NOTICE FOR PUBLICATION

Notice of Proof Application of Water to Beneficial Use.

Notice is hereby given that at 10:00 a. m. on the 15th day of December, 1940, at Salmon, County of Lemhi, State of Idaho, before Enoch Whitcomb, notary public, proof will be submitted of the application to beneficial use of One cubic foot per second of the waters of Cottonwood Spring in accordance with the terms and conditions of Permit No. 18998 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are General Electric Miller Mine, Patterson, Idaho.

The use to which said water has been applied is domestic supply.

The amount applied to beneficial use is One cubic foot per second.

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated) is camp located in SE¼ of Section 22,

T. 14 N., Range 23 E. B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is Cottonwood Pipe Line.

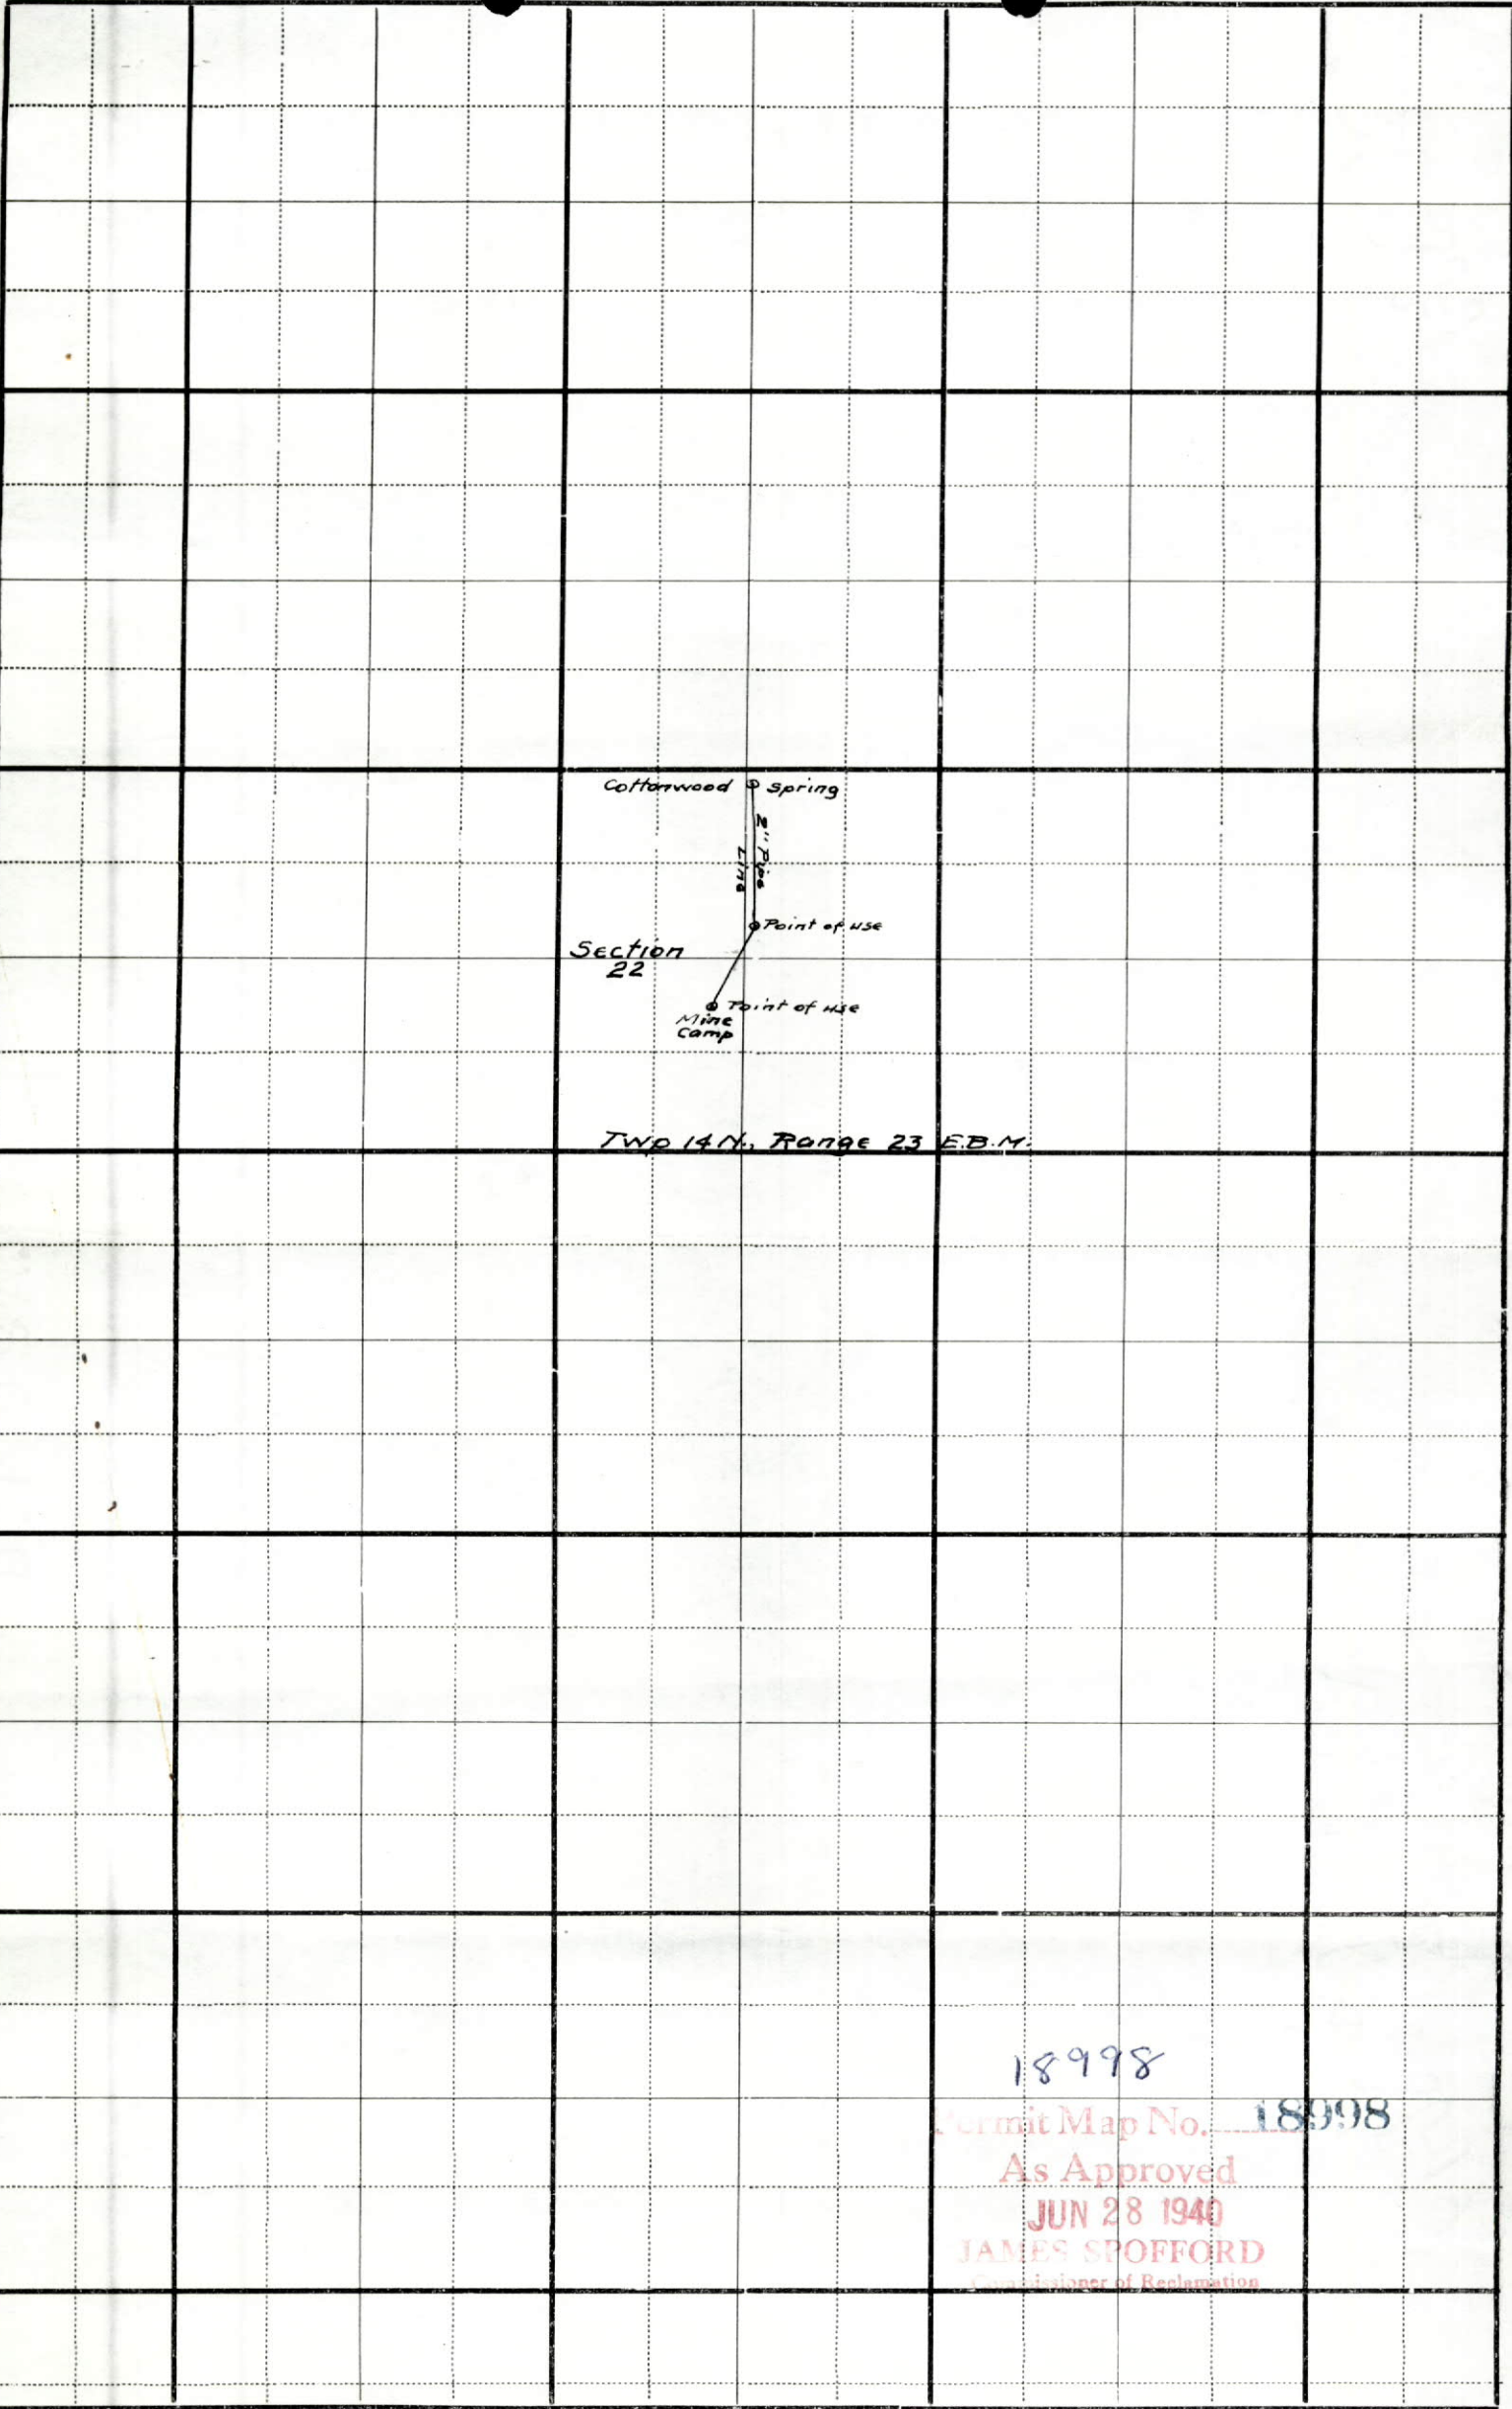

The right to take water from such works is based upon Permit No. 18998.

The source of supply from which such water is diverted is Cottonwood Spring.

The date of priority which said user is prepared to establish is June 22, 1940.

JAMES SPOFFORD,
Commissioner of
Reclamation.

Nov. 13 to Dec. 4-4t.

APPLICATION FOR PERMIT
TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF IDAHO

Application No. 26414
Permit No. 18998
District No.

1. Name of Applicant: GENERAL ELECTRIC COMPANY MILLER MINE
Postoffice address: Patterson County: Lemhi State: Idaho
- I. If applicant is a corporation, give:
(a) Date and place of incorporation:
(b) Amount of capital stock:
(c) Amount paid in:
(d) Names and addresses of directors:
- II. The financial resources of the applicant are:
(a) Cash on hand:
(b) Treasury stock:
(c) Bonds to be issued:
(d) Other resources:
2. Quantity of water claimed: One cubic feet per second.
3. Source of water supply: Cottonwood Spring which is a tributary of
4. Location of point of diversion: S. 80° 30' W. 2600 feet distant from the N E corner of Section 22, T. 14 N., R. 23 E., B. M., and is the in the NW $\frac{1}{4}$ of NE $\frac{1}{4}$ of Section 22, T. 14 N., R. 23 E., B. M., County of Lemhi
5. Water is to be used for: Domestic purposes
6. If for mining, milling, power or manufacturing purposes, give:
(a) Point of use of water: feet distant from corner of Section T. , R. , B. M., in the of Section , T. , R. , B. M.
(b) Amount of power generated: H. P., under feet head.
(c) Water is to be returned to at a point feet distant from the corner of Section , T. , R. , B. M., in the of Section , T. , R. , B. M.
7. Estimated cost of works: \$1,000.00
8. Kind of works: Buried pipe lines
9. Height of dam 2 feet; length of dam at top 8 feet; length of dam at bottom 8 feet; material used in dam: Concrete
10. Size of headgate: Width None feet; height feet.
11. Ditch: Width at bottom feet; width at water line feet; depth of water feet; dimensions of flume:
Diameter of pipe 2 inches; length of conduit 3,000 ft. miles.
Average grade per mile 600 feet.
12. The time required for the completion of such work is six months years.
13. The time required for the complete application of the water to the proposed use is No additional years.
14. The land to be irrigated is described in the following tabulation: See remarks.

15. (a) Is reservoir to be used? No If so, fill in (b) and (c) below.
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

General Electric Miller Mine

REPORT OF ENGINEER

Permit No. 18998

This proof is for Beneficial use In Water District No.

1. Name of applicant General Electric Miller Mine, Patterson, Idaho
2. Source of water supply: Cottonwood Spring
3. Location of point of diversion: Is in the SW $\frac{1}{4}$ of Section 22
T. 14 N. R. 23 E. County of Lemhi
4. Describe works as they exist, giving dimensions and capacities of same: Spring is enclosed by concrete walls 10' X 6' X 3' max. depth. 1200 Ft. of 2" pipe leads to a 600 gallon tank, and thence by a 600 foot line of 2 inch pipe to the place of use, (sixteen hydrant outlets)
5. Water is used for: Domestic purposes
6. State whether or not water has been turned into works of diversion: Yes
7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if for other than irrigation): domestic: diversion, NW $\frac{1}{4}$ NE $\frac{1}{4}$, 22, 14 N, 23 E.

(Submit map on attached plat, showing location and details of above description.

8. What large stream would the water here appropriated finally reach? None

Remarks Estimated static head of 400 feet.

This examination was made on the 11th. day of July, 1941

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
 2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
 3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
 4. If any unusual conditions are discovered, make a plain statement of them under remarks.
 5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.

Re: Permits Nos. 18998 and 18999

Mr. Floyd H. Elliott,
C/o General Electric Miller Mine,
Patterson, Idaho.

Dear Mr. Elliott:

We acknowledge receipt of the depositions of yourself and two witnesses, and also affidavits of publication from the Recorder-Herald, of Salmon, Idaho, all in connection with beneficial use proof under the above numbered permits.

Before final action can be taken the law requires that a field examination be made by an engineer from this Department. We cannot say just when this examination will be made, since this Department has but one Field Engineer, who makes examinations all over the state.

However, Mr. Tolman, Field Engineer for this Department, will try and contact you at the time set for examination, so that you may arrange to show him over the grounds; and when his report is on file in this department licenses will be issued in accordance therewith.

Meanwhile, you may send us at your convenience the statutory fees in connection with these proofs, which amount to \$5.00 for each permit, or a total of \$10.00.

Very truly yours,

JAMES SPURFORD
Commissioner of Reclamation

Permit No. 18998 and 18999

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Floyd H. Elliot, Patterson, Idaho, Mine Superintendent, at Patterson, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. General Electric Company, Schnectady, New York, doing business at Patterson, Idaho. I am its agent duly authorized to make and fill out this
Ques. 3. State number and date of permit, and date of priority you propose to establish under paper. the permit.

Ans. Nos. 18998 and 18999 dated . Priority date--16/22/40

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Cotton Wood Springs and unnamed springs. Diversion---1- At springs, Cotton Wood in Section 22 and unnamed springs in Sec. 15, Twp. 14, Range 23 E. B. M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. From Cotton Wood Springs--3900 ft. of 2 inch iron pipe and a receiving tank with a concrete dam at spring. From unnamed springs--2200 ft. of 2 inch pipe and 3,000 gallon storage tank.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Use Cotton Wood Spring for domestic use at Patterson in Sec. 22, Twp. 14, Range 23 E.B.M. Use the unnamed spring for mining and other uses at Patterson in Sec. 15, Twp. 14, Range 23 E. B. M. It is not cultivated or meadow land,

Ques. 7. If for other than for irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. It is not used for irrigation purposes.

18998

OR
HD
Fec AS

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 1 cu. ft. for Cotton Wood Spring and $\frac{1}{2}$ cu. ft. for unnamed spring.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. _____

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Since July 1, 1940, for domestic and mining purposes through the improvements noted.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. _____

(Sign) *Flloyd H. Whitsett*

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Salmon, County of Lemhi, State of Idaho, on this 21st day of December, A. D. 1940.

PERMIT NO. 18998 and 18999

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. John W. Kauffman, age 40 years, Patterson, Idaho, miner, at
Patterson, Idaho

Ques. 2. Are you acquainted with F. H. Elliott, the
holder of Permit No. 18998 ²⁻¹⁸⁹⁹⁹ How long have you known him and where does he reside?

Ans. Yes. Have known Mr. Elliott about one year, Patterson, Idaho.

Ques. 3. Have you read or heard read said Permit No. 18998, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Cotton Wood Springs and an unnamed springs. Diversion--At
springs, first, in Sec. 22, and second, in Sec. 15. First--3900 ft. of
2 inch iron pipe from Cotton Wood Springs and a receiving and storage tank
with a concrete dam at spring. Second--A timber dam at spring, 2200 ft. of
iron pipe and 3,000 gallon storage tank,

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 1- 2 second ft. 2- Not over 1 cu. ft.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each sub-division in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvement which have been made as a direct result of said use.

Ans. Use Cotton Wood Spring for domestic uses at Patterson in Sec. 22,
Twp. 14, Range 23 E.B.M. Use the unnamed spring for mining and other uses
at Patterson in Sec. 15, Twp. 14, Range 23 E.B.M.

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent

Ans. Answered above.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. It is not used for irrigation.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Ever since the installation of the work on or about the middle of October, 1940, by visual observation when the water is being used.

(Signed)

John W. Kaufman

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Salmon, County of Lemhi, State of Idaho, on this day of December 21, A. D. 1940.

water from point of diversion to place of use.

Ans. Cotton Wood Springs and an unnamed springs. Diversion--At
springs, first, in Sec. 22, and second, in Sec. 15. First--3900 ft. of
2 inch iron pipe from Cotton Wood Springs and a receiving and storage tank
with a concrete dam at spring. Second--A timber dam at spring, 2200 ft. of
iron pipe and 3,000 gallon storage tank.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to
place of use, and how much water have you seen being so conveyed?

Ans. 1-2 second ft. 2-Not over 1 cu. ft.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each
sub-division in which water has been used and number of acres irrigated in each subdivision.)
State whether cultivated or natural meadow land and the nature of all improvement which have
been made as a direct result of said use.

Ans. Use Cotton Wood Spring for domestic Uses at Patterson in Sec. 22,
Twp. 14, Range 23 E.B.M. Use the unnamed spring for mining and other uses
at Patterson in Sec. 15, Twp. 14, Range 23 E.B.M.

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent

Ans. Answered above.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. It is not used for irrigation.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Ever since the installation of the work on or about the middle of October, 1940, by visual observation when the water is being used.

(Signed)

William H. Littell

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Salmon, County of Lemhi, State of Idaho, on this day of December 21, A. D. 19 40.

Re: Permits Nos. 18998 and 18999

Mr. F. H. Elliott, Agent,
General Electric Miller Mine,
Patterson, Idaho.

Dear Mr. Elliott:

We are enclosing a copy of a letter we are today writing Mr. Whitcomb, enclosing the forms of depositions, as requested in your letter of December 15th which has just reached us.

We regret very much the oversight in not having sent these deposition forms to Mr. Whitcomb sooner.

You state that the proof of publication was mailed us on December 14th, but all that was sent us by the Recorder-Herald on that date was a tear sheet, showing the notices, but not an affidavit of publication.

For your further information will state that we wrote this newspaper three times before we even received this acknowledgment of the notice, so we could be sure that it was being published.

When you are in Salmon for these proofs, it might be well for you to call at the newspaper office, and obtain the affidavit of publication, which is necessary in connection with these proofs.

Very truly yours,

JAMES SPOFFORD
Commissioner of Reclamation

Re: Permits No.s 18998-18999

Gentlemen:

As per your letter of Nov,7th,I went to the office of Mr. Whitcomb in Salmon yesterday to submit proof of completion of the above numbered water rights. However,Mr. Whitcomb had not received the forms of deposition,and nothing could be done.

The advertising has been completed,and the proof of publication has been mailed you by the Recorder Herald only yesterday. This may be the reason for the delay. At any rate,could the necessary forms be mailed Mr. Whitcomb so that this matter can be completed the coming Saturday, Dec,21st?

Yours very truly,

GENERAL ELECTRIC MILLER MINE

Re: Permits Nos. 18998 and 18999

Mr. Enoch Whitcomb,
Salmon, Idaho.

Dear Mr. Whitcomb:

We are enclosing herewith the following forms to be used in connection with proof of beneficial use of water under Permits Nos. 18998 and 18999, in the name of the General Electric Miller Mine, including a form of deposition for the holder and each of two witnesses, for each proof.

When the depositions have been taken they should be mailed to this office, together with the affidavit of publication of notice.

We are sorry that we overlooked sending you these forms sooner, as they should have been sent you prior to December 15th. But we understand from Mr. Elliott that the matter has been continued until December 21st, and these should reach you prior to that date.

Very truly yours,

JAMES SPOFFORD

The Recorder-Herald,
Salmon, Idaho

Gentlemen:

We have received no acknowledgment of the notices which we sent you under date of November 7th, in connection with beneficial use proofs under the above numbered permits in the name of the General Electric Miller Mine; nor have we received a reply to the letter which we wrote you on November 23rd, asking whether or not you had received these notices, and whether they were being published.

Since the legality of these proofs depends upon their having been published, as instructed, once a week for four weeks prior to December 15, 1940, the date set for proof, we again ask that you kindly advise us, by return mail, in regard to this; and also send us a copy of your paper containing the notices.

The Recorder-Herald,
Salmon, Idaho.

Gentlemen:

Under date of November 7th we sent you two notices for publication in connection with beneficial use proof to be made on December 15th, by the General Electric Miller Mine, under the above numbered permits.

These notices were to be published once a week for four consecutive weeks, prior to December 15th, and we asked that you kindly acknowledge receipt of the notices, and also send us a copy of the first publication.

As we have received no acknowledgment of the notice, we will ask that you kindly advise us, by return mail, if you received same, and if the notices are being published please send us a copy of your paper containing same.

Re: Permits Nos. 18998-18999

Mr. Floyd H. Elliott, Agent,
General Electric Miller Mine,
Patterson, Idaho.

Dear Mr. Elliott:

We acknowledge receipt of your letter of November 4th, and in accordance therewith have filled in the notice of beneficial use proof under the above numbered permits, showing that these proofs will be submitted at 10:00 A.M. December 15th, before Knoch Whitcomb, Notary Public.

A copy of these notices has been sent to the Recorder-Herald, at Salmon, Idaho, with instructions to publish them once a week for four consecutive weeks, prior to December 15th and to send us a copy of the first issue containing the notice.

About ten days prior to the date set for proof the necessary forms of deposition, consisting of one for the holder and one for each of two witnesses, for each proof, will be sent to Mr. Whitcomb, so that he may have them in ample time for the proof.

On that date you should appear at Mr. Whitcomb's office, in Salmon, Idaho, together with two disinterested witnesses, who are familiar with the terms of the permits and the works constructed thereunder, for the purpose of executing the depositions.

Very truly yours,

JAMES SPOFFORD
Commissioner of Reclamation

Re: Permits Nos. 18998-18999

November 1, 1940

Mr. Floyd H. Elliott, Agent,
General Electric Miller Mine,
Patterson, Idaho.

Dear Sir:

We acknowledge receipt of affidavits for Completion of Works under the above numbered permits, and also your check for \$10.00 to pay the fees in connection therewith, Receipts Nos. 17620 and 17621 for which are enclosed.

Certificates of Completion of Works will be issued and sent you within a few days.

We have also received the Notices in connection with beneficial use proof on these permits, and your authorization to have them published in the Recorder-Herald, of Salmon, Idaho.

However, these notices are incomplete, in that they do not set the time for proof, nor do they name a Notary Public before whom the depositions will be taken. Please let us have this information, so that we may complete the notices and get them to the newspaper for publication, and inasmuch as this proof must be made not later than December 28th, and there must be four weeks publication prior thereto, it is important that we have your early reply.

Very truly yours,

JAMES SPONFORD

Commissioner of Reclamation

NOTICE TO ACCOMPANY THIS LETTER MUST BE MADE IN DUPLICATE

(Date) October 22, 1940

(P. O.) Patterson, Idaho.

TO THE COMMISSIONER OF RECLAMATION:

Boise, Idaho.

Dear Sir:

You are hereby authorized to have the attached notice published at my expense in the
Recorder Herald of Salmon, Idaho., published in
the county in which the works are situated.

General Electric Miller Mine
By Floyd H. Elliott

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water
per second, the following certificate must be signed by a well-known and competent engineer)

I hereby certify that the facts set forth in the attached notice are true.

Engineer.

18998

NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 10:00 A. M. on the 15th day of December, 19 40,
 at Salmon, County of Lemhi, State of Idaho, before
Enoch Whitcomb, Notary Public, proof will be submitted of the
 application to beneficial use of One cubic feet per second of the waters of Cottonwood Spring
Cottonwood Spring in accordance with the terms and conditions of Permit No. 18998
 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are.....
General Electric Miller Mine, Patterson, Idaho

The use to which said water has been applied is Domestic Supply

The amount applied to beneficial use is One cubic foot per second

The place where said water is used (if for irrigation, give full and accurate description of the
 lands irrigated) is camp located in S.E. 1/4 of Section 22, T 14 N, Range 23 E.B.M.

The name of the canal or ditch or other works by which said water is conducted to such place
 of use is Cottonwood Pipe Line

The right to take water from such works is based upon Permit No. 18998

The source of supply from which such water is diverted is Cottonwood Spring

The date of priority which said user is prepared to establish is June 22, 1940

Re: Permit No. **18998**

October 7, 1940

**General Electric Co. Miller Mine
Patterson, Idaho**

Dear Sir:-

Under the terms of your permits No. **18998** you are required to complete your diversion works and make proof of beneficial use on or before **December 28, 1940**.

I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

I also enclose blank notice for proof of application of water to beneficial use under this permit, which should be filled out and returned to this office at least forty (40) days before the date upon which you wish to make proof. The proof must be submitted before a Notary Public or other officer authorized by law to administer oaths. The date for proof as set out in your permit, is **December 28, 1940**, and if proof is submitted subsequent to said date, your priority will be brought down a length of time equal to the time elapsing between the date proof should have been made and the date proof is actually made.

Yours truly
