vaughn Hobson
R.F.D. #2
Burley, Idaho

Dear Mr. Hobson:

We enclose Permit No. 22022, together with
Departmental Receipt No. 23237 for the \$5.25 filing
fee.

You will note that we have allowed one year
for making Proof of Completion of Works and an additional
two years for making Proof of Beneficial Use.

However, these proofs may be made at any earlier
date that you are prepared to do so.

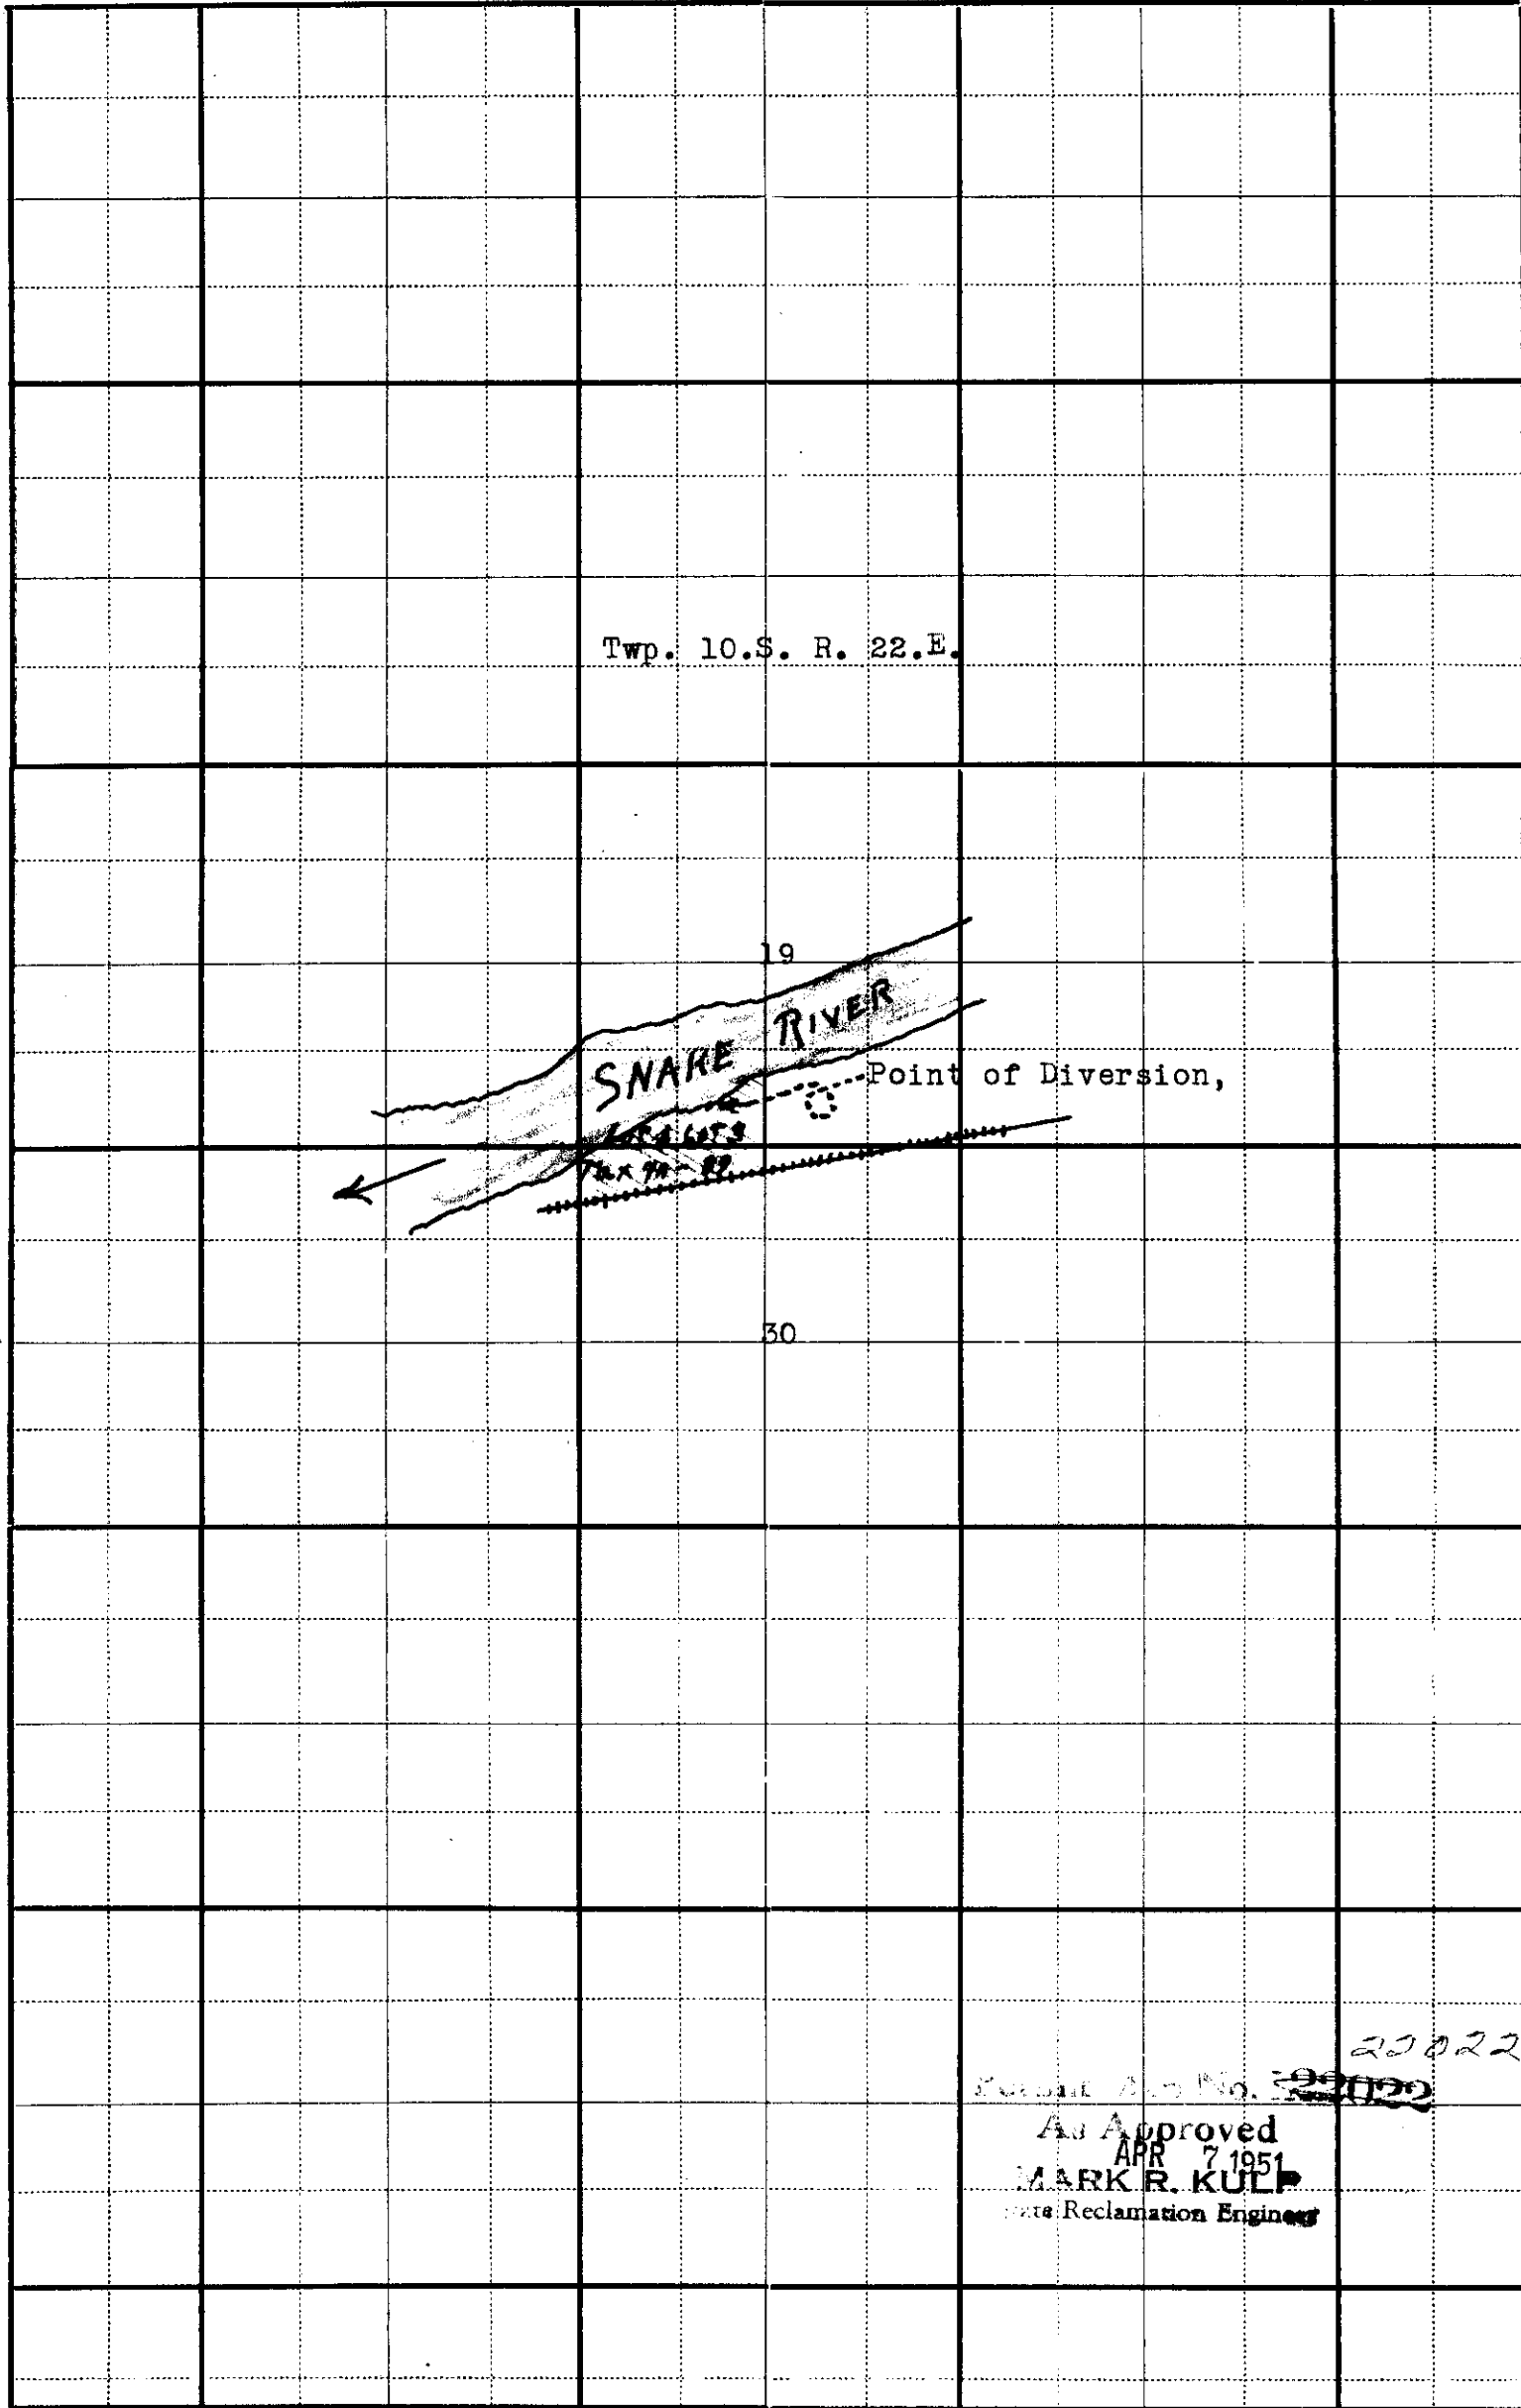

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Mr. J. Vaughn Hobson
R.F.D. #2
Burley, Idaho

Dear Mr. Hobson:

We acknowledge receipt of your application to appropriate 1.1 second foot of water from Snake River, accompanied by your check for the \$5.00 filing fee.

The application is returned herewith for the following corrections:

1. In Question 4, state whether the point of diversion is in Lot 4 or Lot 3. Also, mark the point of diversion on the sketch map.

2. Answer Questions 7 and 8 and such parts of Questions 10 and 11 as are applicable.

3. Answer Questions 12 and 13, indicating the length of time required for making the two statutory proofs required to complete the water right.

4. Question 14 should be answered giving the irrigable acreage in each subdivision. The law allows a maximum of one inch per acre, and if the total is 55 acres, you can be allowed 1.1 cubic feet per second, or 55 inches. In that event, the filing fee will amount to \$5.25, being at the rate of \$5.00 for the first second foot and \$.25 for each additional second foot or fraction thereof.

5. Answer Question 15.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Mr. J. Vaughn Hobson
Route #2
Burley, Idaho

Dear Mr. Hobson:

We are sending you forms for Application for Permit to appropriate the unappropriated public waters of the State, along with instructions.

The United States Bureau of Reclamation operates the American Falls Reservoir, and are the proper agency to contact in regard to the leasing of unallocated storage space in the reservoir for use after it requires all the natural flow of the river to satisfy existing rights. Mr. James Spofford at the U.S.B.R. Office in Burley handles these matters.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Mr. Mark Kulp
State Reclamation Engineer
Boise, Idaho

Dear Mr. Kulp:

I would like to make an application for a water permit to pump irrigation water from the Snake River. Mr. Lynn Crandall tells me that it is sometimes possible to rent water after the spring run-off over Milner dam. Will it be possible for me to rent water this year? If so what is the cost?

My farm, of approximately seventy acres, lies seven miles west of Burley along the river.

Very truly yours,

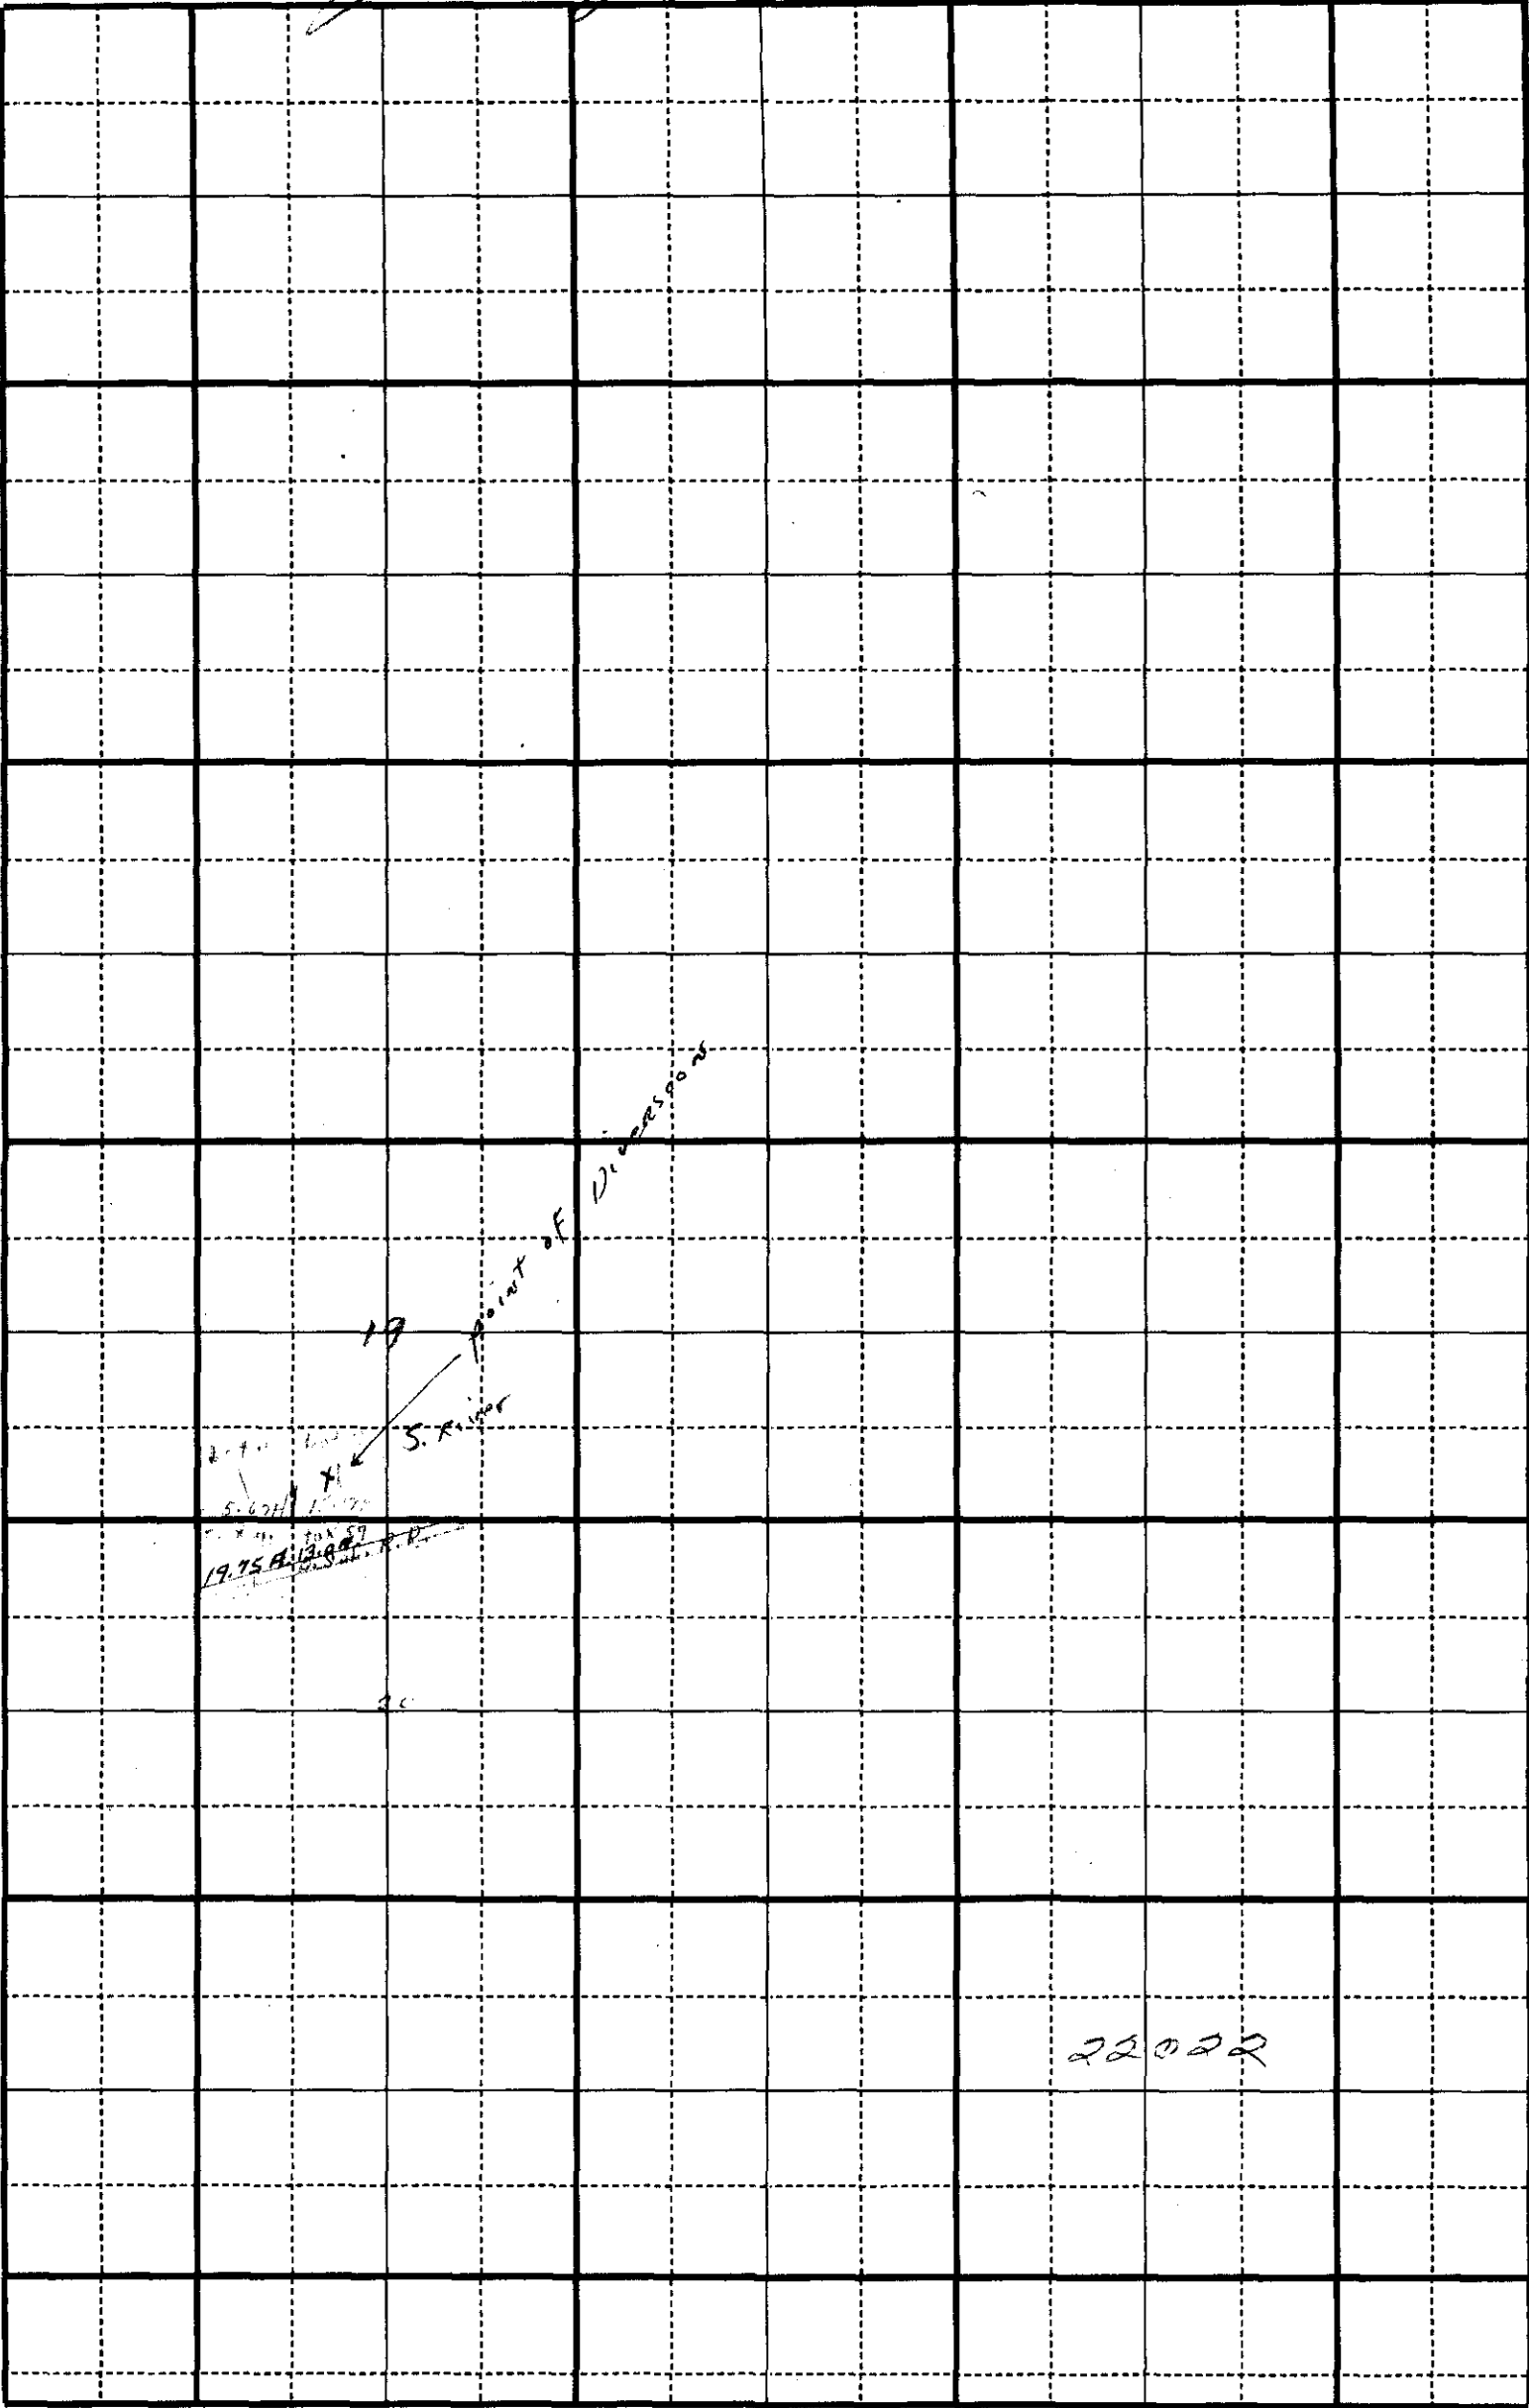

J. Vaughn Hobson

Department of Reclamation

NAME OF APPLICANT J. C. Hughes Holbro

Form No. 0

SCALE: 2 Inches Equal 1 Mile. Draw Plan In Ink.

**NOTICE OF FILING OF APPLICATION
FOR BENEFICIAL USE OF WATER TO BENEFICIAL USE**

Notice is hereby given that at 10:00 A. M. on the 26th day of April, 1951, at Burley, County of Cassia, State of Idaho, before George Booth, Jr., a Notary Public, proof will be submitted of the application to beneficial use of 1.1 cubic feet per second of the waters of Snake River in accordance with the terms and conditions of Permit No. 22022 heretofore issued by the State Reclamation Engineer of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Jesse Vaughn Hobson, Route 2, Burley, Idaho.

The use to which said water has been applied is irrigation.

The amount applied to beneficial use is 1.1 cubic feet per second.

The place where said water is used Lot 3 of SE $\frac{1}{4}$ of Section 19, Township 10 South, Range 22 E.B.M. (45.12 acres); Lot 4 of SW $\frac{1}{4}$ of Section 19, Township 10 South, Range 22 E.B.M. (45.62 acres); Tax 89 of SE $\frac{1}{4}$ of Section 30, Township 10 South, Range 22 E.B.M. (13.0 acres); Tax 90 of NE $\frac{1}{4}$ of Section 30, Township 10 South, Range 22 E.B.M. (9.75 acres), being a total of 53.49 acres in all.

The name of the canal or ditch or other works by which said water is conducted to such place of use is none; water is pumped directly from river to the lands described above.

The right to take water from such works is based upon Permit No. 22022.

The source of supply from which water is diverted is Snake River.

The date of priority which said water is prepared to establish is March 22, 1951.

MARK R. KULP,
State Reclamation Engineer.
