Dear Mr. Skinner:

This letter is to inform you that the ISDA is currently working with PRA Feedlot owned by Preston Allen and Sons partnership on a nutrient management plan to be finished by January 1, 2005. This facility was inspected for waste containment and approved feedlot status on June 2, 2003. I found that their waste containment facilities and records were in compliance with ISDA regulations at the time of the inspection. Additionally, PRA Feedlot has submitted a NPDES permit application as required by the Environmental Protection Agency. If you have any questions please call me at (208) 732-5906 or (208) 731-0564.

Sincerely,

John Klimes
