OF THE STATE OF IDAHO

IN THE MATTER OF APPLICATION)
FOR TEMPORARY CHANGE OF A)
WATER RIGHT No. TC-01-12 IN THE)
NAME OF TWIN FALLS CANAL CO.)
AND NORTH SIDE CANAL CO.)

**ORDER AUTHORIZING
TEMPORARY CHANGE**

WHEREAS, a drought emergency has been declared for Twin Falls, Jerome, Gooding and Counties to allow administrative actions to lessen the severe impacts of the drought conditions in the counties; and

WHEREAS, section 42-222A, Idaho Code, provides that upon declaration of a drought emergency, the director of the Department of Water Resources ("Department") is authorized to allow temporary changes in the point of diversion, the place of use, and the purpose of use for valid existing water rights when the director determines that such changes can be accomplished in accordance with the provisions of section 42-222A, Idaho Code; and

WHEREAS, on August 2, 2001 the Twin Falls Canal Company and North Side Canal Company ("applicants") submitted the attached Temporary Change Application ("application") to the Department; and

WHEREAS, the Department has reviewed the application and has determined the application can be approved with certain conditions;

ORDER

IT IS HEREBY ORDERED that the application is **APPROVED** subject to the following conditions:

1. Diversion and use of right no(s). 01-209 and 01-210 is authorized only at the point of diversion and place of use described on the application.
2. The watermaster of Water District No. 01 is authorized to administer the temporary change approval. The watermaster shall regulate and keep a record of the amount of water diverted and accumulated as proposed by the application, including the exchange of contract water rights owned by the applicants.
3. The applicant assumes all risk of curtailment or mitigation should the diversion and use of water under the temporary change approval cause injury to other water rights, constitute an enlargement in use of the original right, be inconsistent with the conservation of water resources within the

state of Idaho, or not be in the local public interest.

4. This temporary change approval may only be used to provide a replacement water supply to lands or other uses which normally have a full water supply, except for the drought condition. This temporary change approval may not be used to provide water for new development or to allow expansion of the use of water under existing water rights.
5. This temporary approval does not authorize the use of diversion works or a delivery system owned by or managed by a corporation or an irrigation district without the written consent of such corporation or irrigation district.
6. The applicant agrees to hold the director and the state of Idaho harmless from all liability on account of the diversion and use of water under this temporary change approval.
7. This temporary change approval does not grant any right-of-way or easement to use the diversion works or conveyance works of another person or entity.
8. The applicant shall measure the amount of water diverted and shall report the amount of water diverted under this approval.
9. This temporary change approval expires on October 15, 2001 unless rescinded or extended by the director. Thereafter, the water right shall revert to the point of diversion, place of use and nature of use existing prior to the temporary change approval.
10. By diversion and use of water under this temporary change, the applicant acknowledges and agrees that the Director may terminate diversion of water under this temporary change if the Director determines there is interference with or injury to other water rights.

DATED this 14TH day of AUGUST, 2001.

6. General Information:

- a. Who owns the water right to be changed? Twin Falls Canal Company
- b. Describe the arrangement allowing use of the right TFCC will allow NSCC to divert a portion of A01-00209 after September 5th, to repay an identical amount of A01-00210 to TFCC diverted prior to September 5th.
- c. Describe the affect on the land now irrigated if the change is approved pursuant to this application: Will facilitate a more efficient use of the right by rotating the water.
- d. Has the water right sought to be transferred been used this year? Yes If yes, explain. Will pay back NSCC for water exchanged.
- e. Absent the changes, how would the right be used for the remainder of the year? Diverted continuously by TFCC
- f. Describe other water rights used for the same purpose.
See Exhibit A

g. Remarks: NSCC's A01-00210 and TFCC's A01-00209 are of identical priority, designated as rights 2A and 2B in the Foster Decree. They are the only two natural flow rights yielding water below American Falls on Snake River at this time.

I hereby assume all risk in accordance with House Bill No. 4 and assert that no one will be injured by such change and that the change does not constitute an enlargement in use of the original right. The information contained in this application is true to the best of my knowledge. I understand that any willful misrepresentations made in this application may result in voiding its approval.

D. C. Mac WATERS, being first duly sworn upon his oath says, that he is President of the North Side Canal Company, Limited, a corporation, and as such is duly authorized to make this affidavit for and on behalf of said corporation.

That said North Side Canal Company, Limited, is joint owner together with Twin Falls North Side Land and Water Company, of a decreed water right appurtenant to the following described lands, to-wit:

Commencing at a point where the west line of Section three (3), Township Ten (10) South, Range Eighteen (18), E. B. M., intersects with Snake River, running thence north to the Northwest corner of Section Twenty-seven (27), in Township Nine (9), South, Range Eighteen (18), E. B. M.; thence East to the Northeast corner of Section Twenty-five (25), in Township Nine (9), South of Range Twenty (20), E. B. M.; thence South to the Southeast corner of Section Thirty-six (36), in Township Nine (9), South, Range Twenty (20), E. B. M.; thence East to the Northeast corner of Section Four (4), in Township Ten (10) South, Range Twenty-one (21), E. B. M.; thence South along Section lines to the North bank of Snake River; thence in a general westerly direction along the North bank of Snake River to the place of beginning; all of said lands being now in Minidoka County, and formerly in Lincoln County, Idaho, including within the above area all the lands included within List Six (6), being a Carey Act Segregation List filed in the United States Land Office at Hailey, Idaho, and comprising the lands commonly known as the First Segregation under the canal system of the Twin Falls North Side

Land and Water Company, in the following amount from the following date: 400 second feet from October 11, 1900, as evidenced by the decree dated the 30th day of June, 1913, in the cause entitled Twin Falls Canal Company, a corporation, Plaintiff, vs. Charles H. Foster, et al., Defendants, brought in the District Court of the Fourth Judicial District of the State of Idaho, in and for the County of Twin Falls, and as subsequently corrected and amended by said District Court by decree in said cause dated the 12th day of September, 1916.

That by said decree the point of diversion of said 400 second feet of water therein awarded is at the Milner Dam on the North Side of the Snake River.

That said corporation intends to change the point of diversion of 54 second feet of said water, as described in said decree, to the following described point, to-wit: at a point from which the quarter corner of Sections 21 and 22, Township 10 South, Range 21, E. B. M.; Minidoka County, Idaho, bears North 65° 18' West 5534 feet, on the North bank of Snake River.

That such change will be made for the following reasons to-wit: that certain of the lands embraced in said decree, and as shown by maps accompanying this affidavit, can be more effectively and conveniently irrigated from the proposed new point of diversion than that established and fixed by said decree; that there are no intervening users of the waters of said Snake River between the point of diversion fixed by said decree and said proposed new point of diversion.

That no one will be injured by such change and that

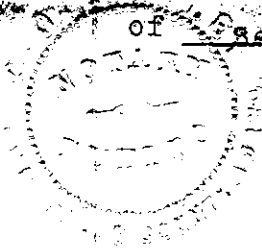

said corporation will make such change at its own risk.

And further deponent saith not.

Re Change Pt. Div.

Mr. D. C. MacWatters,
Jerome, Idaho.

Sir:--

Duplicate copy of your affidavit for change of point of diversion of decreed water right, held by the Twin Falls North Side Land & Water Co., is herewith returned to you, the original having been placed on file in this office. No certificate is issued for such transfers. One copy of the map is also returned to you.

Very truly yours,

J. H. SMITH,

State Engineer.
