Dear Mr. Furey:

In answer to your letter of April 18, 1973, please be advised that the Department has no procedure for changing its records to indicate a new owner once a permit has been licensed.

When a license is issued it becomes appurtenant to the land and ownership is automatically conveyed with the land unless it is specifically withheld in the sale transactions.

We are returning your original water license and will place your letter in our license file for future reference as to ownership. If you have any questions regarding this matter, please advise.

Dear Mr. Furey:

Pursuant to your letter of April 13, 1971; we have researched our records and find that the above numbered permit is in the name of E. L. Bailie, and that a field examination will not be conducted for this permit until beneficial use is submitted in 1974.

We have also checked our files to determine if perhaps there may be other water rights recorded in your name and find two other licensed water rights, one in the name of Sherman F. Furey, and the other in the names of Jack B. Furey and Sherman F. Furey, Jr.

We are enclosing copies of both of these licenses for your consideration. If you should have any further questions in reference to this matter, please advise.

Attorney at Law
Salmon, Idaho

Dear Sir:

Under the terms of your Permit No. 28007 you are required to make proofs of completion of works and application of water to beneficial use on or before June 26, 1960.

We enclose Form 6 to be filled in and sworn to by you before a Notary Public, and returned to this department on or before the above date, for making proof of completion under the permit. Upon receipt of this affidavit, provided same satisfactorily shows the completion of works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion of Works will be issued to you.

We enclose Form 10, in duplicate, which is to be filled in and returned to this department at least forty (40) days before the above mentioned date or before the time you intend to make proof. This form, in duplicate, is to include the time of day, the date (allowing for four weeks publication), the name of the town, the address of the Notary Public before whom you will appear to make the depositions of proof (this may be at any place that is convenient for you and your two witnesses), the quantity of water, for what purpose it is used, the point or points of diversion and the location of use or lands which are irrigated--by 40-acre legal land description. Descriptions should be taken from your Permit, including any amendments thereto, as recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

Also enclosed is Form 11, which is the authorization for us to have the Notice published in the designated county newspaper, at your expense. This is to be returned with Forms 10.

At the time we send the notice to the newspaper will will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set and at the place named, before the Notary Public, as advertised in the publication notice.
