Gentlemen:

Enclosed you will find a legal notice which we wish to have for two consecutive weekly issues of your newspaper. We have publication dates allowing ample time for you to submit us a galley view before publication.

After sending us a galley proof, proceed with the publication. We have inserted assuming the notice is correct. If we have a change, we will notify you before the first publication date. If you notice on the proposed dates, please contact us immediately.

An affidavit of publication must be submitted to the Department of Water Administration, 240 South Holmes, Idaho Falls, Idaho, 83401 on or before September 18, 1972. In order to receive payment, the following certification must appear on the bill:

"I hereby certify that the foregoing account is just and correct, that the amount claimed is legally due, after allowing all just credits, and that no part of the same has been paid."

(signature of claimant)

Very truly yours,

Norman C. Young
District Engineer

Dear Mr. Baker,

A representative of this Department has made an examination of the works covered by your Permit No. 24-7008, and has found the following:

Amount of water that can be recognized as beneficially used under
Idaho law: .01 cfs Source: an unnamed spring

The maximum quantity diverted shall not exceed 1.45 acre feet per year.

Point(s) of diversion: SW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 1, Twp. 5S, Rge. 45E, B.M.

Beneficial use: Domestic use for 1 unit and stockwater use within the SE $\frac{1}{4}$ SW $\frac{1}{4}$,
Sec. 1, Twp. 5S, Rge. 45E.

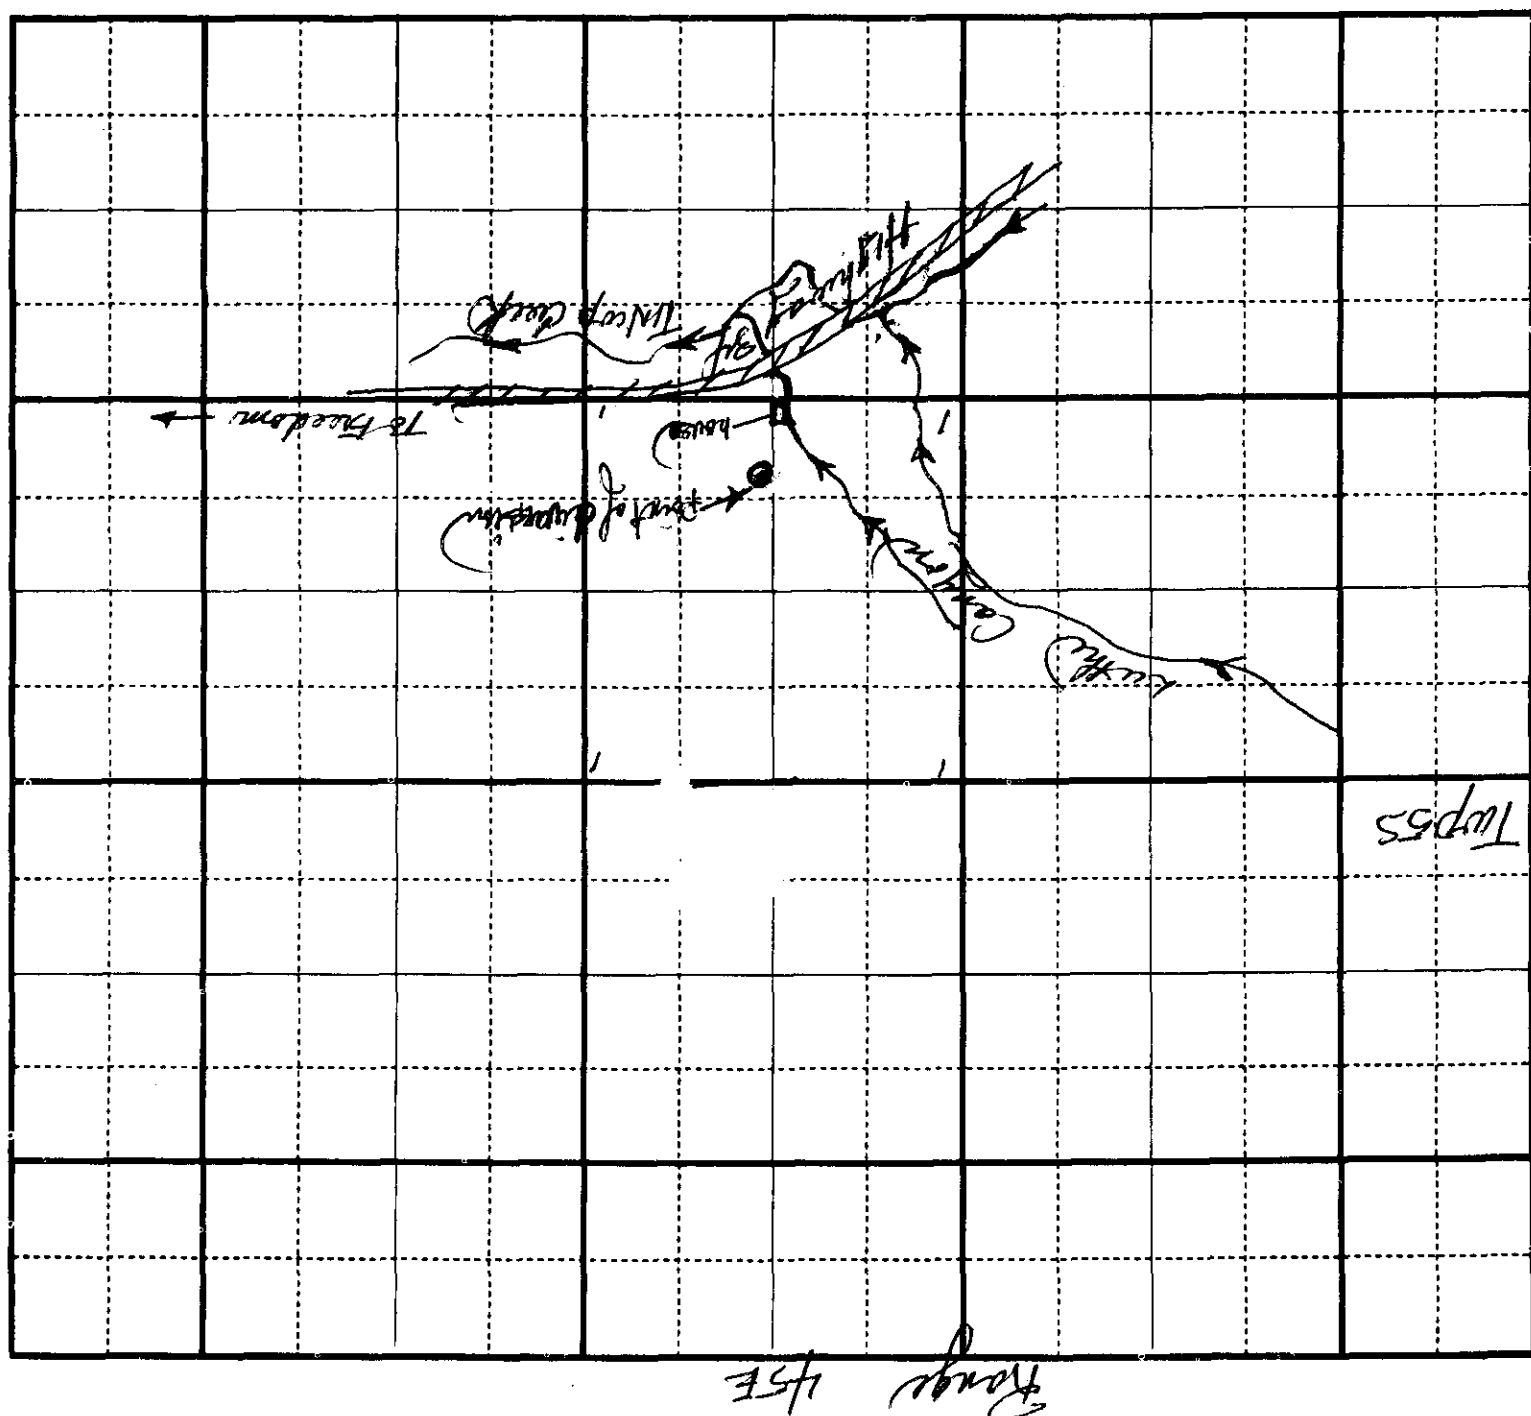

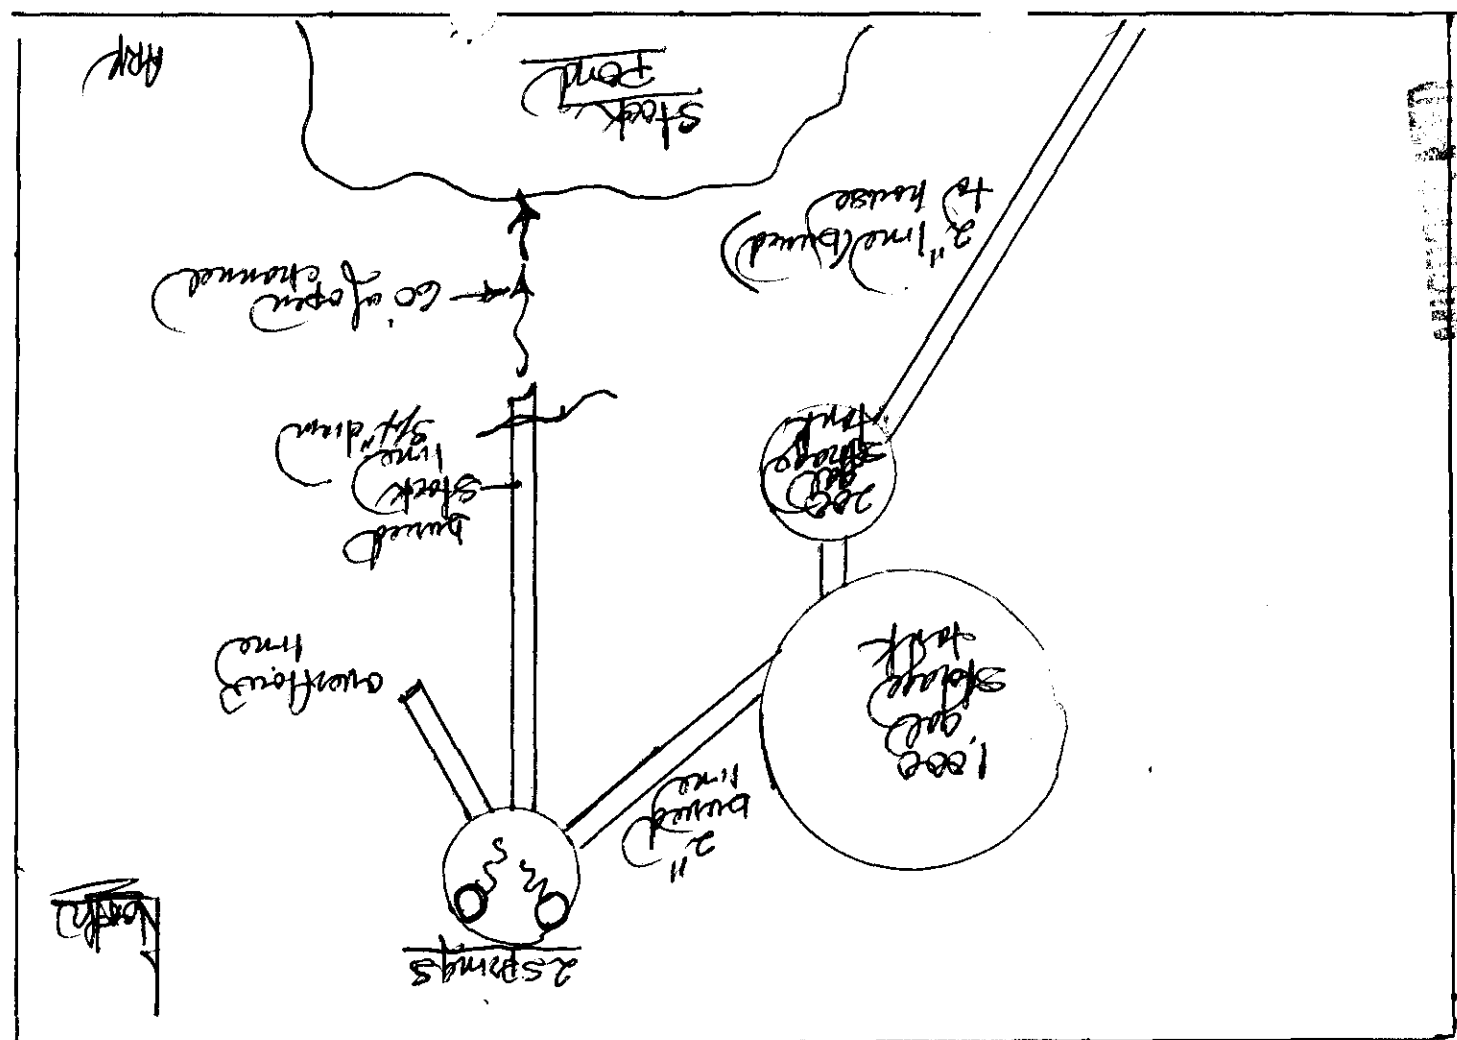

Priority date established: August 17, 1972

Conditions (if any):

If you do not concur with these findings please contact us within 10 days, otherwise
water license will be issued as set forth above.

Sincerely,

JIM JOHNSON

Dear Ms. Baker:

We acknowledge receipt of the affidavit submitted as proof of beneficial use for the above referenced permit.

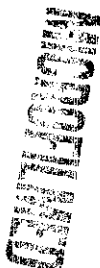

Before a license can be issued, a field examination must be made by a representative of this Department. We cannot tell during which part of the irrigation season this examination will be made, but our examiner will try to contact you at the time he makes the exam so that you may show him the system.

If you have any questions regarding the field examination, please contact our Regional Office in Idaho Falls.

Dear Mr. Baker:

One of the conditions of approval of your water Permit No. 24-7008 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before September 1, 1977. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Gentlemen:

Enclosed you will find a legal notice which we wish to have for two consecutive weekly issues of your newspaper. We have provided publication dates allowing ample time for you to submit us a galley proof view before publication.

After sending us a galley proof, proceed with the publication. We have inserted assuming the notice is correct. If we have any change, we will notify you before the first publication date. If you notice on the proposed dates, please contact us immediately.

An affidavit of publication must be submitted to the Department of Water Administration. In order to receive payment, the following certification must appear on the bill:

"I hereby certify that the foregoing account is just and correct, that the amount claimed is legally due, after allowing all just credits, and that no part of the same has been paid."

Dear Mr. Baker:

The application for permit that you submitted for Mariam Baker has been forwarded to this office for processing. We find that there are several items that must be clarified and the necessary fee supplied before processing can begin. We are, therefore, returning the application to you:

1. It is indicated that there are two points of diversion in the SW $\frac{1}{4}$ SE $\frac{1}{4}$ of Sec. 1, Twp. 5S, Rge. 45E, B.M., but the plat of Item 11 shows only one point of diversion.
2. In Item 4 the quantity of water requested for domestic use could be increased to .06 c.f.s., and the quantity requested for irrigation could be increased to .10 c.f.s. if you so desire, and still stay within our state guidelines. The normal irrigation season requested for that area is April 15 to October 15. Also in Item 4 it is indicated that .0001 will be supplied for wildlife watering with priority after the stock water. This distinction could not be made by this department. All of the uses listed on this permit will share the same priority date. If the priority date for wildlife watering is to be different, a separate application should be made either before or after this application, or an agreement should be drawn up between Mariam M. Baker and the Forest Service to allow the wildlife watering usage. In any case, the wildlife usage should be shown in Item 4 with a quantity and period of use, and the place of this use should be indicated in Item 8a-1.
3. Additional details on the description of the diverting works and distribution system would be appreciated.
4. Your cover letter indicates that the Forest Service will require an

23 7008

Mr. Baker

approved permit from this department before they will allow access to the spring. We ordinarily require a copy of the approved Special Use Permit from the Forest Service allowing access to their land before we will approve a permit. Please supply us with a copy of an agreement from the Forest Service indicating that access will be allowed to the spring if an approved permit is obtained from this department. We should then be able to issue the permit.

5. The filing fee for an application for permit requesting up to 0.2 c.f.s. is \$10. See the enclosed fee schedule for greater amounts.

Please return the corrected application with the necessary fee to this office and we will be happy to begin processing it.

Very truly yours,

Attn: Mr. Bobby D. Fleenor

Dear Bob:

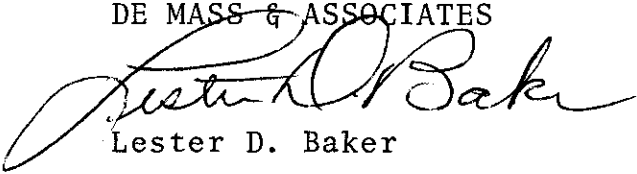

The Forest Service has told Mariam Baker that they can not begin construction or go on the Forest Service property at all until they have an approved application form from your department.

Is there some way that you can provide Mariam with a letter stating that this application is now filed with you, or provide some other means that will satisfy the Forest Service so they can begin development of this spring immediately

Any help you can provide in this matter will be greatly appreciated.
